DAILY DEVOTIONS

DR. CHAS. A. EDWARDS

"A word fitly spoken is like apples of gold in baskets of silver." We all enjoy, yes, perhaps have a deep longing for a little praise and appreciation. We can rarely do our best in any enterprise without a little praise. How a heartening word spurs us on. Appreciation and encouragement have often spelled the difference between success and failure, happiness and sadness. Some one asked Charles Kingsley, one day, the secret of his success. He replied, "I had a friend who believed in me." Encouragement is oxygen to the soul. Jesus always talked man up. He ever saw the potentialities in every individual. He came in touch with. No one ever climbed spiritual heights without it. Note how good you feel after you have encouraged someone else. Ella Wheeler Wilcox wrote a little prayer some years ago as follows: "Let me today do something that will take A little sadness from the world's vast store And may I be so favored as to make Of joy's too scanty sum a little more. "However meager be my worldly wealth, Let me give something that shall aid my kind— A word of courage or a thought of health, Dropped as I pass, for troubled hearts to find." Amen.

Malheur Asks for Japs To Labor on Farms

VALE, May 11.—(AP)—A proposal that 1,500 Japanese evacuees be brought into Malheur county to alleviate the shortage of agricultural labor came today from farmers and businessmen.

The evacuees would be housed at CCC camps at Vale, Ontario and Nyssa, said Robert D. Lytle, spokesman for the group, who said the plan had been approved by the county court. They would provide their own board and receive the "going wage" for farm labor. Lytle said the proposal calls for the army to transport the Japanese to the camps and the county to assume responsibility thereafter.

Graham McNamee of Radio Fame Passes On

NEW YORK, May 11.—(AP)—Graham McNamee, 53, veteran radio announcer, died Saturday night.

McNamee is survived by his second wife, whom he married in 1934 after he and the former Josephine Garrett were divorced.

Survey Sets 600 Truck As 2-State Logging Need

PORTLAND, Ore., May 11.—(AP)—Peak production can be maintained by the Oregon and Washington logging industry only if 600 new trucks are made available this year. That is the prediction of Truman W. Collins, Portland lumberman after compiling results of a survey made to aid F. E. Landsburgh, director of truck and trailer rationing in the two states. Collins said normal needs of the industry this year would be 1,000 trucks and trailers but he estimated the industry could get along with 400 less. The survey disclosed 4,700 logging trucks now operating in the two states.
