

Widows of Hawaii Raid Victims to Receive Pensions

WASHINGTON, Dec. 18.—(AP)—Widows of the fighting men who died at Pearl harbor will receive six months' pay and a pension for life.

Awaiting signature on the president's desk is a measure to increase the pensions from the peacetime range of \$22-\$56 monthly to wartime levels of \$30 to \$83.

Uncle Sam's guarantee that wife and children will be cared for if death should strike are matched by other government protection which shields soldiers and sailors, while they live and serve the country, from financial worry.

This is embodied in the soldiers' and sailors' civil relief act of last year which suspends "enforcement of civil liabilities" and that includes taxes, installment payments and insurance premiums—in certain cases to permit service men "to devote their entire energy to the defense needs of the nation."

The widow's pension is not determined by the fighter's gold braid or years of service, but by the age of his widow and the number and ages of the children. So the private's widow may receive a larger pension than the major-general's, though the six months' pay, of course, would be otherwise. Pensions are paid for death in action or from natural causes.

The pay is granted by the war and navy departments, the pensions by the veterans administration. The latter also administers the national life insurance program, under which service men may get life insurance protection up to \$10,000 at very low rates.

Seven Youths Die In NYA Bus Fire

ROBINSON, Ill., Dec. 18.—(AP)—At least seven youths perished last night in the burning wreckage of a national youth administration bus that ran off Illinois highway 1 and overturned near West Union.

Two boys, Henry Walters and one named Johnson of Marshall, were unaccounted for early today, and the bus driver, Ferris Williams, 35, of Casey, was hospitalized for critical burns. Seven others escaped with burns.

The dead were Tom Ollinger, 17; Henry Ollinger, 16; James Holbeck, 15; Barney Shok, 15; Richard McClure, 20; Earl Melton and Vic Turner. Turner was from Marshall.

The bus was returning to Marshall from Oblong, where the boys had gone on NYA project work. Witnesses said the bus started to leave the road, skidded and overturned as Williams attempted to pull it back on the pavement.

Dan McClure, father of Richard, reported eleven youths got out of the bus when it tipped and caught fire but two of them perished in attempts to rescue the others.

60 Millions For Power Jobs Okayed

WASHINGTON, Dec. 18.—(AP)—President Roosevelt signed today legislation appropriating nearly \$60,000,000 for hydroelectric power and flood control work designated as urgent for defense.

Thirty million dollars was appropriated for use of the Bonneville power administration in the construction of transmission systems and substations for power from the Bonneville and Grand Coulee dams. This brought to \$50,000,000 the total appropriated for the work.

The bill included \$3,000,000 for further work on a transmission system from the Keswick and Shasta dams in the central valley for California. The total cost of this system was estimated at \$23,000,000 of which \$1,000,000 had been expended previously.

Strike Threat of Welders Revived

LOS ANGELES, Dec. 18.—(AP)—Paul Gregory, southern California agent for the United Welders, Cutters and Helpers union, said today that 1,700 welders at the California shipbuilding yards on Terminal Island planned to quit their jobs because some of their members had been discharged for failure to pay AFL boiler-makers' union dues.

Shipyards officials said the number of welders laid off was negligible, but recalled that under a truce signed by Karl V. Morris, welders' president, and OPM Chief Sidney Hillman, the welders were to reinstate themselves in the good graces of the AFL.

John A. McCone, general manager of the California Shipbuilding company, which employs 14,000 men, said he would confer later today with Gregory and with E. V. Blackwell, local president of the boiler-makers' union.

Company spokesmen said they expected little if any progress to be made at these conferences and referred to Gregory's announcement as another development in the long fight and it's the same old fight.

ing of the club last night. Home owners who install outdoor lighting effects, however, are requested to arrange switches so the lights may be quickly extinguished, and it also is urged that displays be turned off if occupants are to be away from home.

A collection of toys was made last night by the Lions to be given through the Salvation Army to children in needy families.

The club's next meeting will be held Wednesday, January 7.

Japanese in U. S. Army Do Teaching Service

CAMP ROBERTS, Calif., Dec. 18.—(AP)—Seven Japanese privateers in the U. S. Army here are teaching a class of more than 100 officers and enlisted men how to say "Hello" and "how do I get there?" in Japanese.

The private-professors, American-born all, are giving a course in simple conversation, greetings, and basic grammar forms. It pays to be prepared, the army believes!

Willamette Basketeers Defeated by Utah, 41-23

SALT LAKE CITY, Dec. 18.—(AP)—Displaying a smooth, fast attack, a University of Utah basketball team last night defeated Willamette university, 41-23.

The Utes took an early lead and led 18-11 at half time, a lead never threatened by the Oregon team. Smith, of Utah, led scoring with 9 points, followed by his teammate Sheffield and Willamette's Carson with 8 each.
