

### Final Citizenship Papers Granted to 33 Persons Here

Final citizenship papers were granted 33 persons Tuesday in naturalization proceedings conducted in circuit court here. Five applications were continued until November because all required papers were not in order.

The applications continued were those of Paul Halmer Hanson, Roseburg, native of Canada; Henry Edward Gething, Oakland native of Great Britain; Jakob Franz Kohl, Roseburg, native of Yugoslavia; Paul Friederich Kluge, Drain, native of Germany, and John Thomas Culver, Sutherlin, native of Great Britain.

Citizenship was granted Cecil Charles John Harding, Camas Valley, Great Britain; Marie Helene Brust, Roseburg, Germany; Yelva Edith Erno, Roseburg, Denmark; James Daniel Wright, Reedsport, Great Britain; Michal Holyk, Reedsport, Poland; Dora Ida Frank, Roseburg, Russia; Carrie Mathilda Johnson, Roseburg, Sweden; William James Mess, Roseburg, Canada; Joanna Elizabeth Mess, Roseburg, Canada; Alfred Shireliff, Winchester Bay, Canada; Christopher Hagen, Drain, Norway; Olga Emilia Harvey, Roseburg, Finland; Louis Carl Anderson, Roseburg, Canada; Louisa Blank, Lookingglass, Yugoslavia; Elizabeth Sophie Middleburg, Roseburg, the Netherlands; Raimund Rissenhuber, Westlake, Austria; Johnny Munksgaard Jensen, Gardiner, Canada; Oscar Bernhard Stromback, Roseburg, Sweden; Thorburg Stevens, Coquille, Canada; Sara Lewis, Roseburg, Canada; Joseph Clary Murphy, Marshfield, Canada; Angela Brelage, North Bend, Germany; Nils Alfred Peterson, Reedsport, Sweden; Margaret Domenico, Roseburg, Colorado; Lulu Armstrong, Roseburg, Oregon. The latter two were native born Americans and sought repatriation after having married aliens.

The new citizens were welcomed by Judge Carl E. Wimberly, both on behalf of the state of Oregon and the American Legion of which he is a past commander. Welcomes also were extended in brief talks by Adeline Stewart, representing the D. A. R., and Mrs. Charles Craig, president of the auxiliary to the United Spanish War Veterans.

### Infantry Unit Given Lively Welcome Here

The regiment was the second to stay overnight at the Salem fair grounds, with the third unit, comprising three artillery battalions, to arrive today.

minor mishaps, nearly all of which occurred in or near the city of Salem as the trucks got under way. The most serious accident was one in which a motorcycle rider was thrown and suffered a broken leg. The use of observation planes overhead to keep contact with the units of the convoy proved very effective, officers reported.

Roseburg music lovers were disappointed to learn that they will not be able to hear any of the fine army bands that will be included in the convoys passing through the city this week. Officers reported that in accordance with agreements between the army and the musicians' union, army bands are permitted to play outside military reservation only upon holidays or special military occasions. At any other appearance the army must pay an equal number of stand-by union musicians.

SALEM, May 21.—(AP)—Two thousand men of the 15th Infantry, famed as the "can do" regiment at its China station, left Salem today on its 148-mile ride to Roseburg, the second leg of its trip from Fort Lewis to California troop maneuvers. The regiment returned from China several months ago.

The regiment was the second to stay overnight at the Salem fair grounds, with the third unit, comprising three artillery battalions, to arrive today.

### Will Go to India — Rev. and Mrs. Luther Adams, missionaries, who have been visiting relatives here, have received word that they will be allowed to sail from the United States August 9th for their post in India. Mrs. Adams was formerly Hazel Andrus of this city.

### Plea to End Strike at Shipyards Proves Futile

(Continued from page 1)

one-half for overtime. The Bethlehem shipbuilding yard declined yesterday to agree to a closed shop, and the machinists said they would not return to work until Bethlehem signed a contract.

### Canneries Increase Pay

From San Francisco came word that a settlement seemed near in a cannery strike which asparagus growers said had already cost them \$1,000,000 in losses. An AFL spokesman said a new basis for settlement was agreed upon last night by representatives of the 11 unions involved and spokesmen for the cannery. If the cannery as a body approve, the unions will act on the proposals late today or tonight so that operations may be resumed tomorrow. The unions originally asked pay increases of 15 cents an hour in scales ranging from 37 1/2 cents to 52 1/2, but reduced the demands by an undisclosed amount. Cannery proposals offered a boost of from 2 1/2 to 5 cents an hour. A plan of Governor Olson to end the strike was rejected by the unions.

### Machinists Granted Raise

At Lorain, Ohio, another shipyard strike came to an end when machinists were given wage increases by the American Ship Building company. Raises of 4 cents an hour went to men previously paid 79 cents, while 5 cent raises were approved for those receiving 80 cents an hour or more. The concern has been building six submarine net tenders for the navy.

### Battle of Crete Hotter As Nazis Increase Force

(Continued from page 1)

commenced at half past four p. m. yesterday. "About 3,000 men were dropped and by six-thirty p. m. The greater part of these had been accounted for." "In Cairo, the middle east command said German parachute and air-borne troops had suffered "serious losses" and that one detachment which penetrated the outskirts of Crete yesterday was "quickly surrounded and accounted for."

