In the Day's News

By FRANK JENKINS
NEW YORK is America's largest city.

It is also, by long odds, America's easiest large city to get into and out of by automobile.

COMING in from Washington and Philadelphia, by Highway No. 1, the Pulaski Skyway is encountered out in the edge of Newark, and one climbs promptly up above the narrow, twisted streets with their complicated traffic and barges in over an elevated roadway that is the last word.

Leaving (northbound) one simply turns toward the Hudson river, goes as far as possible without running into it, climbs a ramp to the Hudson Parkway, follows it to Yonkers and after a little minor struggling with construction projects gets onto the Merritt Parkway, which deposits him in due time at the beginning of the Boston Post Road.

It is as simple as falling off a log.

AFTER wandering around and getting lost and then inquiring the way and fighting traffic and getting lost and doing it all over again trying to get into and out of Washington, Baltimore and Philadelphia, the New York system of highway entrance and departure soothes the ruffled spirit of the motor traveler as oil soothes the troubled waves of the ocean.

Dodgers Win 2nd Game To Knot Series

First Game's Score, 3-2, Repeated; Wyatt Hurts Victory for Brooklyn

NEW YORK, Oct. 2.—(AP)—Brooklyn's Dodgers came roaring back behind great pitching by Whitlow Wyatt to defeat the Yankees 3 to 2 today before 66,248 cheering fans and knot the world series at one victory apiece.

After being pounded for four solid hits and two runs in the first three innings, Wyatt settled down to blank the Yankees the remainder of the route, while his mates were pounding Spud Chandler from the mound in the sixth frame, when they scored the winning run.

Camilli, Dodger first baseman, who could do nothing but strike out in the opening contest, knocked in the winner today with a single off the Yankees' relief hurler, Johnny Murphy.

The Dodgers made only six hits off Chandler and his successor, while the Yanks got nine off Wyatt and threatened regularly, but the Flatbushers put theirs together in the fifth and sixth rounds.

As a result of today's victory, the National leaguers go into the third game tomorrow on even terms with the Yanks, and with the added advantage of playing in their own field in Brooklyn. The defeat snapped a string of 10 straight world series triumphs for the Yankees.

Wyatt, 32-year-old righthander who won 22 games during the recent National league campaign, pitched masterfully after his shaky start. His first ball appeared to grow faster as he went along, bearing down on every pitch, and toward the last the Yanks were lucky to touch him. He struck out three out of four batters who faced him at the end of the sixth inning and in the seventh.

Game by Innings

First Inning. Dodgers—Walker fanned. Herman knocked a bouncer to Gordon and was thrown out. Reiser fanned. No runs, no hits, no errors, none left. Yankees—Sturm struck out. Rolfe dragged a bunt for a single. Henrich walked, very low outside. DiMaggio knocked a roller to Reese who threw to Herman to

Air Spotter Class Will Open Monday; Volunteers Needed

Instruction classes for the operation of the Roseburg air raid filter center will begin Monday evening, Lieut. Truman Runyan, officer in charge of the Roseburg unit, said today. Each woman volunteering for this service will be asked to give her time either mornings, afternoons, or evenings on Monday, Tuesday and Thursday. These nine hours of instruction will be sufficient for training for the operation of the local filter center, Lieutenant Runyan said.

After this instruction period there will be only eight hours of brush-up practice sessions during the air raid alert scheduled for the entire Pacific coast between October 28 and November 1.

Fifty additional women are needed to adequately operate the local filter station. Stressing the importance of this work, Lieutenant Runyan said that contrary to popular belief, the filter stations in the outlying sections such as Roseburg are the most important of the entire air raid filter organization.

The local defense council today urged all available women to volunteer their services for this highly important work. Women with available time are asked by the defense council to contact Lieutenant Runyan at the chamber of commerce office as soon as possible.

Scores Trapped In Buildings Blast

CUMBERLAND, Md., Oct. 2.—(AP)—A tremendous explosion, this afternoon leveled three two-story buildings in the heart of the business district, and fire that broke out immediately trapped an uncounted number of persons in the flaming wreckage.

Rescue workers, their efforts temporarily halted by the flames, took at least 23 persons to hospitals.

Cries of many others trapped in the wreckage could be heard. The buildings leveled by the blast, origin of which was not immediately known, were the Wagner meat market, the Heinrich and Jenkins men's clothing store, and the Lichtenstein Pharmacy.

Mott Pledges Vote for Lease-Lend Extension

SALEM, Oct. 2.—(AP)—Asserting he would vote for additional lease-lend appropriations and for the arming of American merchant ships, Congressman James W. Mott left his home here today to return to Washington, D. C.

