Immigration Restriction

SALT LAKE CITY—Non-resident bees may have to pay for the privilege of tapping Utah's honey ranges.

A bill introduced by Representative Earl L. Albrecht would grant the out-of-state bees 30-day visitors' permits, but they would be subject to a tax if they stayed over.

Albrecht estimated more than 10,000 hives are brought into Utah each summer to sting the state for their honey.

Happy Landing

DELPHI, Ind.—This is a bedtime story about what the Charles Robertsons did when their farm house caught fire.

The couple and their two small children were upstairs in bed at the time.

They tore one of the beds apart, threw the mattress to the ground, and, one by one, jumped out on it, landing unhurt.

The house burned down. Damage was estimated at \$4,500.

Kansas Preferred

SEATTLE—Eugene V. Riley, 28, testified his wife left him and returned to Kansas "because she didn't like the weather here and wanted to be with her mother."

"She preferred the climate of Kansas to that of Puget sound?" asked the judge.

"Yes, sir," replied Riley. He was granted an interlocutory divorce.

Better than a dozen hankies for opening STUFFY NOSTRILS

What's the use of sniffing so many hankies, trying to blow mucus out of stopped-up nostrils? It only piles up the laundry bill. And remember, a lot of violent blowing only makes your nose more sore, red, unsightly, and it very often injures the delicate membranes.

A more economical and gentler way to relieve congestion in your nostrils, due to a cold is to insert a little Mentholatum.

This delightful ointment will soon break up congested mucus, relieve the sneezing, itching, and permit you to breathe normally through the nose. It also relieves sniffing, sneezing, swelling, soreness, and redness.

Mentholatum helps in so many ways that you should always remember this: For Discomforts from Colds—Mentholatum. Link them together in your mind.
