Many sufferers relieve backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty urination with smarting and burning some persons with these symptoms is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 million of kidney troubles. Push out poisonous waste from your blood. DAILY DEVOTIONS

DR. CHAS. A. EDWARDS

Jesus when he was here among men, found that the things the people worried most about were fears common to mankind in general, the fear of hunger, thirst, and nakedness. He did not undertake to discount the actuality of these needs. He acknowledged their existence, and taught that they should be anticipated, and due precaution taken to meet them, but he pointed out that the time spent in worrying over them was so much time worse than wasted. When a problem arises, we simply need to ask ourselves: "Why worry?"

Which of you, with all of his worry can add a single hour to his life. When Elizabeth, Queen of England, was dying, she said: "Millions would I give for a few more hours to live." But neither her millions, or worry gave her a moment longer. The great and important matters of life are the great spiritual realities. Between us and these no man can come. We have a kind, gracious Heavenly Father and as long as we please Him nothing else really matters. If we are not pleasing Him, our first concern should be to yield ourselves to Him, and follow His way. Then we will find that the source of our worry has vanished away. Amen.