Mott said these prospective votes would not be a change in course for him, adding that he has supported "every piece of defense legislation, whether it was an administration bill or not."

Wage Scale Adopted by Oregon Potato Raisers

REDMOND, Oct. 2.—(AP)—Potato growers of central Oregon Tuesday night adopted a uniform wage scale for the harvest which will begin next week. Balloting on a marketing agreement began and will continue through Saturday. Both Deschutes and Crook counties are included in the area concerned, along with Klamath county in Oregon and Modoc and Siskiyou counties in California. Harvest wages agreed upon by growers were 3 cents per 60-pound sack; and \$4 per day for day labor, without board.

Ex-Governor, Wife Clubbed In Dixie Home

Mr. and Mrs. Rivers Beat Off Georgia Attacker, Who Later Kills Self

LAKELAND, Ga., Oct. 2.—(AP)—Former Governor and Mrs. E. D. Rivers were clubbed on the head with a pistol butt at their home last night by an assailant, who, finally beaten off and felled in what police said appeared to be a bizarre kidnap plot, killed himself at a tourist camp.

Three shots were fired, Mrs. Rivers said, in a tense struggle before she and her 45-year-old husband drove the intruder from their living room. Neither was hit by bullets, but she received an ugly gash over the eye and the former state executive was so badly bruised and gashed that physicians gave him a sedative.

Neighbors trailed the attacker towards a roadside camp in the outskirts of nearby Valdosta, Ga. Police Capt. J. L. Murphy of Valdosta reported that when he and two other officers confronted the man there, he turned on a light in his trailer and fired a pistol bullet into his mouth.

Murphy said the 130 to 135-pound man, about 35 years old, carried a card and a 1932 Pennsylvania driver's license bearing the name of Horace Waters Bickle and giving a Pittsburgh, Pa., address. He added that he was convinced that this name was correct.

In New York, a woman identifying herself as Mrs. Horace Bickle said her husband, a former Pittsburgh school teacher, left for Georgia a month ago after spending a short time in New York.

On Tuesday, he returned to Roseburg and entered Mercy hospital, where he was found to be suffering from embolism.

Soviet Lines Hold Firm On All Fronts

Nazis Fail to Gain in New Assaults, Moscow Claims; Berlin Reports Are Mild

MOSCOW, Oct. 2.—(AP)—All-day efforts by massed German forces to crack the Russian line on the southern front have been repulsed in a violent battle, the Red army reported today, while in the northwest, around Leningrad, three Nazi assaults have cost the invaders more than 1,200 dead and wounded without gain.

The southern sector includes the Ukraine and the Crimean peninsula, but the exact scene of the newest attacks were not disclosed by Red Star, army newspaper. The onslaught lasted all day yesterday but now is weakening, and the Germans are falling back to their old positions, leaving 250 dead men behind, Red Star said.

In the north, the fighting apparently was another series of localized but intense combats at close range on the perimeter of Leningrad's outer defenses.

The Soviet information bureau said one Russian infantry unit inflicted more than 400 casualties on the Nazis while another killed or wounded 200 men, crippled six German tanks and captured 17 machine guns.

The third thrust cost one regiment of German infantry more than 600 men, a communique said, plus two tanks, two baby tanks,

British, Nazis Pause in War To Swap Prisoners

A British Port, Oct. 2.—(AP)—Britain and Germany, by temporary agreement, will take time out from their war in and across the English channel this week-end to assure safe passage for 3,000 wounded prisoners of war—half of the number British, half German—who hadn't expected to see home before the end of hostilities.

Two British hospital ships, each transporting 1,500 men, will try to make the crossing by daylight but if tides prevent landing in time the ports will be lighted and the ships will carry lights—the first such exceptions in the black-out since the war began.

The agreement provides for fighter planes, bombers and submarines to withdraw from the scene.

The two vessels will be concerned only with getting their wounded out and into port as quickly and as comfortably as possible.

Wheel Chair Huntress Downs Mule Deer

PORTLAND, Ore., Oct. 2.—(AP)—Nellie Shannon didn't let life in a wheel chair interfere with her hunting.

She displayed today a 140-pound mule deer she shot in the Ochoco national forest. The buck fell, she said, on her first shot from 85 yards.

Although she has been confined to the wheel chair since an infantile paralysis attack 20 years ago, she is an able buck hunter as well as a marksman on bigger game.

I SAW

By Paul Jenkins

News-Review Photo and Engraving.

OLIVE ILES, News-Review editorial secretary, as she sat typing advertising copy from a last year's circulation ad, from the bound copies of that date.

