FORMER GLENDALE GIRL MARRIES

GLENDALE, July 25.—(AP)—Word has been received here of the wedding of Dorothy Dee Dyer to Raymond Ross Stone of Olympia, Wash. at a quiet ceremony in the parsonage of the Christian church, July 19, at 2:30 in the afternoon. The Rev. Claude H. Lorimer officiated.

Mrs. John Hamby, sister of the groom, was maid of honor. Orval Dyer, brother of the bride, was the best man.

The bride wore a teal blue afternoon dress with white accessories. The corsage was made up of small white gladioli centered with tiny pink Cecil Brunner roses.

Those present for the wedding were Mr. and Mrs. George C. Dyer, Mrs. A. B. Stone, Medeleine Stone, Paul Backstrom, John Hamby and Melvin Curtis.

The couple will leave for Twin Falls, Idaho, July 25.

Mrs. Stone is the daughter of Mr. and Mrs. George Dyer of Vida, Oregon, and they are former residents of Glendale, Mrs. Stone attended the local schools and has many friends here who wish her much happiness.

POET'S CORNER

CHANGING WAR MAY BRING

Invading vast domains of Russia and bombing cities and reducing buildings to great splintered heaps.

Hitler's hosts may plunder her till famine

Through her population sweeps.

And by these mighty hosts she may be conquered

And Hitler from her lands may gain resources

That his heart and mind for years have craved,

And forever by his boundless forces

The whole wide world may be enslaved,

Or, all free countries may send armies

To England, Russia and to China, fighting

For life and liberty and light, and may help them crush the axis nations

Which menace them with war and night.

Aluminum Heap Steadily Growing

Roseburg's collection of scrap aluminum is making excellent progress, it was reported today, with a large part of the city still remaining to be canvassed. The collection is being directed by the Roseburg Women's club, which is being assisted by various other women's organizations of the city, which have divided the city into zones.

A wire corral was constructed today in front of the office of the Roseburg chamber of commerce, and future collections will be placed there. Persons having aluminum for the defense project are invited to toss their donations into the receptacle.

It was pointed out today that the present request is only for scrap aluminum and housewives need not sacrifice utensils and other articles which are still of general use.

Collections to date have been maintained at the Parrott building, formerly occupied by the Maddox grocery, where a pile of several hundred pounds of metal already has been gathered. So far none of the aluminum from rural districts has been received, but word is that collections have been large.

C. J. Bjerg of Riversdale District Passes Away

Christ Jensen Bjerg, 58, well-known resident of the Riversdale district, died at his home today following a prolonged period of illness. He was born at Lenvig, North Jutland, Denmark, May 14, 1883, and came to the United States about 36 years ago. He took out his citizenship papers soon after arrival in this country and has been a citizen of the U. S. for about 30 years. He spent several years in North Dakota and came to Douglas county from Florida about 20 years ago, engaging in farming on the Curry estate in Riversdale.

Surviving are his widow, Mrs. Mercy Bjerg, and four children, George, John, Dick and Lois Bjerg, all of Riversdale.

Funeral services will be held in the chapel of the Douglas funeral home Sunday afternoon at 2 o'clock. Concluding services will be held at the Masonic cemetery, where interment is to take place.

WOOL

BOSTON, July 25.—(AP)—The Commercial Bulletin will say tomorrow: "The demand for wool has been distinctly slow this week in all departments of the market and there is a tendency on the part of the larger consumers to bid the price down. So far as current sales are concerned, there appears to have been no particular weakening in prices but the market is no more than steady."

"Reports from the west indicate a slower tempo in all sections. For the wools which have been taken, costs appear to be about the same, although occasionally clean landed costs are figured slightly lower.

"Manufacturers look for a rather quiet period until after Labor day now that the government contracts have been awarded and only replacement orders are to be expected for the immediate future. There is some inquiry for civilian account which may, how-

ever, keep the market on a steady basis.

"Foreign primary markets have little to offer that is attractive to importers and little has been bought abroad this week.

"Mohair is slow but nominally firm."

Farm Security Council Named For Douglas County

Creation of a County Farm Security Administration council for Douglas county, consisting of seven leaders in agricultural and community affairs, was announced today by Paul H. Helweg, county supervisor for the Farm Security administration.

