Newly-Launched Cruiser First Of Super-Speed Type

KEARNY, N. J., Sept. 6.—(AP)—The navy launched the light cruiser Atlanta today with the announcement she would make at least 43 knots, equal to the speed of the fastest United States destroyers.

Her armament and certain features intended to increase her speed were kept strict naval secrets.

Partly streamline with the deck enclosing the forward funnel, the ship embraces several innovations used in the latest destroyers but being tried for the first time among cruisers with the Atlanta and its sister ships now under construction.

Only mosquito boats are faster than this 5,000-ton, 523 foot cruiser will be, officers said. Christening the warship was Mrs. John Marsh, better known as Margaret Mitchell, author of "Gone With the Wind."

The Atlanta, a new type of light cruiser, was the first ship to go down the ways at the Kearny yards of the Federal Shipbuilding and Drydock company since the navy took over the yards last month in the settlement of a strike.

The Atlanta is the third of its name. The first Atlanta was an ironclad in the Confederate navy in the civil war days.

VITAL STATISTICS

MARRIAGE LICENSES—WASSON-CROCKER—Carl Grover Wasson and Velma Ethel Crocker, both residents of Roseburg.

BIRTHS—CALHOUN—To Mr. and Mrs. W. C. Calhoun, former Roseburg residents, at Sacred Heart hospital, Eugene, August 28, a son, William Ivan.

ODDITIES

Sour Note, Sweet Music

FERGUS FALLS, Minn.—Investigating a particularly sour note, a piano tuner discovered a mouse's nest behind the keys of Turner Askew's piano, and in the nest was a \$10 gold note, missing for several years, and a new \$1 bill. The gold note, well chewed, was sent to the treasury department for redemption.

Noise Abatement

NEW BRITAIN, Conn.—George Nicholas, Jr., aged 18 months, was having a good time blowing the horn on Daddy's automobile. Neighbor Raymond Hart, a policeman on night duty, was trying to sleep—and not having a very good time.

He and George, Sr., came out at the same time to see about the noise. There followed an argument and the arrest of George, Sr., on a breach-of-the-peace charge. But Judge Elias T. Ringrose said horn-blowing was a habit with children, and dismissed the complaint. The judge is the father of six.

Bitter Reward

COLUMBUS, O.—William Sedoruk's reward for pushing a stalled automobile was a brain concussion, cuts and bruises.

He related: "I came upon a man whose car wouldn't run. He asked me to push him. In doing so, the bumper guards of our cars locked. An argument followed during which he hit me on the nose."

Hospital attendants reported Sedoruk's condition "fair."

Suspect in Train Tragedy Problem For Questioners

UKIAH, Calif., Sept. 6.—(AP)—Investigators seeking the person or persons who caused the wreck of the streamliner "City of San Francisco" August 12, 1939, admitted they were confused today after questioning a suspect now lodged in a state asylum.

Deputy District Attorney Geo. Faraday announced after a lengthy conference with the man at the state asylum here he was convinced he had knowledge of the crime.

But asylum attendants say the inmate has a record of delusions about train wrecks, possibly extending back before the streamliner was derailed near Harney, Nev., killing 24 persons and injuring 108.

Records showed the man had twice been confined at Ukiah, and previously had been an inmate of a state asylum at Willard, N. Y. Faraday said some of the inmate's statements he knew to be factually correct, while others appeared to stem from delusions.

Chief clue to the train-wrecker was a leather jacket, wrapped about some tools, found in the bottom of the Humboldt river near the accident scene. Investigators traced ownership last January to an Oregon man who produced convincing evidence he was in Oregon the day of the wreck, and said he had given the jacket to an itinerant one cold, wet night. Recently the Oregon man was escorted to the asylum here, where Sheriff Al Meeker said he identified the inmate as the itinerant. Meeker said the insane man's cabin contained the names of Southern Pacific special agents and road crew foremen.
