(By the Associated Press)

The Cleveland Indians yesterday with six-hit pitching by Chubby Dean and Joe Heving. The result was a 7-4 victory that boosted the tribe within 13 percentage points of the American league-leading Yankees. Actually the two clubs are even in games won and lost reckoning, but the tribe has played two more than New York.

Philadelphia's defeat plunged the A's into the American league basement as the Chicago White Sox captured their seventh straight victory 7-5 at the expense of the Washington Senators. Moses was the big gun in Chicago's attack and won the game with a two-run homer in the ninth inning after driving in two tallies earlier in the affair.

The surge of the Sox raised them to a tie with the Senators for sixth place as John Rigney, Chicago's pitching mainstay, passed from civilian life into the ranks of the navy.

In the day's other American league contest the Boston Red Sox downed the Detroit Tigers 4-2 with Fox providing the winning margin on a two-run homer in the sixth inning.

The Brooklyn Dodgers continued to burn up the National league, running their latest winning streak to seven games and increasing their first place margin also to seven, by smothering the Chicago Cubs 4-1. The veteran Johnny Allen pitched five-hit ball and had a shutout till McCough homered after two were out in the ninth.

The St. Louis Cardinals shook off their scolding lethargy with a 16-4 triumph over the New York Giants.

EKALAKA, Mont.—Nine uninvited buffaloes roaming this southeastern Montana range basin have brought a major mystery and a lot of crop damage.

Everybody thought the last buffaloes in this area were exterminated 50 years ago. The only known survivors were in a protected herd at Miles City, but a check showed this herd intact.

But wherever they came from the intruders are making themselves at home, ripping off fences if necessary to get to more luscious crops.

### Presbyterians To Try Restoration Of Prohibition

ATLANTIC CITY, N. J., May 17.—(AP)—An organization listing more than 1,000,000 Presbyterian women in its membership announced today it would begin immediately a campaign for return of prohibition "for the duration of the present national emergency."

The campaign is to be conducted by the women's missionary organizations of the Presbyterian church in the U. S. A., central legislative body for 309 women's societies.

At the end of their quadrennial convention here the women decided to promote public sentiment for war-time prohibition "by seeking publicity for it in our local and church papers, and by making it a topic of conversation."

Leader of the campaign will be Mrs. Paul Moser of Topeka, Kans., president of the Kansas Synodical, who was today elected national chairman of the women's missionary organizations.

Other members elected to this central committee included Mrs. James H. Edgar, of Ashland, Ore., and Mrs. J. C. McClung of Los Angeles.

The women expressed sorrow for the plight of Christian Japanese evacuated from the west coast. In a resolution addressed to those Japanese, they said:

"We extend to you our heartfelt sympathy for the pain and loss which you are experiencing, and heartily commend your loyal cooperation with the government in meeting this situation."

ST. LOUIS—Two hundred elderly naturalized citizens sat for nearly an hour outdoors enduring unfavorable weather because no one thought to tell them an "I Am an American Day" program had been cancelled.

The program participants had been notified three hours earlier. Until a stagehand made the announcement apparently no one had thought of the "honor" guests.

### Aid to Reds For Quick Kayo of Foe, Urged by Chaplin

SAN FRANCISCO, May 19.—(AP)—Germany could possibly be defeated before Christmas "if we get in there and help Russia," Charlie Chaplin told a cheering audience of 8,000 at a Russian war relief rally in the civic auditorium last night.

The millionaire actor urged the immediate opening of a second front in Europe.

"The Germans hate two fronts," he said, "so let us give them two fronts. That's not just my idea—it's the will of the people."

"If we get in there and help Russia, we can possibly end this war before Christmas."

He began his speech by addressing the audience as "comrades."

Chaplin declared that Russians battling Hitler's hordes are "giving their life's blood that we may live," and added:

"We must accept the spirit of comradeship with Russia. They are fighting our fight."

"What communism is, I know not," the actor said in an interview, "but if it makes such fine men as are on the Russian front, then we should respect it."

"People ask, 'What about after the war; will communism sweep the world?'"

"My answer is: 'So what?' Our design for an industrial system makes it impossible for us to predict. We are not to say. Undoubtedly we are in the era of collectivism. But we won't go back to the old days of a few men making a hundred million dollars in a business about which they know nothing while little men stand in line."

"We need have no fear of Russia. They will be busy themselves, replacing the men and the blood spilled in war; busy rebuilding a nation and so will we. They will be too busy to bother with us."

### War's End in Two Years Envisaged

PORTLAND, May 19.—(AP)—Officials in Washington apparently have decided the war will not last long, Walter B. Weisenburger, New York, vice-president of the National Association of Manufacturers, said yesterday.

He told the annual Oregon industrial conference that the war production board order halting construction on war factories which cannot be completed by mid-1943 apparently means the WPB thinks the war will end in a couple of years.
