Things Are Different Today

TODAY, here in Roseburg and Douglas county, seems very much like any other pleasant fall day.

Business, and the usual occupations of daily life, go on about as before. There is a trifle more business activity.

One thing, however, or perhaps we should say a number of things, are quite different today from yesterday and the days before yesterday.

Heavier taxes are required because we are preparing to defend our country and because we are defending democracy in all the world.

However, and this point we want to emphasize, we are spending far more money on non-defense items of government than is necessary.

The new bunch of taxes that have become effective today are not heavy enough to ruin us—neither are they going to amount to enough in total to pay the spending bill and the defense bill being run up for the period of their levy.

Editorials on News

that no matter how small the beginnings may be, if they are sound and constructive, there is no limit to what may grow from them.

pendence, who sat in the first Continental Congress and who drew up the Constitution of the United States were the ripe product of all the world's best thinking up to their time.

TAKE no one's word for that. Gaze upon their portraits hung about the walls of Independence Hall. The character of these men STANDS OUT from their faces.

It wasn't unlettered, intuitive INSTINCT that guided their discussions—although they were outstandingly men of liberal instincts and sound judgment.

They were ALSO men who had been carefully educated in the best institutions of the world of their day.

LET'S NEVER sneer at education and training when added to liberal instincts and sound judgment.

The job done in Independence Hall by these cultured, painstakingly educated men who were also men of courage and decision will stand for all time as a monument to what can be done by men of that breed when they join together SINCERELY for the accomplishment of a great purpose.

FOR more than two weeks this writer has been watching the government of the United States, including both the administration and the congress, in action.

The sight, in some of its aspects, is inspiring. In some of its other aspects it is HORRIBLY DEPRESSING.

This word in conclusion: Those aspects of our government which in these days are inspiring arise out of the efforts of SINCERE men, in the administration, in congress, who have been carefully trained for the task that now is theirs to do and who bring to it both liberal instincts and sound, mature judgment.

The horribly depressing aspects of our government arise almost exclusively out of the activities of little, shallow, piddling men whose intellectual vision is so distorted as to be able to discern nothing beyond the immediate exigencies of vote-getting politics.

THERE are such men in Washington. You don't need to be there long to be able to pick them out.

Fresh Bans Hit Jews in Germany

BERLIN, Sept. 30.—(AP)—The privileges of Jews were further restricted today by a decree of the transport ministry, which the Berlin newspaper Boersen Zeitung predicted would be followed by more stringent measures—possibly including creation of a Ghetto.

The new decree forbids Jews to enter public conveyances of any sort until all other passengers have been accommodated, or to sit down if insufficient seats for non-Jews are available.

Only recently all Jews were ordered to wear a large yellow star of David on their clothing as a badge of identification, and the Boersen Zeitung said this measure had re-opened the eyes of Germans to "the Jewish question," which it asserted "must be solved without sentimentality."

"For a large section of our people," the paper said, "it was a disagreeable surprise to see how many of these unwanted contemporaries still live among us, namely in certain quarters of large cities; how many good houses are occupied by them at a time of home shortage; with what a free and easy way they go about the streets as though they were alone there."

Berlin police, meanwhile, opened a city-wide drive against profiteering restaurant owners, closing several establishments permanently on charges of boosting food, beef and liquor prices.

Fines ranging from 2,000 to 18,000 marks (nominally \$800 to \$7,000) were imposed upon offenders.

Free Textbooks Ruling Sets Per Capita of \$1.50

SALEM, Oct. 1.—(AP)—School districts are not permitted to raise more than \$1.50 per pupil each year for free textbooks in public and private elementary schools, Attorney General Van Winkle ruled today.

The levy for such books should be repeated each year until enough books are supplied.

State Tax Aide Here to Confer With Employers

H. J. McKay, field representative for the state unemployment compensation commission, will be in the Roseburg area for the next few days to confer with employers with regard to recent changes in rates and regulations. He will make headquarters at the Rose hotel and at the state employment office in the courthouse.

Nut Pickers Wanted For Douglas Orchards

The Roseburg employment office announced today that they had received many calls for nut pickers from Douglas county walnut and filbert growers. Some growers are paying by the sack, others are operating on pound basis.

DAILY DEVOTIONS DR. CHAS. A. EDWARDS

God can use any kind of man except an unwilling one. Only Abraham himself could make God sure of Abraham. So, in purple glow of twilight softness, beneath the rugged head of Mt. Moriah shouldering the sky, Abraham was called to the test of the ages.

What was that test? "Take now thy son, thine only son, whom thou lovest, and get thee into the Mt. of Moriah, and offer him there for a burnt offering." And Abraham did not falter, and God saw and was satisfied. If we are not facing our trials with the same degree of strength as did Abraham, the difference is not between Abraham's God and our God, but between Abraham's faith and our faith.

The biting winds of winter turn some trees a sickly yellow and some a heavenly hue. The difference is not in the storm, but in the trees. How many are we, standing the test? There can be no solid and impregnable character that is not built upon a solid and impregnable foundation.

