PUBLIC INVITED TO LARGE BENEFIT PROGRAM FRIDAY NIGHT, MARCH 28

Rose school P. T. A. members and teachers will sponsor one of the largest benefit affairs of the spring, when they present a program and carnival at the school-house Friday night, March 28th, at 8 o'clock. A small admission charge will be made for the affair and various carnival booths will be maintained following the program. Refreshments will be on sale and a fish pond and Dutch auction will be enjoyed.

Mrs. C. B. Wade is chairman of the general committee and is being assisted by Mrs. R. D. Coen, president of the P. T. A., Mrs. D. W. Helliwell, Miss Dora Broughton and Miss Florence Snedaker. Other committees include: Mrs. J. P. Molschenbacher, Miss Verna Carothers, Mrs. D. Dunham, Mrs. Bond, Mrs. L. M. Lilly, Mrs. C. G. Van Valzah, Miss Arlie Corbett, Mrs. Roy Bruton, Mrs. E. S. McClain, Mrs. H. H. Turner, Mrs. Ira DeBolt Mann, Mrs. D. L. Taylor, Miss Vera Fredrickson and Principal E. S. Hall.

Roy Bellows will present his magic act; vocal selections will be given by Leroy Hilt, and numbers will be presented by the girls' sextet and skits will be given by the teachers of the school. Miss Helen Casey will present the one-act comedy, "Afternoon Tea," and will be assisted in the presentation of the play by Mrs. Harris Ellsworth, Mrs. Edward G. Kohlhaugen and Mrs. Frederick J. Porter.

The evening's entertainment and carnival promises to be one of the most enjoyable events of the spring months and a most cordial invitation has been extended to the public to attend. The proceeds of the affair will go to the hot lunch fund and other projects being sponsored in the Rose school.

D. A. R. HAS FINE PROGRAM AND MEETING AT CHURCHILL HOME

Have you discovered how smoothly you
change speeds with **Finer Flying A?**

Try a tankful today and feel the difference at any speed

Speed up. Slow down. Speed up again. Somewhere around your speedometer dial there's probably a speed where your motor fails to run smoothly with ordinary gasoline. Why? Well, motors are funny that way. One sputters at 10 miles an hour. One fails to catch hold at around 20. Another chatters at 40. No two motors are alike. But now there's an easy way to keep your motor smooth at every speed.

Use 7 gasolines blended into one. Finer Flying A is a scientific blend of seven different gasolines. Polymerized gasoline, Cracked gasoline, Solvent-refined, Reformulated, Straight run, Natural and Alkylated gasolines make up Finer Flying A. Each is a great fuel in its own right. And each performs a special

duty. One fuel reduces knocks at traffic speeds. Another smooths out the hard pull. Another smooths the highway cruising speeds. It takes all seven gasolines to give you smoothness at every speed. So, if you haven't discovered how smooth your motor can be, fill up with Finer Flying A today. Go fast, go slow, go fast again—smooth at every speed.