The new council, which is made up of members of rural rehabilitation and farm debt adjustment committees, along with three other community leaders, will cooperate closely with the county land use planning committee, AAA committee and other local groups in planning and promoting a coordinated attack on local problems as they affect low-income farm families, Helweg said.

The members of the council, who were appointed by Walter A. Duffy, regional director of the Farm Security administration, U. S. department of agriculture, are: George J. Thomas, route 1, Roseburg; George E. Shamp, Sutherland; Melvin H. McCord, Glide; Kathryn A. Petrequin, Melrose star route, Roseburg; Earl A. Britton, Roseburg; David N. Busenbark, Melrose star route, Roseburg, and Homer Grow, Roseburg.

In addition to coordinating the drive against rural distress, the council members, through their knowledge of general and specific local problems, will be expected to assist the county farm security personnel in increasing the effectiveness of their program, Helweg said.

Members of the council will meet with state and county farm security officials in an all-day session July 25 at the K. of P. hall in Roseburg. County agricultural and home demonstration agents will also attend. At the meeting council and government employees will study the problems of the disadvantaged rural families and discuss the objectives and policies of farm security.

New Labor Disputes Crop Up In Nation

Navy Project in Florida Faces Strike; Garment Union Seeks Wage Hoist

By the Associated Press Labor disputes continued today in points as widely separated as southern California and the Florida Keys.

Scores of women's garment factories in Los Angeles were picketed by striking workers, and AFL construction laborers remained away from their jobs on army and navy building projects at Key West, Fla.

The Los Angeles strikes, called by the AFL International Ladies Garment Workers' union in support of demands for wage increases, affected about 3,000 workers, the majority of whom were sewing machine operators. The employees demanded increases ranging from 15 to 25 per cent. In the case of the sewing machine operators, the increase sought was from \$24.75 to \$26.50 for a 35-hour week with overtime pay starting at 35 hours instead of 40 hours. Another demand was for unionization of unorganized shops.

Navy Set to Take Hand

The Key West construction workers demanded an increase in the basic hourly wage from 40 to 62 cents. Charles Albury was installed as president of the union local after the members removed his predecessor for opposing the strike. Albury announced yesterday that the navy had authorized employment of civil service workers in the place of the strikers, if the men failed to accept a proffered wage increase of 10 cents an hour. Nevertheless Albury indicated that the union would stick to its wage demands.

"Unfair" Charge Made

A national labor relations board complaint charging unfair labor practices was filed yesterday against Air Associates, Inc., Bendix, N. J., manufacturers of airplane accessories. A work stoppage has kept more than 200 of the 700 employees idle since July 11. The union charged that 24 of their members had been discriminatorily discharged and similar allegations were made in the NLRB complaint.

On Wednesday the CIO-United Automobile Workers at the plant accepted a plan worked out by the defense mediation board for ending the work stoppage, and the company was given a few days to consider the plan.

Pepsi-Cola Drummers Go to Eugene Pageant

The Pepsi-Cola girls drum corps left Roseburg this morning to participate at Eugene in the Oregon Trail pageant. The drum corps last night responded to a call by the chamber of commerce to aid in entertainment of the Oregon Cavemen who visited

here briefly en route from Grants Pass to Eugene, and, although the girls were notified only a short time before they were scheduled to appear on the streets, the entire group was present in full uniform and at the exact time specified.

Ward Store Reopening Assured in Agreement

PORTLAND, Ore., July 25.—(AP)—A strident toward reopening the Montgomery Ward & Co. store here, closed since May after being strike-bound since December, was made last night.

AFL warehousemen voted unanimously to accept a contract which included pay increases ranging from \$15 to \$60 a month, elimination of the bonus system, and recognition of the union as sole bargaining agent.

Tonight the AFL clerks vote on their part of the contract, terms of which have not been revealed.

If the clerks accept the terms offered them, it is expected that the store will reopen soon.

Accused Arranges to Pay In Non-Support Case

Henry Teller, who is employed at Kellogg, was taken into custody Thursday upon a warrant from Polk county, charging non-support. The arrest was made for the Polk county authorities by Deputy Sheriff O. T. Carter. Teller arranged with the district attorney at Dallas to make payments satisfactory to the officials there in order that he might continue his employment at Kellogg and his release was authorized as long as the monthly payments are made.
