DAILY DEVOTIONS

DR. CHAS. A. EDWARDS

There can be no solid and impregnable character that is not built on a solid and impregnable foundation. First things first means foundations first, for every building, fundamentals first for every worth-while institution in civilization. If the foundation values are neglected, that neglect will affect the entire building enterprise. If the foundation values are soundly established the superstructure will be like the house of which it was said. The rain descended and the floods came, and the winds blew and beat upon that house and it fell not for it was founded upon the rock. A story is told of a rich man who hired a builder to build a house with the injunction that only the best first class material should be used. The rich man went away and the builder started to build. He used only mediocre material and finished it with cheap material. One day the rich man returned and found the house completed. He then informed the builder the house was for him as a gift. How chagrined he must have felt. Let us be careful that we build well. Amen.

rietta Ireland and well known in Olalla.

Mrs. Vivian Falomsky entertained the Olalla woman's club, the Busy Steppers, at her home Thursday, May 1.

Miss Nella Arnold called on Mrs. Frank Adamek Wednesday. Jim Morgan was a Roseburg visitor Saturday. He is working in the Lakeview district, near Klamath Falls.
