Huge Bronze Tom Wins Championship

News-Review Photo and Engraving.

Pictured above are the principal prize winning birds in the dressed division of the Northwestern Turkey show. The huge 40-pounder shown at top center is the grand champion, entered by R. D. Mitchell, Oak Harbour, Wash. The champion is flanked on the left by the champion black, entered by Mrs. Ray Leatherwood, Oakland, and on the right by the champion white Holland, entered by Henry W. Domes, Rickreall. From left at bottom are the Narragansett champion by Glen Wood, Fall Creek; the reserve champion, M. M. Lyons, Portland, and the Bourbon Red champion, Ward Cockeram, Oakland.

George Wilcox, Oakland, Oregon, 18.

CO-OP BROAD-BREADED BRONZE BREEDING PROGRAM

Fertility and Hatchability—Fast Maturity
Livability—Body Type—Egg Production

A Real Broad-Base Breeding Program

is used in the improvement and perpetuation of the Co-op strain of Broad-Breasted Bronze. This program stresses ALL important factors.

Trapnesting and pedigreeing—and a careful program of progeny-testing for these factors, is stamping them definitely on the Co-op Strain.

FOR FOUNDATION BREEDING STOCK,
