## POET'S CORNER

### I AM AN AMERICAN

I am an American—
I place my trust in God
He gave this soil on which I stand,
And gave this flag so broad—
That we, from sea to shining sea
May pause beneath its care
And worship Him with liberty,
And worship Him in prayer.

Ah! True, the prize was won thru toil
And sacrifice and tears
And harships met and conquered
Down thru all the passing years.
But men are built by storms that rage,
And threatening wind and rain—
For man is nobler—more serene
For having tasted pain.

And now this gift of liberty
And life and home and land
Comes down—so free—to you and me
From out our Saviour's hand.
If we would keep OLD GLORY high
We must accept our share
Of tears, of toil, of hardships too,
And we must pause for prayer.

The roar of tanks and planes and guns
And bleeding, disillusioned men;
And cities gutted by dread bombs—
No human tide can stem;
Such sorrow brought by war on war
Will never solve earth's woe—
It only brings destruction—death
And crosses, row on row.
The Prince of Peace must come —must come
Into the hearts of men
Else we shall lose our country's flag—
Our cause be lost again.
'Tis more than conquering foes without
That threatens liberty;
It's men adrift—away from God,
Who will not bend a knee.

America! . . . America!
Our home, our hope our pride—
Let's take our stand throughout the land,
Right by our Saviour's side!
I pledge allegiance to my flag
And to my Saviour too.
He gave His precious life for me,
And gave our red—white—and blue!

### Part of Human Skull Found at Camas Valley

The top part of a human skull was discovered yesterday at Camas Valley, near the Standley service station, but apparently had been washed or carried to the spot where it was found, District Attorney J. V. Long reported. The skull was found by two boys, and officers were notified. The skull apparently was that of an adult and was believed, Long said, to have been washed out of a grave. Indications, he said, were that it had been buried for 20 years or more. There was no indication of any crime, the attorney said.

## Netherlands Jews Hit By Batch of Nazi Restrictions

WASHINGTON, Aug. 23.—(AP)—Dutch Jews are forbidden to eat kosher meat as decreed by their religion, under one of the many anti-Jewish orders promulgated by nazi authorities in the conquered Netherlands, according to authoritative reports just received in diplomatic quarters here.

To doubly insure compliance with the dietary prohibition, the reports added, the German occupation authorities issued an ordinance "to prevent tormenting of animals when slaughtered." That ordinance was interpreted to prohibit the Jewish ritual of slaughtering which is required to obtain kosher meat.

German authorities have charged Jews with instigating numerous anti-nazi activities, and some of the decrees were alleged to have been issued to suppress "Jewish secret organizations" and punish Jews for plots against German rule.

Despite the fact that the 120,000 Jews in the Netherlands—except 18,000 German Jew refugees—have lived there since their ancestors fled from Spain and Portugal more than 400 years ago, they were never accorded full Dutch citizenship.

**Other Bans Created**

Other anti-Jewish measures noted in the reports provide that:

Jews may not employ Germans or persons of Aryan blood in their households.

No Jew may attempt to enter a university.

No Jew may work in the public service in any capacity.

No Jew may enter theaters, including movie theaters.

Jews are barred from approximately 90 per cent of the cafes and restaurants.

Jews are barred from nearly all public baths.

Jews are prohibited from entering or living in certain cities and towns.

Jews are not permitted to move from certain specified communities.

No Jew may own a radio.

BERLIN, Aug. 23.—(AP)—The Boersen Zeitung's Balkan correspondent reported today a decree by General Ion Antonescu of Rumania that 20 Jewish and five non-Jewish communists be shot for every act of sabotage in Rumania attributable to communists.
