"Now that's what I call good coffee!"

You'll find the real flavor of coffee—appetizing aroma and zesty strength—in every pound of Hills Bros. Coffee. Controlled Roasting—a process originated and used exclusively by Hills Bros.—is one reason for this. The fine blend is roasted evenly...continuously...a little at a time. This uniform roasting develops a flavor that never varies—a flavor no other coffee has.

HILLS BROS COFFEE

HILLS BROS COFFEE

The Correct Grind developed by Hills Bros. is guaranteed to produce best results in DRIP, GLASS MAKER, PERCOLATOR, or POT, if the directions on the side of the Hills Bros. Coffee can are followed.

"Now that's what I call good coffee!" Again and again—year after year—that's what people say when they drink Hills Bros. Coffee. And it's certain to be what you will say when you drink a fragrant, steaming cup of this fine coffee.

Next time good friends drop in... serve Fruit Cake and **WINE**

Delicious refreshment wines such as glowing, full-bodied California Port or golden Muscatel are especially nice for between-meal serving. Try serving wine, and notice how guests appreciate this way to be moderate. Wine Advisory Board, 85 Second Street, San Francisco, California.
