#### PLANE SPOTTING TOPS CIVILIAN DEFENSE PLANS

SALEM, May 29.—(AP)-Thousands of Oregon citizen Oregon citizens will be enrolled in civilian de-fense activities as Governor Sprague's civilian defense council, to be appointed in a few days can enlist them, Budget Director David Eccles said today on his return from Washington, D. C.

"The most important activity far as Oregon is concerned as far as Oregon is concerned will be the airplane spotters," Eccles said, "although we also will enroll volunteers whose job will be to extinguish fire bombs, fight fires, give first aid to in-jured civilians, and to perform other war jobs.

other war jobs.

"Of course, there isn't much chance that Oregon, outside of Portland and the lower Columbia river areas, will be bombed. That is why the airplane spot ters will be more needed than

the other volunteers. "Government officials said they could see no reason why Oregon should have a state guard. We do plan, however, to rely on a reinforced state police to deal with emergencies."

The two officers left early this morning to conduct similar surdiation. The executive council said it would take similar action itself against federal labor uncontact ions directly under its control.

The council declared that un-interrupted production by the west coast shippards was vital vital to the nation's defense, and fur-ther that "the good name, the honor and the 'no-strike' policy of the American Federation of Labor demand that the coast-wide master agreement between the shipbuilders and the metal trades unions, barring strikes and lockouts, be religiously observed and respected.

Differences should be adjusted through conferences, mediation and arbitration, the council

declared.
AFL and CIO machinists are on strike at 11 San Francisco yards which hold \$500,000,000 in defense contracts. They are seek-ing \$1.15 an hour and double pay for overtime, instead of \$1.12 and time-and-one-half overtime provided in a coastwide agree-ment which the OPM negotiat-

ed with the AFL.

The United States conciliation service assigned Paul Broderick of its staff to a labor dispute at Cleveland which threatened to close five plants of the Aluminum Company of America. CIO die easters there voted last night to empower a negotiating com-mittee to call a strike. The workmen seek a wage increase of 45 cents an hour, in addition to a recent eight-cent raise grant ed by the company. The present minimum scale is 72 cents.