"I feel like a regular guinea pig for your experiments," she exclaimed, somewhat indignantly I thought, as I posed her for the picture appearing above. Doggone it, what would you have? She makes a good subject—and is so convenient.

Do you know, we have an awful time trying to find new ways of telling you about our annual bargain rate. Seems as if, in past years, we've just about told you all we know. After all, if you come right down to brass tacks, we're simply offering you (as subscribers) the same bargain rates we have for past years. How are we going to find any thing new to say about that, I ask you.

Of course, with neighboring newspapers raising their prices as they have recently, we might call your attention to the fact that our prices are at the same old rate. Maybe later we will have to raise ours—we don't know; but we can assure you of at least one more year's reading of the News-Review at these "peacetime" rates. If you take advantage of our currently advertised bargain sale.

By the way (this is asking something more of you) if it doesn't make any difference to you, we sure will appreciate it if you will send in your remittances early. Early or late, y'e know, we'll value them; but, being more or less swamped all the time during this season, we certainly will pay a tribute (verbally) to those of our customers who mail or bring in their subscriptions early, thus lessening to that extent the inevitable "last minute rush" which makes old men (and women) of us each year.

I'd like to give you a swell sales talk as to why you ought to take the News-Review for another year—or any number of future years; but, inasmuch as you are reading it now, I reckon you know the answers just as well as we do.

I suppose the thing we are proudest of, as publishers of a newspaper here, is our coverage of local news. I think all of us like to read of what is going on right here at home, don't you? So, going on that theory at least the News-Review tries to get that news for its readers, first of all. In fact, we consider it our bread and butter—it's what really makes a "local" paper for us.

Oh, yes; our bargain prices (which started last Saturday) will extend to (and through) October 11th, so, if it isn't convenient for you to subscribe right now, you will have until that time to do so. It is no more than the truth to tell you, that all of us here hope that you are able so to do,

Slavs, Czechs, Greeks Lead In Uprisings

Hostage Reprisal System Established; Ex-Premier Elias Asks Clemency

By the Associated Press
A Greek uprising with machine guns, hand grenades and revolvers in Bulgarian-occupied Macedonia was reported today as German firing-squads and public hangings were credited with snuffing out the lives of 170 anti-Nazi conspirators in Hungary, Belgium and old Czechoslovakia.

The Germans asserted that an incipient Czech revolt in Bohemia-Moravia was "in hand" as 39 new death sentences were handed down in the Nazi protectorate.

However, two German aviators were reported shot in a dark street in Zagreb, the capital of the old Yugoslav state of Croatia. A recent government decree provides for the execution of ten "communists" for each such attack.

General Alois Elias, premier of Bohemia-Moravia who was sentenced yesterday to death, was not immediately executed, authoritative Berlin sources indicated today, because he had availed himself of the right of asking clemency—which only Adolf Hitler can grant.

Sabotage Orgy Widespread

With Europe's millions chafing bitterly under the yoke of Nazi conquest, German executioners and the dread Gestapo have been forced to work overtime in the occupied countries.

Slipping through the night to kill, burn, wreck and spy on German occupying forces, conspirators by the thousands have challenged Hitler's regime in Norway, France, Belgium, Holland, Yugoslavia, Greece, Rumania, Bulgaria and elsewhere. Germany usually says these are communists.

Resorting to the "hostages" system of reprisal—executing men in jail for anti-Nazi attacks committed by others—Germany has threatened to retaliate against the whole populace of parts for assaults on Nazi soldiers, has executed Dutch and Belgians by the score for aiding British fliers, and has shot or hanged untold hundreds who refuse to submit to German rule.

In little Croatia alone, tens of thousands of Serbs are reported to have launched guerrilla warfare against the axis-sponsored regime. Some observers returning from Europe have predicted a French revolt within four months, while the Dutch news agency reported that sabotage and anti-Nazi demonstrations were on the increase throughout Holland.

Advertising Executive To Speak in Roseburg

Bringing with him a wealth of material on the subject of newspaper advertising technique, H. C. Bernsten, noted lecturer and head of the Pacific coast bureau of advertising, will arrive in Roseburg tomorrow evening just in time to present his topic before a gathering of local businessmen, it was learned today.

A meeting similar to the one scheduled for Roseburg will be held in Albany during the afternoon. Following the Albany meeting, Mr. Bernsten will drive to Roseburg, arriving in time for the 8:30 meeting, which has been scheduled late to enable him to make both talks the same day.

Mr. Bernsten comes to Roseburg at the invitation of the Roseburg News-Review. All Roseburg business people, proprietors and employes, are invited to attend the meeting, which will be held in the civic room at the Hotel Umpqua.
