Railway Express Union Wage Dispute Settled

CHICAGO, Dec. 10.—(AP)—The wage dispute of 42,000 Railway Express company employees was settled today by a three-man committee of management and labor signed an agreement accepting a 10 cents an hour pay increase.

Wayne Lyman Morse, chairman of President Roosevelt's emergency fact-finding commission, announced the signing of agreement less than six hours after he informed the company, upon authorization from the White House, that it must accept the recommendations of the commission for the wage hike.

Earlier, the union announced a strike threat might be called to enforce the wage demands.

Fresh Hoax Air Alarms Sound in New York City

NEW YORK, Dec. 10.—(AP)—Air raid warnings were sounded in New York at 8:41 a. m. today after similar warnings had flashed over Long Island. The all clear was heard at 9:01.

Police headquarters reported that "enemy bombing was imminent" but first air force headquarters at Mitchel field disclaimed any knowledge of hostile aircraft being in the vicinity.

A spokesman at Mitchel field said: "We gave no orders for an air raid alarm. We are not responsible if local drills are being held."

The metropolitan area experienced its first two alarms of the war amid considerable excitement yesterday as a result of what the war department described as a "phony tip" that enemy bombers were approaching.

Leo Devaney Appointed Wing Commander

PORTLAND, Ore., Dec. 10.—(Special)—Leo G. Devaney, state director of aeronautics, was informed Tuesday in a telegram from Fiorello LaGuardia, civilian defense director, of his appointment as wing commander of the civil air patrol for Oregon. Devaney planned to leave Tuesday for conference in Washington, D. C., on how the air patrol will be set up.

Devaney was informed that Major General John F. Curry, formerly chief of the second air force, will head the patrol nationally. Generally, the civil air patrol has been discussed as an organization of civilian fliers which could carry on vital communications and non-military supply functions during emergencies.