### Riot at Boeing Plant

At Seattle Mayor Millikin said he has received an admission from "an authority in Washington, D. C.—the right hand of President Roosevelt—that federal troops would be sent into Seattle, if necessary, to protect the Boeing aircraft plant."

Violence broke out again at the main plant of the Boeing company late yesterday between pamphlet distributing CIO members and AFL-affiliated workers. Rotten eggs and fists flew freely until police intervened. The Boeing company has a union shop with the AFL, Aeronautical Mechanics' union but the CIO-Automobile Workers recently started a drive for membership.

### Alaska Cannery Hoist Pay

The CIO-Cannery Workers union local at Seattle announced today acceptance of a new work contract for about 3,000 employees of the Alaska Canned Industry. Conrad Espe, union business agent, described the new agreement as "the largest wage increase and largest industry-wide agreement ever obtained by the union." He said wage increases ranged from \$25 to \$35 a month.

### CCC Offering Fine Chances For Jobs Instruction

An opportunity for enrollment in the civilian conservation corps is offered to young men from 17 to 23 years of age during the period from May 19 to 29, according to Darlow Johnson, Douglas County Welfare commission administrator. Applications for enrollment now are being accepted at the commission's office in the courthouse.

Officers of the CCC point out that the corps now is engaged in training for employment and national defense and, as never before, is looking for young men of good character, with ability to receive and use with profit the training offered in the camp and its schools.

### Misconception

COUNCIL BLUFFS, Ia.—What Mrs. J. J. Gallagher thought was an unusual leather belt on the window sill of her small son's room was unusual—but no belt. It wriggled.

Dog Pound Master Chris Christensen answered her call, came armed with a baseball bat and killed a three-foot rattlesnake.

### Marine Training Included

Other than the advancement offered in the camp and on work projects, qualified men are selected for training with the merchant marine three or four times each year. This training is valued at more than \$1,000, which would be the sum required in civilian

### in an enemy uniform, must expect to be shot at once when taken prisoner.

A Berlin spokesman expressed satisfaction with the progress of the attack—possibly a rehearsal for Hitler's long-heralded attempt to invade England—and asserted that if King George II has not already fled Crete "You can be sure he's ready to jump."

Previously, the king was said to have rejected pleas by his ministers that he leave the siege-battered island.

(The British radio, heard in New York, said it now appeared that one or two sea-borne German troop transports also had penetrated the British defenses of Crete and indicated that the Germans had gained at least a temporary foothold on the 160-mile long island, including air fields.)

BERLIN, May 21.—(AP)—A British naval unit west of Crete was attacked this morning by German warplanes and a "direct hit with the heaviest caliber bomb" was scored on a cruiser, DNB, official German news agency reported tonight.

ROME, May 21.—(AP)—The Italian high command announced today that Fascist torpedo-carrying planes had torpedoed a 10,000-ton British cruiser in the eastern Mediterranean.

An Italian submarine also was credited with sinking the 7,350-ton British steamer Lycaon in the Atlantic.

By the Associated Press On the Ethiopian front, the British reported today that the surrender of Italy's viceroy, the Duke of Aosta, made a total of 18,000 to 19,000 fresh prisoners captured during and after the 40-day battle of Amba Alaji.

British troops were reported closing in on the remnants of two Italian divisions in the lakes region south of Addis Ababa, the Ethiopian capital.

On the north African front, the British said there was "no change" in the 6-week-old siege of the British garrison at Tobruk, Libya, while in the Salum sector, on the Egyptian-Libyan frontier, British mechanized patrols were said to have "vigorously harassed" the stalled German and Italian columns attempting to drive into Egypt toward the Euez canal.

In Iraq the British said they were continuing a roundup of "rebel detachments" in the area of Fallujah, already reported taken. The situation at Habbaniyah and Basra was described as quiet.

In the air war of the west, bad weather forced a continuance of the lull in night attacks by both sides, only sporadic bombings were reported.

LONDON, May 21.—(AP)—Flight lieutenant L. P. Rowley, RAF pilot who flew British officials to Munich in the 1938 crisis, was listed today as presumed to have been killed in action.

The six-foot-four-inch flier, who once appeared in American movies, previously had been reported missing.

The six-foot-four-inch flier, who once appeared in American movies, previously had been reported missing.

### Hallcrafts Return — Mr. and Mrs. V. R. Hallcraft and two sons have returned to their home in this city from Ora Grande, California, where they were called by the death of Mr. Hallcraft's mother, Mrs. Phoebe Hallcraft. Mr. Hallcraft operates the Stephens Street barber shop.

During the past few months the district has maintained a sheet metal school, and those who completed the training satisfactorily are being employed in the aircraft industry. A subaltern school also is maintained where men are being trained for administrative work.

During the past few months the following men from Roseburg and vicinity have received promotions: Joseph H. Campbell, from senior leader to subaltern; Daly Bellamy from mess steward to subaltern; Harry White, forestry clerk to aircraft industries; Art Davison, truck driver and barber to aircraft industries; Ray Mortimer, assistant educational advisor to aircraft industries; Max Young, assistant educational advisor and Allen Baird, infirmary attendant, to senior leader.

Through the CCC, it is stated, channels of advancement have been opened to young men who receive with pay a course of training which otherwise would cost large sums of money. The camps and districts maintain schools in clerical training, cooking, baking, mess management, sheet metal work, radio, mechanics, blacksmithing, welding, carpentry, typewriting and other subjects.
