Queer Things Happen

SEVERAL local stores report a buying rush on silk stockings. Really heavy investments in this wardrobe confection have been made by some of the women folks.

As a matter of fact there is very good reason to believe that pure silk stockings will soon be both hard to get and very costly.

But will those who have hoarded stocks of the rare and costly silks be pleased with their efforts as time goes on? It is more than likely that they will not.

And while on the subject of scarcity occasioned by the defense emergency we heard an amazing story this morning about shirts.

The odd thing about this shortage of work clothing, it seems to us, is that the number of men in this country has not increased, all of the soldiers seem to have uniforms and yet the supply of work shirts and work shirt material is nil.

dent. Then he rose from the table, excused himself and walked out.

BUT the little family was interesting enough that after leaving the dining room the Americans made inquiries.

and his wife a Rumanian countess. The severe taxation accompanying and following the last war had compelled the breaking up of the great estate, and this son had received as his share the British Columbia ranch, now being run as a dude ranch in connection with the hotel.

THE British minister of information told the London correspondents the other day that a new order is rapidly shaping itself in England.

TRUE enough. There will be changes in England. There will be changes HERE, even though we get no nearer to shooting war than we are now.

But while INSTITUTIONS will be changed, human nature will emerge from the war changed very little.

People of France Balk at Proposed Vichy-Nazi Link

GENEVA, Switzerland, Aug. 13.—(AP)—Unrest and discontent in France, acknowledged by Chief of State Petain, is reported to be widespread by persons traveling from the occupied and unoccupied zones.

The resistance, however, is said to be largely unorganized except for activity of the communist party, which is expected to be affected most by Petain's ban against political parties.

Many observers from France say that Vice-Premier Darlan's unpopularity, of which Petain spoke, is due to his foreign policy. Estimates of these observers vary, but some of them say as high as 80 per cent of the population of unoccupied France and 90 per cent in occupied France are pro-British.

Young Democrats Taboo Politics at National Meeting

CHICAGO, Aug. 13.—(AP)—Partisan politics, a regular evening feature of previous young democrats' conventions, will be frowned upon at the national meeting next week, Homer Mat Adams, national president, announced today.

Delegates from 48 states and the territories will meet in Louisville, Ky., from Thursday through Saturday, August 21-23.

The keynote address will be delivered Thursday night by 32-year-old Representative Lyndon Johnson of Texas, who recently was defeated for U. S. senator by Governor Lee O'Daniel.

Adams said Vice President Wallace, Price Administrator Leon Henderson and Adolph Berle, state foreign relations expert, had been invited to speak and that their acceptance hinged on the pressure of business in Washington.
