Marjorie Wright, daughter of Mr. and Mrs. Ray Wright of Baya Creek, brought additional honors to Douglas county at the Pacific International Livestock exposition in Portland last week, when she won the blue ribbon on her canned meat exhibit. The exhibit consisted of five jars, each containing a different kind of meat. The meats canned were venison, beef, pork tenderloin, mutton and salmon.

Marjorie's older sister, Josephine, competed in the same class just a few years back and won the blue ribbon. Her exhibit was then sent to the Chicago International, where it was also awarded the blue ribbon. In all probability Marjorie's meat exhibit will be sent to the Chicago show, to be entered in competition there.

Railways Counter Pay Raise Demand With Own Offer

CHICAGO, Oct. 13.—(AP)—Railroad management submitted a wage increase counter offer today to President Roosevelt's fact finding board investigating a dispute between the nation's major carriers and 1,260,000 organized employes.

Described as a plan of emergency compensation resembling the Canadian war emergency bonus plan, the proposal was based on a formula relating changes in the index of living costs to the trend in railroad gross revenues.

The initial effect would be an estimated six per cent increase on earnings up to \$30 a week or \$65 on semi-monthly payrolls, effective November 1, and amounting to approximately \$95,004,000 a year.

The raise would apply to all employes, a spokesman explained, but only on their first \$30 a week or \$65 a half month. An employe earning more than \$30 a week would not have the increase percentage applied to the excess over \$30.

It would become effective November 1, 1941, continue through December 31, 1942, and provide for four quarterly adjustments if necessary on February 1, May 1, and August 1 and November 1, 1942.

Present basic rates of pay would be preserved as a floor below which wages would not go, regardless of the trends of living costs and railroad revenues, Gureley said. A ceiling also would be fixed of not more than 15 per cent increase on the first \$30 a week of earnings.