How are we building? Can we stand the test? Today's victories spell the victories for tomorrow. Today's failures weaken our chances for victory tomorrow. Amen.

Here On Business—Fred Paquette, formerly of this city, and Mr. and Mrs. George Warren and two children, John and Nancy, all of Los Angeles, have arrived here to attend to Mr. Paquette's timber interests in the Glide and Peel vicinities.

More U. S. Troops Arrive In Iceland

REYKJAVIK, Oct. 1.—(AP)—Soldiers of the United States army, commanded by Maj. Gen. Charles H. Bonesteel, have landed here to bolster the increasing formidable garrison of this Gibraltar of the north.

Gen. Bonesteel said in an interview aboard the transport which brought him here that "we are here for a hard and serious business."

Just what the business was he did not say, but he made it clear that there is to be "no fiddling." Gen. Bonesteel said, "A better rifle may be in the offing, but if you never experiment and experiment you never get anything."

Rewards Offered for Men Who Slew Marion Miley

LEXINGTON, Ky., Sept. 30.—(AP)—Rewards totalling \$2,277 and a fund-raising proposal for a memorial were counted today as police struggled vainly for clues to the slayers of Marion Miley, 27, six times Kentucky's champion woman golfer.

Miss Miley was killed and her mother, Mrs. Fred Miley, was wounded critically early Sunday at the swank Lexington country club. Two thieves broke into Mrs. Miley's room, knocked her down, shot her thrice in the abdomen and killed Miss Miley with shots through the head and back.

Mrs. Miley remained in a grave condition after an operation to remove the bullets.

Art Exhibit Scheduled At Fullerton School

A traveling art exhibit has been scheduled for Roseburg art lovers to be shown all next week, October 6-10, in the gymnasium of the Fullerton school, according to an announcement made this morning by Miss Margaret Carr, art instructor in the local schools.

The exhibit will include pictures of a number of leading artists of the world. It will be open mornings and afternoons every day next week through Friday. A small fee will be charged to defray expenses of bringing the collection to Roseburg and to assist the fund being created to purchase a picture for the Fullerton school.

Walnuts Presented by John Alexander of Glide

John Alexander, well known resident of Glide, brought to the News-Review office yesterday afternoon two large bags of excellent walnuts. They are products of the Alexander place at Glide. He presented one of the bags to the shop of the News-Review and the other was given to the people in the front office. Mr. Alexander also was carrying two mammoth quinces which he placed on display in the office of the Roseburg chamber of commerce.

American-Born Countess Found Shot to Death

LONDON, Sept. 30.—(AP)—Mrs. Alice de Trafford, formerly the Countess de Janze, was found shot dead today in her farmhouse at Gilgil, Kenya colony, according to a Reuters dispatch from Nairobi.

China Relief Drive Plans Made Here

People of Roseburg will join in the common purpose of the United China relief appeal this Sunday, Rev. Morris H. Roach, chairman of the Douglas county committee for China relief, announced yesterday that this, the world wide communion Sunday, would be the start of the local drive for funds to aid the distressed people of China.

Stressing the importance of the appeal, beginning Sunday, October 5, and lasting until October 15, Rev. Roach said that never before in recorded history has there been such human need upon so vast a scale or so epic a mass migration.

Contributions which have begun to come in are being received by E. S. McClain, secretary and treasurer of the committee. Money received by the churches will be sent to China through the churches' own connections and can be counted toward the Douglas county quota if they are reported to the committee, said Rev. Roach.

Gifts large and small will help relieve the tremendous suffering in China because money goes farther in China than anywhere else in the world. Examples of this are that the 15-cent cost of an ice cream soda will feed five Chinese children for a whole day, a 25-cent movie ticket will cure a case of malaria or feed a child for a whole week, one dollar will save a life for a month and 20 dollars will support and train an orphan for a year.

Governor Charles Sprague said this week concerning the drive: "I heartily endorse this campaign in Oregon and make a personal appeal to the generosity of the people of this state. Let us give out of purse and heart for the relief of our afflicted neighbors across the Pacific."

Members of the county committee are: chairman, Rev. Morris H. Roach; radio, Marshall Pengra; county schools, Mrs. Lula C. Gorrell; city schools, Supt. W. M. Campbell; business houses, Elbert Marsh; theater, Donn Radabaugh; pastors association, Rev. H. P. Seance; News-Review, Harris Ellsworth; Chlefaint, Joe Fox; industries (Roseburg), H. C. Wells; industries (county), T. C. Hartlieb; business houses (county), L. J. Fullerton; civic clubs, D. E. Carr; Women's clubs, Mrs. Stella Spencer.

Hot Lunches Served by Nine Douglas Schools

Nine Douglas county schools are serving hot lunches to school children this year under the WPA hot lunch program, Lula C. Gorrell, county school superintendent, announced yesterday. The schools are Dillard, Drain, Edet bower, Elgarose, Glendale, Green, Sutherland, Roseburg senior high school, and South Deer creek.

A number of schools have been approved for the program, but have not begun serving lunches, said Mrs. Gorrell, who added that any school is eligible to receive commodities for lunches.
