

### J. A. Wood Dies In California at 77

J. A. Wood, 77, father of Mrs. L. L. Wimberly, of Roseburg, died suddenly this morning at his home in Orange, Calif. He was well known here, having made his home in Kedenhower for two years, before returning to his former home in California in 1923, where he had since resided. He was born August 26, 1863, at Kingston, Ontario, Canada, and was married in October, 1889, in Spokane, Wash., to Mary E. Lewis. They celebrated their fifty-first wedding anniversary last month. During the greater part of his life, Mr. Wood engaged in farming and since 1922 had operated an orange ranch in southern California. He had been in excellent health until a year ago, when he suffered a paralytic stroke. Besides his widow and one daughter, he is survived by a brother, George, of Orange, Calif., and three sisters, Mrs. Estella Garrett, Mrs. Nina Broad and Mrs. Augusta Horning, all of Kingston, Canada.

Mr. and Mrs. Wimberly left this morning for Orange, where funeral services will be held Tuesday afternoon. Mr. Wimberly plans to return here immediately after the funeral but Mrs. Wimberly will remain at Orange for a short time.

### Unlicensed Driver Fined, Jailed As Collision Sequel

A state policeman last yesterday to investigate an automobile accident on the Umpqua park road placed drivers of both vehicles under arrest on charges of operating automobiles without drivers' licenses. Sergeant Paul Morgan of the state police reported today.

Asa Jones, who has appeared previously in justice court on charges of assault and battery and non-support, according to Judge F. W. Marsters, and who was one of the two drivers arrested, pleaded guilty to the charge of having an operator's license, and was fined \$25 and sentenced to 30 days in jail.

"More drivers are going to cool their heels in jail if they are brought in here without operator's licenses," Judge Marsters declared in regard to the jail sentence imposed on Jones.

The car driven by Jones was in a collision with a machine operated by Emil A. Case, resulting in severe injuries to Mrs. Case, who was taken to Mercy hospital for treatment. Case also was charged with operating a vehicle without a driver's license, but because of the injuries to his wife was not taken into custody but was ordered to appear in court at a later date.

### Four Nazi Ships Fail In Dash From Mexico

(Continued from page 1)

heard unconfirmed reports last night that the 2297-ton German freighter Helgoland, which slipped out of Barranquilla, Colombia, Oct. 28, had been sunk by a British warship in the Caribbean.

Other German ships have dared the British blockade from Mexican ports.

The Columbus, 22,581 tons, left Vera Cruz last December but was overtaken by a British destroyer, fier crew scuttled her 400 miles off the United States Atlantic coast and a U. S. cruiser rescued the crew of 578 men.

The German cargo ship Weser, which left Manzanillo, on the Pacific coast, was captured late in September by a Canadian merchant cruiser.

The fate of the German freighter Havelland, which left Manzanillo June 27, still is in doubt.

### Nazi Blast at London With Fleet of Bombers

(Continued from page 1)

navy air arm, also raided airdromes in Norway and northern France last night with "substantial results," the air ministry news service said.

The ministry said "it is now evident that last night's attack on Hamburg was a very satisfactory operation. The principal targets of the city were hit, and all our aircraft returned safely."

Midlands Also Strafed.

While London echoed with the roar of bombs and the staccato bark of anti-aircraft guns, the red glow of fires in ruined Coventry guided other Nazi bombers to new attacks on England's industrial midlands.

A communique, however, said "little damage and few casualties have been reported" from bombed midlands communities and indicated there was no repetition of Thursday night's terrific, concentrated assault which left parts of Coventry a rubble heap with more than 1,800 dead and injured.

It was claimed a toll of 19 German planes in yesterday's fighting over England, or a total of 70 for the week, compared with five British planes reported lost.

### Recess Over Week-End Taken by Circuit Court

Circuit court was recessed late Friday afternoon until 9 a. m. Monday. The case of the state of Oregon against Freeman L. Humphreys, in which the defendant is accused of burning a logging truck for the purpose of collecting insurance, was left unfinished and will be resumed when court reconvenes Monday.

### Bad Check Charge Faced By North Douglas Man

Wm. Henry Callahan, 52, variously employed in the northern part of Douglas county for the past few months, was taken into custody by state police Friday evening on a charge of issuing bad checks. He was alleged to have cashed several worthless checks at Drain. Sergeant Paul Morgan of the state police reported.

### Axis Powers Accused of Activity in United States

(Continued from page 1)

to dismiss employees because of an understanding that national labor board policy forbade such dismissals.

"I don't know whether that's right," he said, "but we are going to have a showdown."

U. S. 'REDS' SEVER LINK WITH ALL FOREIGN GROUPS  
NEW YORK, Nov. 16.—(AP)—Meeting in special convention, 200 national delegates to the communist party today unanimously adopted a resolution to "cancel and dissolve organization affiliation to the communist international."

Adoption of the resolution was upon recommendation of their national committee, reported to them in an address by Earl Browder, national secretary of the party.

In addition to the communist international, the resolution also named "all other bodies of any kind outside the boundaries of the United States . . ."

The resolution said this was done "for the specific purpose of removing the communist party from the terms of the so-called Voorhis act, which has been enacted by congress and goes into effect in January, 1941, and which would otherwise tend to destroy the position of the communist party as legal and open political party of the American working class."

### I Saw

(Continued from page 1)

flying drive wheels would register a speed of 40 miles on the speedometer, while the car itself would merely be proceeding at a crawl.

Then, we ran out of gas. We had left camp with eight gallons in the tank. We had fifteen miles we hoped to go. Believe it or not, we used up that eight gallons of gas in less than eight miles of bucking that snow.

"I'll spare you the misery of reading of all our mishaps, our occasional good fortune but continuous labor during the rest of that work-packed day. Suffice it to say that we liked and got more gas—couldn't start the car—got started—got stuck time and again—got out and pushed time and again—got eventually after seven hours of incessant fortune and misfortune, completed the circle of the lake back to the guard station.

"Tom and I went so far as to stay up, warmed by a wonderful fire, as late as nine o'clock that night, listening to the radio; but Verne turned in at eight-thirty. He wouldn't say whether it was because he was tired, or whether he didn't like Jack Benny, whose program was due at that time!"

The Stephens Auto company team last night broke three league records. Beatty set a new high individual score with his game of 234. A new team game score was established at 1901 and scores for the three games set a new league series record of 2822.

### Vultee Factory Strike Draws Federal Arbiters

(Continued from page 1)

ports that a decision on the summons might be expected shortly.

MIDLAND STEEL STRIKE TEMPORARILY SETTLED  
MIDLAND, Pa., Nov. 16.—(AP)—Crescent Steel company mills here again rolled out armament steel for the United States and British governments today after employees voted by a slim margin to end a week-long strike that had production at a standstill.

The local steel workers organizing committee union announced last night that approximately 4,200 strikers voted 52 per cent in favor of resuming work pending conferences with the company on several grievances, including a demand for a wage increase of 12 1/2 cents an hour in one department.

Workers were called back to their jobs today but John Thornton, vice-president of the local, said "we'll pull them out like a house on fire if the negotiations break down."

A company spokesman had said Crescible would be "glad" to negotiate with the men but insisted that they first return to work "in accordance with the provision of our contract with the SWOC that grievances be settled without resort to work stoppage."

### Parolee Jailed Here On Morals Accusation

Nick DePinto, 41, reported by Sheriff Percy Webb to be on parole from the Oregon State penitentiary, was held in custody in the county jail here today in lieu of \$2,500 bail following his arrest late yesterday on a charge of contributing to the delinquency of a minor.
