HAPPY RELIEF FROM PAINFUL BACKACHE

Many of those gnawing, nagging, painful backache pains along on sides or spine are often caused by tired kidneys—and may be relieved when treated in the right way. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or many passages with smarting and burning sensation shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Laugh Maker

Pictured above is the Mechanical Man, now at Hunt's Indian theater. The mechanical man is a laugh maker, as was evidenced last night, but there is a \$10 prize for the person who can make "it" laugh. Dozens made the attempt last night as the Mechanical Man paraded the theater foyer, but no one was successful.
