

Latin America to Get Big U. S. Help

WASHINGTON, Oct. 16.—(AP)—Latin American nations will get approximately \$150,000,000 in aid for the construction of defense bases and other military purposes, authoritative quarters said today, if congress approves the pending lend-lease bill.

Admiral Harold R. Stark, chief of naval operations, was said to have mentioned the program when he outlined plans for strengthening hemisphere defenses during his testimony yesterday at a closed session of the senate appropriations subcommittee which is considering the legislation.

Stark, it was reported, urged upon the committee the necessity of approving allocations of \$100,000,000 to be spent by the army and \$50,000,000 by the navy in Latin American countries in order

to meet any eventualities that might arise.

The admiral was described as looking upon such expenditures as cheap insurance against possible nazi invasions in the southern part of this hemisphere.

Second Drop in River Ends Aged Man's Life

NEW YORK, Oct. 16.—(AP)—Daniel Larkin, 65, was pulled out of the East river by a friend last night and, on leaving the scene, said he was going home. Three hours later the police pulled him out again. He was dead.

WOOD—Iza Beatrice from Eugene Donald Wood; married at Roseburg, Nov. 3, 1937; cruelty.

New Restrictions Hit Berlin Jews

BERLIN, Oct. 16.—(AP)—A new wave of anti-semitism in Berlin these days is characterized by the following developments:

1. The Jewish Kulturband which provided theatrical performances, concerts and movies to the Jewish population has been dissolved and its artists sent to work in munitions factories, on road building projects and similar chores.

Jews already were barred from all cultural institutions available to non-Jews.

2. Grocers dealing in vegetables and fruits may not inscribe Jews on their customer lists for these two kinds of products.

Every German household is required to register with a definite grocer, meat market or dairy products shop which alone may then supply it with the quantities allowed under Germany's strict rationing system.

For some time before Jews had been barred from purchasing sweets, condensed milk and many other canned goods.

The synagogues in Levetzow and Muenchener streets, which remained among the few houses of worship permitted to the Jews, were closed recently and all space available inside them filled with straw sacks. It is believed the building will be used to house large numbers of Jews.

3. Some 2,000 Jewish families living in flats and apartments received notices during the past 10 days to prepare to leave them.

4. Persons receiving such notices were forbidden to look about for other quarters. They were told they would be assigned quarters when the time comes to move.

5. All Jews receiving the evacuation notice must fill out an inventory of all their possessions, from the pianos to collar buttons.

6. They must fill out a list entitled "normal needs of consumer." But not include objects on this list in the general inventory. The Jews fear that when they

move they will be deprived of everything except those goods listed as "normal needs."

Diet Training Meeting Set Here for Tomorrow

Two representatives from every woman's organization in Roseburg has been asked to attend the training meeting on adequate diets, to be held Friday at the council room in the city hall from 10 to 3:30. Miss Lucy Case, of the Oregon State college extension department, will conduct the meeting. Those attending are asked to bring their own noon lunch.

No Hostess Luncheon—The Business and Professional Women's club will hold a no-hostess luncheon at 12 o'clock Friday at the Grand hotel.

?? PROFESSOR WHIZ'S QUIZ ??

HI COACH! HOW MANY BASEBALL TEAMS WOULD IT TAKE TO EQUAL THE TOTAL PLAYERS ON A BASKETBALL—ICE-HOCKEY—FOOTBALL AND POLO TEAM?

Answer: Basketball—5 on team; Ice-hockey—7; Football—11; Polo—4. Total—27 players—or 3 baseball teams!

How many more dollars would it cost to get the same results from out-of-town feeds than from Umpqua? We don't know; but a trial will convince you that it would take a lot more. Feeds direct from the manufacturer to the consumer are bound to cost less. But at home, and save.
