WASHINGTON, Jan. (AP)—The administration's Brit-ish-aid bill was approved by the house foreign affairs committee today after efforts to write in a financial limit had been defeated The committee's action cleared the way for house debate of the measure, probably Monday.

Vote on final approval was taken guickly after the committee defeated a proposal to place a \$2,-000,000,000 limit on transactions under the bill.

When the committee session broke up, Chairman Bloom (D.-N. Y.), announced the bill was reported out for house action with four major amendments adopted vesterday, but he declined to disclose the vote by which the com-mittee gave its approval, saying "you'll have to ask individual members about that." Other sources reported the vote
