Pool and Park Assured!

SLOWLY, but surely, the various civic improvement projects launched in the city of Roseburg during the past few years are either completed or are now placed in line for early action.

Needed new school buildings were completed a few years ago. The high school athletic field was improved and a grandstand built. Later the new intercepting sewer system and sewage disposal plant were started and now these projects are completed.

Not long ago a Roseburg airport improvement project was approved by the WPA. This will involve the expenditure of some $125,000 by the civil aeronautics administration and the WPA.

Yesterday the approval of the swimming pool and park project was announced. This project has received the okeh of the WPA high command, and work will begin sometime late this year. Believe it or not, the approval of this WPA application means that Roseburg will finally actually have two improvements that the citizens have long desired—a city park and a fine swimming pool!

It is also an interesting and exceedingly important fact that, as plans are now layed, the creation of these two splendid improvements will involve no additional bonded debt, no additional tax levy, and no future bond issue. We are not actually getting something for nothing, for city funds will go into the project, as well as funds raised by popular subscription—but economies in city operation will provide the city's contribution within the ordinary budget, and a loyal and hard working contributions committee headed by Marshall Pengra is almost daily building up the subscription fund. Considerable more of the latter will be needed—but with victory in sight that can surely be raised.

It is both sensible and patriotic to complete the airport project first. An improved landing field is needed here as a part of the defense program. It should be provided at the earliest possible moment—which is exactly what the city proposes to do. However, it is estimated that the airport work will require no more than five months. Thereafter the WPA crew will be transferred to the park and pool project. It is reasonable to hope—if not actually predict, that one year from now we will have both a park and a swimming pool near completion—this in addition to a vastly improved air field.

What a Relief!

IT being an ill wind that blows nobody good, it is only fair to note one of the incidental benefits being blown in with the defense blizzard. The relief rolls are falling.

Not as much as you might expect, but falling. Not even the most enthusiastic partisan of relief regards it as desirable, or as preferable to private employment. So when the social security board reports that during the last year the total number of people receiving public aid under all federal security and work programs has decreased by three million, that's a relief indeed. In February, such aid went to 11,996,000 people, as compared with 18,024,000 people a year ago. The tendency is still downward.

Threat of war has stepped in with a palliative for the unemployment problem. The remedy is yet to be found.

Editorials on News

(Continued from page 1.)

That leaves 12,000 unaccounted for. Nothing is said about losses of material.

If three-fourths of the British expeditionary force has been removed it is apparent the Germans have been exaggerating greatly in their claims of damage done to British shipping in Greece.

A NEW tale comes out of Russia today.

Pravda, the Russian communist newspaper (which says what Stalin tells it to say) reports that 12,000 German troops have been landed at Turko, in Finland.

Immediately afterward it is announced from Moscow that transit of war materials through soviet Russia has been forbidden.

WHAT does it mean?

This writer doesn't know, and doubts if anyone outside Moscow knows. This latest Russian move, like all the others, is ambiguous and is capable of being interpreted in whatever manner wishful thinkers may choose to interpret it.

This writer's advice is to do NO WISHFUL THINKING about Russia.

IT is a cynical but reasonably safe guess that whenever Stalin thinks he knows who is going to win the war he will know what he is going to do about it.

FROM Singapore comes the report that the British commander-in-chief there says there is definite danger of invasion in that area.

He doesn't say from what quarter, but if the Malay peninsula is invaded it will be Japan that will do it.

TOBRUK, according to the best news available as this is written, still holds.

As long as Tobruk holds out, don't look for the Germans to advance very far into Egypt.

Civic Club Heads Speak At Rotary

The president of the Roseburg Rotary club, for the year beginning July 1 will be Rev. John Barney. The incoming vice-president is Walter Olmscheid. Announcement of the election of these officers by the board of directors was made at the regular meeting of the club yesterday.

The program yesterday featured the heads of each of several clubs and organizations, each giving short talks. Miss Amanda Anderson, president of the Business and Professional Women's club, represented that organization; Dr. J. E. Campbell, secretary, spoke for the Lion's club; James Young, post commander of the American Legion, spoke for the Legion, and E. A. Britton, vice-president of the Kiwanis club, represented his club.

A telegraphic invitation from the Eugene Rotary club urging attendance at an inter-city meeting in Eugene Tuesday evening, May 6, was read. Several auto loads of Roseburg club members will go to Eugene, it was determined.

Police Here Warned to Watch for Stolen Auto

State policemen in southern Oregon were warned shortly before noon today to be on the lookout for an automobile believed to have been stolen last night out of Eugene. A car answering the description of the stolen machine and occupied by two young men, was reported about 10 a. m. today from Myrtle Cove auto camp, near Myrtle Creek, where the occupants of the car were said to have speeded away without making payment for seven gallons of gasoline, Sheriff Cliff Thornton stated.

No Reciprocity

SPOKANE. — Ex-Dog Lover Roy Smith is off the be-kind-to-animals standard.

He bumped a dog with his car, leaped out to help and the pup bit him.

"The the dog's pal showed up," Smith said, "and he bit me. I picked up the one I had hit and they both bit me."

He took pooch No. 1 to a veterinarian who pronounced it undamaged, then went to an emergency hospital for treatment of his bites.

April Rainfall Here Slightly Under Average

Weather for the month of April was slightly above normal in temperature and a fraction of an inch below average in rainfall, according to the monthly meteorological summary by J. C. McCallister, in charge of the local office of the U. S. weather bureau. Rainfall for the month totalled 2.09 inches, as compared with an average of 2.27 inches. The slight April deficiency brings the total rainfall shortage from Sept. 1, 1940 to 3.74 inches and from Jan. 1, 1941, to 5.97 inches.

The highest temperature recorded during the month was 82 degrees on the date of April 23, and the lowest was 33 degrees on the 18th. The average daily temperature was 2.3 degrees above normal.

Local Woman's Poem Appears in Magazine

The June issue of "Railroad Magazine," now appearing on newsstands, contains a poem, "Lower Berth," by Mrs. Marjorie Hunt Pettit, 1018 Winchester street, Roseburg, a frequent contributor to the Poet's Corner of the News-Review. The poem is accompanied by a photograph and brief sketch of Mrs. Pettit.

Sunday at the Churches

DAILY DEVOTIONS
DR. CHAS. A. EDWARDS

Glorious as was the Easter triumph, it must be remembered that the culmination of the Christian victory was not in that open tomb, when Jesus exhibited His power over death, but in that upper room when the power of the holy spirit came down upon the Christians. It must also be remembered that the gift of the holy spirit was not planned as a gratification of the vanity of the Christians, but as a part of their equipment for making the actual prayer of Jesus had taught them to pray, "Thy kingdom come, thy will be done on earth." Jesus knew full well that the standards of the kingdom of God on earth were so high that only individuals who were divinely empowered would ever be able to measure up to its citizenship. The Pentecost experience was the first step. The New Testament records indicate that the holy spirit came to assist them on many other occasions. In these times when the souls of men are tested to the limit of their faith and endurance, it is often said. But after all we are only human to which may be added. But the promise of Pentecost is that we may also be divine. If there ever was a day when the Christian church was in dire need of the Pentecostal experience that time is now. Only the power of God can meet the titanic forces of evil. Amen.
