

Sactos, Rainiers, Topping League, Face First Clash

(By the Associated Press) Coast league baseball makes its 1941 debut in the Pacific north-west tomorrow with the two top teams clashing in Seattle.

While the pace setting Sacramento Senators and the 1940 championship Seattle Rainiers fight it out, the third-place San Diego Padres will be in a perfect spot to climb past them into the lead at the expense of their hosts, the lowly Portland Beavers.

The top trio came through the week-end in customary style with two victories to a single defeat to widen the gap between them and the five losing clubs.

Bonetti, Los Angeles pitcher, was responsible for Sacramento's sole loss when he singled in the ninth and scored the deciding run on Moore's double to win yesterday's opener 5-4. A walk sandwiched in between a pair of doubles in the fifth gave the Senators the two run margin for a 3-1 decision in the nightcap. The Sacs breezed through the Angels 6-3 Saturday.

Three hits in the tenth, topped by Pinch Hitter Lawrence's triple, won yesterday's nightcap for Seattle over Oakland 3-1. Three double plays by the Seattle infield helped offset the 13 hits Gregory allowed the Oaks in the opener. The Rainiers won 9-4 to regain their winning stride after losing 1-0 Saturday before the three-hit pitching of Salvoso.

Mazzera's three-bagger plus a sacrifice broke a 9-9 tie in the eighth to give San Diego a 10-9 win over the San Francisco Seals. The Seals put three of their hits

together in the third inning of the nightcap to win 1-0 while Marlowe scattered the four Padre hits over the five innings the game lasted. San Diego hammered out 16 safeties to win 10-1 Saturday.

In their greatest splurge of the season the Portland Beavers won two out of three week-end games from Hollywood to double the number of their season's victories. The Beavers won yesterday's opener 7-6 and then returned to form by dropping the nightcap 11-6. Liska held the Stars to four hits Saturday while the Beavers bunched four in the tenth to win 3-0.

The Stars entertain Los Angeles this week while Oakland plays at San Francisco.

R. H. S. Sweeps Tennis Bill With Grants Pass

The Roseburg high school tennis team made a clean sweep of matches with Grants Pass netmen in the tournament played on the local courts Saturday. Roseburg won five singles and two doubles matches for a score of 7 to 0 and only one match went to three sets, although the first set in the final doubles match went to 10-8 before being won by the Roseburg players.

In singles, Carstens (R) defeated Havard (GP) 6-1, 6-0; Cacy (R) won from Wright (GP) 2-6, 8-6, 6-3; Cummings (R) defeated Strowbridge (GP) 6-3, 7-5; Ness (R) beat Coutant (GP) 6-0, 6-0; Campbell (R) defeated Furchner (GP) 6-0, 6-3.

In doubles, Carstens and Cacy beat Wright and Havard, 6-2, 6-0, and Campbell and Ness won from Strowbridge and Coutant, 10-8, 6-0.

Two big defense labor problems which beset official Washington today.

Governor Van Wagener of Michigan arranged to talk over the General Motors situation with President Roosevelt during the day. The CIO United Automobile Workers served a five-day strike notice last week against the giant corporation which has millions of dollars of defense contracts. The union wants a union shop and higher wages.

Union leaders have announced that if a strike is called against General Motors no defense work will be struck.

perkins Plea Futile Steel circles already were beginning to feel the pinch of a coal shortage which resulted when CIO's United Mine Workers of America failed to reach a contract agreement with southern operators. Northern operators agreed to a \$1 a day raise, but the southerners balked at a demand that they also pay \$7 a day, eliminating a 40 cents a day differential in their favor.

An appeal of Secretary Perkins Saturday for resumption of work tomorrow met no favor with any of the interested parties.

The United Mine Workers replied that they were willing to resume negotiations with the southern operators in New York. The southerners insisted that they had definitely withdrawn from the Appalachian wage conference which included northern operators, but reiterated willingness to negotiate separately. They renewed last night an offer to reopen the mines with an 11 per cent wage increase.

Lewis Is Barrier There was speculation that in view of the contretemps Secretary Perkins might certify the dispute to the national defense mediation board. However, UMWA President John L. Lewis already had stated that the union wanted no part of any nego-

tion supervised by the board. This situation raised the hopes of house supporters of a bill by Representative Vinson (D., Ga.) providing for a compulsory "cooling off" period before workers could call strikes in defense industries.

The Germans have taken Karditsa, 40 miles north of Lamia, after passing Trikkala. The Greeks admitted they also had withdrawn as a result of a defeat on the right of their line but said they were holding their new positions and had stemmed the Italian attacks on the north-west.

Meanwhile, Emmanuel Tsouderos was named premier to head the new cabinet announced yesterday, formed as a result of the suicide last Friday of Premier Korizis.

Have you discovered how smoothly you speed up again with Finer Flying A?

SMOOTH AT EVERY SPEED

Try a tankful today and feel the difference at any speed

Slow. Fast. Slow again. That's the way it goes in a day's driving. And at some of these traffic speeds your motor probably fails to run smoothly with ordinary gasoline. Maybe it's in the 25 mile zone. Or perhaps it's at the highway cruising speeds. Or maybe your motor balks only when you step on the gas for quick pick-up. But you don't have to have trouble at any speed. Not any more. We've designed a new gasoline especially to solve that problem.

It's 7 gasolines blended into one. Associated blended seven great fuels for Finer Flying A. Each one does a particular job particularly well. One keeps motors smooth on the hard pull . . . another reduces knocks at traffic speeds . . . another assures smoothness at higher speeds. All are blended to keep your

motor smooth at every speed. Polymerized gasoline is in there. Cracked gasoline is in there. And Alkylated, Solvent-refined, Reformed, Straight-run and Natural gasolines complete the magic seven.

Put in a tankful of Finer Flying A. Discover how you take the changing traffic speeds with a new smoothness. Go fast. Go slow. Go fast again—smooth at every speed.

Just clean isn't enough. In Associated comfort stations, tissue seat covers give you extra sanitary protection. And because we inspect comfort stations every hour, you'll always find cleanliness plus a supply of sanitary seat covers. Look for the green and white sign—Certified Clean Comfort Station—For Baby, Too. It's another Associated service.
