

Roosevelt Leads Off in Defense Bonds Purchasing

WASHINGTON, May 1.—(AP)—Urged by President Roosevelt to participate in the nation's "all-out effort to perpetuate democracy," Americans young and old stepped up to post office and bank windows today to begin investing in defense savings bonds and stamps.

The president led the way last night, launching the bond sale program in a nationally broadcast address. He announced he was buying a bond (of \$500 denomination, the white house said later) for Mrs. Roosevelt, and 10 defense savings stamps (25-cent denomination) for each of his grandchildren.

In "a frank and clear appeal for financial support to pay for our arming, and to pay for the American existence of later generations," the president expressed hope that the sale of bonds and stamps would "reach down to the individual and the family in every community, and on every farm, in every state and every possession of the United States."

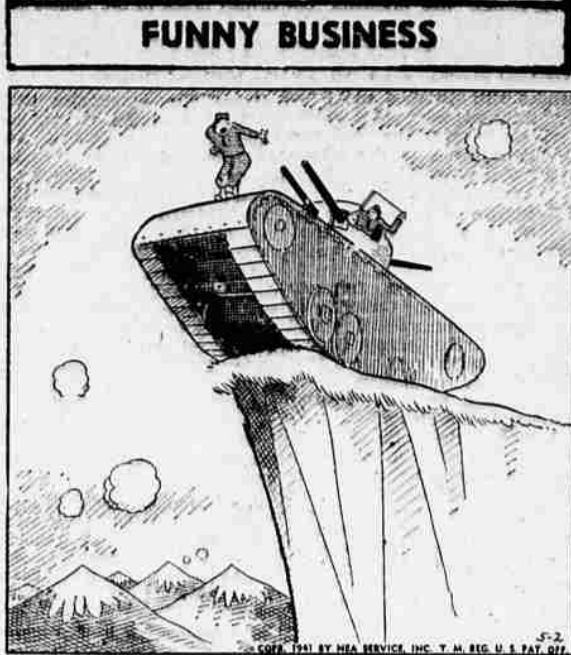

For, he declared, the threat that the nation would guard against "can be found on the threshold of every home in America." Distance no longer is a guarantee of safety, he said, and defenses which were adequate 10 years ago are "a broken reed" today.

Postoffices, banks, department stores and other organizations will participate in the sale of the bonds in denominations, from \$25 to \$10,000, and of the savings stamps (25 cents to \$5), which bear no interest but can be exchanged for the interest-bearing securities.

OSC Co-Eds Prepare to Entertain Their Mothers

OREGON STATE COLLEGE—"Everybody's mother is every woman's guest" is again the slogan for the annual women's week-end here May 9, 10 and 11. Thousands of invitations have been mailed to mothers of Oregon Oregon State students by the Women's week-end committee.

A new feature this year is the combining of Women's week-end with the third annual garden days, which will begin Thursday, May 8, and will continue through Sunday. Visitors here primarily for Women's week-end will find many new garden attractions, while those who come especially for the latter will have other

"Hey, Joe, can you turn around on a dime?"

FUNNY BUSINESS

events of interest.

The Women's week-end program will feature the honor convocation, a campus tea, college plays, dance recitals, and the annual mother-daughter banquet. Scheduled during the garden days will be educational talks, a district flower show, dedication of the new campus gates, and numerous other events, including celebration of the thirtieth anniversary of the founding of the department of landscape architecture.

Woman Poses As Husband 3 Years

MOUNT VERNON, Wash., May 1.—(AP)—A bizarre marital case in which the selective service act brought disclosure at Seattle of a woman who had posed as a man for 10 years and as a husband for three, ended here today in an annulment.

Superior Judge W. L. Brickey announced he had granted the annulment after a private hearing in his chambers. The wife now resides here. The judge said the masquerading "husband" now is in the state hospital for the insane at Steilacoom. He did not disclose the names.

The couple was married in Mount Vernon in 1937. The "husband" was committed to the state hospital after a san-

F. R. Orders Civil Aviation Survey

WASHINGTON, April 30.—(AP)—President Roosevelt announced today he was requesting a survey of civil aviation facilities to see how many planes could be bought for the defense of democracies.

At the same time, the chief executive told a press conference that American naval vessels could enter combat zones if necessary in the interest of defense of the western hemisphere.

The president said he had asked Jesse Jones, secretary of commerce, to make the survey of all civilian air lines to see how many planes could be obtained. He said there was a real need for them and it was hoped a substantial number could be taken over.

When a reporter remarked that some air lines had complained they could not get enough aircraft for their own use, Mr. Roosevelt said he was asking Mr. Jones to find out about it.

He said he wanted information quickly, but he declined to say where the planes would go or what types of planes were most desired.

ity hearing at Seattle last November. It then was disclosed that the "husband" had registered for the draft and suffered "mental confusion" in fear of the physical examination which would be entailed if "his" number were called.

The sanity commission report said the wife told of having known the "husband" only a short time prior to marriage, and after learning of the masquerade failed to leave her mate then because of the latter's pleading and threats.

Here From Ashland — Mrs. Phoebe Kaegi, of Ashland, will arrive in Roseburg Saturday to be the guest of her niece, Mrs. W. E. Buell. Mrs. Kaegi is a former resident of Douglas county, having lived at Wilbur a number of years. She is the widow of the late John Kaegi, who was an uncle of Mrs. Buell.

Mothers know
HONEY MAIDS
are good!
... BECAUSE THEY'RE BAKED BY NATIONAL BISCUIT COMPANY

They know stores receive frequent shipments from a nearby National Biscuit Company bakery.

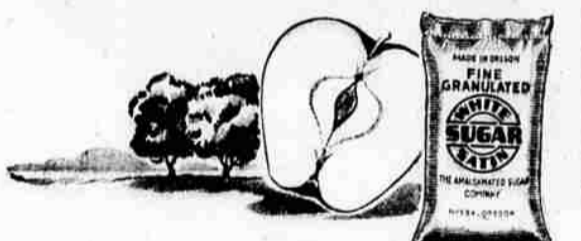

Triple-wrapping seals the oven freshness and tempting crispness into the familiar green package!

Honey Maids are baked from ingredients thoroughly tested for purity. The result is a golden-brown nourishing graham cracker, ideal as a satisfying between-meals snack. Let the children eat all they want because you won't need to fear for spoiled appetites at meal-time.

Buy Honey Maids today and keep them on your pantry shelf always. Your choice of three convenient sizes!

Oregon's OWN AND ONLY Sugar GETS TO THE "CORE" OF THE OREGON APPLE QUESTION

Oregon apples lead the world for quality. In the upland orchards of Hood River, Medford and the Rogue River area, apples of matchless flavor, color, and size grow in abundance. In normal years, Oregon grows and sells millions of packed boxes of Yellow Newtowns, delicious Spitzenberg and Orley apples. And don't overlook the thousands of tons of canned apples, and pressed apples for wine, juice and cider! Yes, Oregon is a famous apple-producing state—and Oregon apples are important to every citizen, for they bring new wealth to our state every year.

GUARANTEED FOR CANNING

Oregon's Own and Only Sugar, likewise, plays an important role in the lives of thousands of Oregon sugar best farmers, farm and factory workers; is an important wealth-producing Oregon crop that is important to everyone in Oregon... and that's not "applesauce"!

Mother Nature's an individualist

Nature has no "factory production line"—everything she makes is certain to vary. So two heads of lettuce are never exactly alike. So two carrots. So Safeway is pioneering by pricing produce by weight rather than by number—the only way to measure values accurately.
