SANITARY MARKET

If ever there was a need for faith, now is the time. Much of the world is torn by war. Men in whose hearts there is evil have gained power. Those who toil, in fields and factories; women in the home; little children visited in their innocence with disaster—none have escaped suffering in those lands where greed has swept over all the land. Perhaps the time has come for the testing of spiritual values. Perhaps only those who truly believe, and are willing to fight for their faith in the good, the generous, the kindly way of life will ultimately survive. Let Christmas then, be the symbol for renewed faith.

Christmas, that most Holy Day, when a little Child was born, touched with God's own hand in blessing, that He might grow to manhood a Man among men, a Leader in the way of life that is righteous, and gives to every man his just share of this world's goods.

Remembering His word, we can feel certain that the evil will perish, drowned in that very misery they have brought down upon their fellow men. The evil shall be swept from the earth, and the good shall arise from their suffering, to see the dawn of a happier day.

Santa's reindeer will make a path to your door for good things.
