

Hiram Johnson, Lord Cooper Trade Snubs On Train

SAN FRANCISCO, Aug. 25.—(AP)—Senator Hiram Johnson, one of America's leading isolationists, and Lord Alfred Duff Cooper, former British minister of information, traveled across the continent on the same train without speaking to each other and refused to exchange greetings when they arrived here today.

When Lord Alfred and his wife, Lady Diana, were told they had ridden several thousand miles only a car's length from the veteran isolationist, Lady Diana exclaimed, "Oh, let's have a look at him."

"No," snapped Lord Alfred, and abruptly walked away.

Senator Johnson was asked if he would pose for a photograph with the Englishman. "I will not," he answered.

Duff Cooper will leave San Francisco tomorrow by Pan American clipper for Singapore where he will become British co-ordinator for the far east.

Lord Alfred, who recently conferred with President Roosevelt and Secretary of State Cordell Hull, commented, "so far as I can see, public opinion is becoming more and more favorable in the United States toward helping us as much as possible."

Leningrad Onslaught Of Nazis Said Halted

(Continued from page 1)

for-attack across a battlefield littered with German dead in the fight for Leningrad where Nazi drives apparently were being checked east of Kingisepp and near Novgorod. The Russians said the attack on Leningrad from the north had been renewed with fierce fighting near Kakisalmi.

A German division was forced back by a red army counter-attack in the Gomel sector, between Smolensk and Kiev, and Russian cavalry recaptured a town in the Dnieper bend, the Russians said. They reported a large-scale battle shaping up there for control of the hydro-electric power center of Dnieperopetrovsk, where Russian defenders still held the west banks of the Dnieper river.

Adolf Hitler's high command again reported tersely that "operations in the east are making progress everywhere."

Complete official silence covered the extensive battles along the Nazi-encircled centers of Soviet resistance at Odessa in the south and Tallinn in the north, where it has been admitted that death stands are being made by regulars and civilians, and the fortified areas of Leningrad and Kiev, where the German forces seek to force similar bands of steel.

Likewise, there was a dearth of official word concerning the drive of the Germans between Kiev and Gomel in what has been described as another massive encirclement battle to entrap defenders to the southwest of Moscow.

Murder Trial Opens

CONDON, Ore., Aug. 25.—(AP)—Trial of James Harvey Thomas, 19, charged by the Gilliam county grand jury with the slaying of Douglas F. Smith, Seattle, opened in circuit court here today.

The indictment accused Thomas, a U. S. sailor, of hitching a ride with Smith, then shooting him after a quarrel June 11.

"Yoo-Hoo," Incident Brings a New Sign of the Times

Instead of yoo-hooing or whistling at girls as they drive along toward maneuvers in southwest Washington, these members of the 32nd Infantry carry a small sign: "Hi Ya! Toots." It probably gets the same results except from girls who don't believe in signs.

Beautiful black Persian lamb is draped and fitted as if it were wool fabric in the stunning, full-length coat at left. It has set-in pockets, a tiny collar, full sleeves and armholes that are deep and wide without being bulky. The mink coat, right, for day or evening, is distinguished by a puffed, swirled, bias border down the front and around the cuffs. It hangs loosely from the shoulders and is positively featherweight.

Eagles Set Fete At Idleld Park

The Eagles lodge of Roseburg is making extensive plans to entertain a large crowd at the three-day Labor day celebration to be held at Idleld park. The entertainment, sponsored by the lodge, will extend over Saturday, Sunday and Monday, Aug. 30, 31, and Sept. 1 and will include horseshoe pitching contests, fly casting tournament, races and softball games. Dancing will be enjoyed each evening with music by Dick Firman and his orchestra.

The lodge also is arranging a free salmon bake at noon on Labor day. Salmon will be barbecued and served free of charge. Coffee also will be served by the lodge. For those who do not care to provide picnic lunches, there will be a booth where lunches may be purchased.

Tugwell Wins Job Despite Red Label

WASHINGTON, Aug. 25.—(AP)—The senate confirmed today the nomination of Rexford Guy Tugwell to be governor of Puerto Rico despite an assertion by Senator Taft (R., Ohio) that Tugwell had "no sympathy with American ideals or the American system" and was "the apostle of collectivism."

Tugwell, a close adviser of President Roosevelt in the early days of the new deal, recently was nominated to the post by the president.

Taft told the senate that Tugwell was opposed to the American constitutional system and "looks with greatest sympathy on the program of communism in Russia."

"He is in favor of the redistribution of wealth and the totalitarian state," Taft said. "He has attempted to divide classes and stir up class hatred, which I believe to be the most dangerous attack on American democracy."

Iran Invaded by British, Russians to Oust Nazis

(Continued from page 1)

Aryans—is the site of the world's richest single oil field.

In Washington last week, Iran's minister to the United States declared his country would combat any invader—British, Russian or German—even at 10-1 odds.

In Berlin today, the limousine of the Iranian minister to Germany was seen in front of the Nazi foreign ministry a few hours after the invasion began.

Race Against Time

London observers said the British were faced with a race against time, declaring German agents in Iran would attempt to destroy the oil pipeline running from Jasmid-Sulaiman to the Iraq frontier and wreck the great oil fields in the north.

As an advance indication that the Iranians might fight, the kingdom's constitutional monarch, Riza Khan Pahlavi, last week ordered 1,072 newly-graduated officers to active duty with the regular army.

Thus the war spread to a new desert front where an outnumbered Iranian army stood between British middle east forces and a possible juncture with their soviet allies.

Solely Against Axis

A British announcement of the move declared Iran's reply to demands from London and Moscow that some 3,000 German tourists and technicians be expelled was unsatisfactory. It added:

"His majesty's government have no designs against the independence and territorial integrity of Iran and any measures they may take will be directed solely against attempts of the axis powers to establish their control of Iran."

Points the Way

Cadet Alfred J. F. Moody of Hamden, Conn., leads this year's West Point graduating class of 425 members, rating 2853.52 of a possible 3045 points.

Reverend Private

The Army will be just a little confused when James R. Shaw, above, is ordained a cleric in the Stockton Christian Church. For Shaw is a private at Hamilton Field, Calif., and while his buddies wonder if his title will be "Reverend Private Shaw," he wonders if he can be an Army chaplain.

ures they may take will be directed solely against attempts of the axis powers to establish their control of Iran."

Reports from Turkey had indicated earlier that the British might strike east from Iraq, where a pro-axis government was ousted by the British last spring, or northwest from Baluchistan and British India.

Teacher Ruling Given

SALEM, Aug. 25.—(AP)—The state superintendent of public instruction cannot require an applicant for an elementary school teacher's certificate to be a graduate of the normal school in which a teacher's training course is given, the attorney general ruled today.
