

Riversdale Grange Wins Fair Prize

SUTHERLIN, Sept. 4.—One of the largest and best of the Central Douglas county fairs concluded at Sutherlin Saturday night with a harvest dance. Due to the quality and variety of the exhibits, judging was unusually difficult. Riversdale grange captured first place in the community exhibits with a very choice display of the produce of that community. Sutherlin was second in this division and Fair Oaks third.

An unusual display by the Fair Oaks district called attention to their industrial resources and brought much favorable comment. Mrs. Wm. Coleman was in charge. In the contest sponsored by the Sutherlin grange, Mrs. Charles Barber won the cedar chest and contents offered as a prize. Other items of unusual interest were the Red Cross booth, Bonneville power display and a display by the forestry department. The Cub Scouts' table attracted large numbers of youngsters and grown ups interested in youth development.

As an added attraction the army units bivouacked in Sutherlin at the time and displayed machine guns, mortars and anti-tank guns, field guns, telephones and radios.

A much enjoyed band concert by the Roseburg municipal band and contributions of several numbers by the army with Joe Minello as master of ceremonies were the high lights of Friday evening.

Helpless Boat With 25 Aboard Rescued

SAN FRANCISCO, Sept. 4.—(AP)—Adrift helplessly off the Golden Gate, and running dangerously short of food and water supplies, the yacht Invader raised distress signals last night and was towed into port by a coast guard cutter.

The crew of 25 college students, including eight women, said they had been on emergency rations for five days, after being becalmed twice since leaving Honolulu 22 days ago.

Jack Dengler of New York City, head of the group, said the 112-foot, two-masted schooner, owned by Harry H. Hunnewell of Los Angeles, ran out of fuel about 1,000 miles west of Honolulu, and was becalmed for four days.

After picking up a strong breeze, the Invader came to within five miles of the Golden Gate, where it was becalmed again Tuesday night.

Dengler said the ship's supply of Butane cooking gas gave out about 12 days out of Honolulu, and the water and food ran low about 17 days out, making strict rationing necessary.

The students, mostly from Los Angeles, were all members of the Students International Travel association, and shared expenses and work. There were only two professional seamen aboard.

West Douglas Fair Proves Very Successful Event

LOOKINGGLASS, Sept. 4.—The West Douglas fair held at Lookingglass on Thursday of last week was very well attended. Due to the rush of harvest work, the entries in most departments were fewer than usual, but the quality in most instances was well up to par. A larger showing of stock than usual was entered and considerable interest centered about the floral exhibits which were far in excess of the usual display, and elicited many expressions of appreciation from the visitors.

The refreshment stand conducted by a group of ladies for the P. T. A. was well patronized

Three Hunters Check Out Elk at Reedsport Station

REEDSPORT, Sept. 3.—(AP)—E. L. Bowen of Reedsport was credited today with the first elk kill of the season in this vicinity.

He checked a spike buck, shot Monday, through the state game commission office. Frank Manury, Springfield, also got a spike buck, and Gus Carlson, Lakeside, an antlered elk.

Coast Building Keeps Fast Pace

SAN FRANCISCO, Sept. 4.—(AP)—Pacific coast builders kept supply industries humming at capacity last month. New permits issued in the coast's 10 largest cities ran over \$22,000,000.

That figure was about in line with the new work started in each of the last five months. It lifted the total valuation of permits issued in the 10 cities this year to \$203,546,000.

The August increase over the 1940 month was about 32 percent. It was the ninth straight month in which permits for these cities held above \$21,000,000. That figure was reached for the first time on the current building upswing last December, and it set a new high for a single month in a decade or so.

Contractors said shortage of materials had become something of a worry, but indicated no substantial amount of private work had yet been shelved because of it. With the government clamping priority on steel, defense

Yoncalla Residents Hurt In Automobile Wreck

YONCALLA, Sept. 4.—Word has been received from Bonner's Ferry, Idaho, that Mr. and Mrs. L. L. Radabaugh, Mr. and Mrs. Noland and the two Radabaugh boys, who were on their way to Canada for a five weeks' trip, were in a serious accident. A head-on collision with a truck completely demolished the Radabaugh car, sending all six of the occupants to the hospital. Mrs. Noland was the most seriously hurt, with head injuries that required 30 stitches to close the wounds. Mr. Noland suffered a broken arm, and all six were badly bruised and cut up. They will return home as soon as Mrs. Noland is able to be moved without going up into Canada as they had previously planned.

First Aid Instruction Set at Red Cross Meet

Red Cross first aid work for the fall and winter months will start with a meeting of instructors at 7:30 p. m. Friday at the Red Cross office in the U. S. National Bank building, it was announced today. All instructors are urged to be present. Persons interested in securing first aid instruction are invited to contact Ellen Post, local secretary, at her office in the courthouse, or call 167-J between the hours of 9 a. m. and 12 noon.

Construction went ahead. Labor was short, but most contractors seemed cheerful about results of their efforts to keep their labor forces intact.
