Every state, county and city official or board that handles public money should publish at regular intervals an accounting of it, showing where and how each dollar is spent.

THE solons run true to form, they will enact 1800 of the latter, or an average of about 42 per state. It would seem a good moment to call for a moratorium on most of these.

Editorials on News (Continued from page 1.)

ment power development, gain one seat each. One seat each has been lost by Arkansas, Illinois, Indiana, Iowa, Kansas, Nebraska, Ohio, Oklahoma and Pennsylvania.

THE slowing down of U. S. population growth, with the stabilization point reached probably by around 1980 (the statisticians tell us) won't apply to the far west.

STRANGE and rather jarring note in the news: Forty to 50 people are killed in a railroad accident in Spain. The accident is believed to have been due to failure of a common, ordinary switch.

UNFORTUNATELY, traffic fatalities in America continue to keep pace with war casualties. For that, we can't blame governments. The blame rests squarely upon US as individuals.

If each of us would drive as carefully as he should ALL THE TIME, with due regard for the rights of others, America's scandalous total of traffic deaths would shrink almost to the vanishing point.

OUT OUR WAY

Britain Counts On Free French Help To Defeat Italy

By DeWITT MACKENZIE (By the Associated Press) The major offensive which the British indicate they are inaugurating against Mussolini with the idea of knocking him out of the war is likely to see sensational developments in several directions. For one thing there is a growing possibility that the strong French military forces in northern Africa may defy their Vichy government and throw their lot in with the British, once the campaign is in full swing. As a matter of fact, from the wishful thinking being done in London, it may be that the British are embarking on a bet that they may be able to win their former colonial allies over.

Dr. Edwards Talks On Draft Methods

Dr. Charles A. Edwards, a member of the Douglas County Selective Service board, was a speaker last night at the regular meeting of the Roseburg Lions club, explaining the method of conscription and other facts pertaining to the military draft. Phil Hart, general chairman for the New Year's eve dance to be sponsored by the club for the benefit of the fund used to buy glasses for children in needy families, reported good progress on the arrangements for the event and announced additional committee appointments. C. M. McBerrett and J. J. Fox were introduced as new members of the club. Robert McKeen was a guest at the meeting. The club will hold ladies' night Dec. 18, and are inviting the Lady Lions to enjoy the dinner meeting and program.

4th Congressman For Oregon Seen

WASHINGTON, Dec. 5.—(AP)—Oregon's two representatives now in Washington, Homer D. Angell, (Portland republican) and Walter M. Pierce, (La Grande democrat), expressed the view the state's legislature probably would redistrict the state at its next session to provide for the fourth representative it sets because of increased population. Pierce said he believed the legislature might carve a fourth district out of the first and third districts, making the fourth a Columbia river district. Each of these districts, he said, had large population while his district, the second, had less than one fourth of the state's population. But, he added, "the legislature will arrange the districts to suit itself."

Jap Activities In Alaska Area Cited

SEATTLE, Dec. 5.—(AP) A United States court commission hearing had testimony in its records today about more asserted Japanese activities in Alaska waters. William Hickey, secretary of the Alaska Fishermen's Union, CEO of Alaska, testified yesterday of his belief that some Japanese fishermen know the Alaskan coast "better than the American navy itself." The commission is investigating whether the present 15 per cent duty on imported fish meal should be increased. The witness said that Japanese vessels obtained crabs as well as salmon in Alaska waters and declared that "excessive" canned crab imports injured American producers and brought unemployment to Alaskan fishermen. "As a matter of national de-
