

Portland, Seals Split Two, So Do Angels, Rainiers

(By the Associated Press)
Half of the eight baseball teams in the Pacific coast league played doubleheaders last night, but no changes in club standings resulted as the four teams split their wins.

The last-place Portland Beavers beat the San Francisco Seals, 3 to 1 in the opener, as Lisika pitched five-hit ball for the Beavers.

In the six-inning nightcap, the Seals blasted Cohen from the mound with 11 hits and peppered Schubel's offerings for five more hits and a grand total of 10 runs to 4 tallies for the Beavers.

Schubel was relieved in the fifth when he was pounded for a three-run and a two-run homer by Ralph Hodgins and Kermit Lewis, Seal batting aces.

On the mound for the Seals, Epperly yielded 11 safeties in the first game, while Seals allowed nine bingles in the abbreviated session.

The league-leading Los Angeles Angels dropped their opener to Seattle, 3 to 1, and came back to take the seventh-inning wind-up game, 6 to 4.

Both games developed into pitching duels. Barrett twirled a five-hitter in the opener to match the efforts of three Angel hurlers who held the Rainier batters to five hits.

Likewise in the nightcap both teams chalked up seven bingles as Raffensberger, Angel hurler, took on two Seattle moundsmen.

Olsen, league-leading batsman tripped with the bases loaded in the fifth frame on the night cap to clinch the game for the Angels.

The Rainiers took a two-run lead in the second inning when they scored four runs on a five hit batting rally.

San Diego is nosing Sacramento for second place with each team three games behind the Angels after the Padres took a close game from Hollywood, 3 to 2 last night.

Oakland and Sacramento decided at the last minute they would not compete with a navy boxing show at Oakland and postponed their scheduled game until tonight when they will play a doubleheader.

Bonham Hurls His 7th Straight Win For N. Y. Yankees

By JUDSON BAILEY
(Associated Press Sports Writer)
The most coveted pitching goal in the major leagues is 30 victories in a season. It is much more valuable, and a whole lot more difficult to obtain than a non-hitter.

The feat hasn't been accomplished since Dizzy Dean had his great season for the St. Louis Cardinals in 1934 and it hasn't been done in the American league since 1931 when Robert Moses (Lefty) Grove won 31 for the Philadelphia Athletics.

Yet, Ernie (Tiny) Bonham, big righthanded ace of the New York Yankees, apparently has found the right trail.

Bonham bagged his seventh straight victory yesterday, 8-3, from the Philadelphia Athletics. The crowd at Yankee stadium, where he hadn't been scored upon all season, was hoping he would get his fifth shutout. He missed this, but he pitched an expert seven-hit game without allowing a walk.

The Yanks gave Bonham a five-run boost in the fourth inning yesterday, three of the runs coming on a homer by Henrich, and this enabled the champs to coast to their 16th victory in 19 games.

The Boston Red Sox came out of a slump to overpower the Washington Senators, 10-1, in a night game. Judd limited the Nationals to six well-spaced hits.

Chicago's usually weak-hitting White Sox collected 17 hits at Cleveland, but had plenty of trouble taming the Indians, 9-7. The St. Louis Browns backed up Niggling with extra-base hitting to beat the Detroit Tigers, 5-2. Dodgers Win in Ninth.

The Brooklyn Dodgers increas-

ed their National league lead to six games by belting the Boston Braves, 4-1, with a three-run ninth-inning rally that settled a hurling duel between Wyatt and Tobin. Wyatt rationed five hits and Tobin scattered seven. In the ninth, Mickey Owen tripped with the bases loaded.

Walters pitched seven-hit ball as the Cincinnati Reds conquered the Chicago Cubs, 10-1, with a 13-hit offensive.

The surging St. Louis Cardinals moved into second place slightly ahead of Boston by routing the hapless Pittsburgh Pirates, 5-3.

Carpenter pitched the New York Giants to a 6-2 decision over the Phils in a night game at Philadelphia.

Use Spar Varnish to Save Your Auto License Plate

SACRAMENTO, Calif., May 28. —(AP)—A couple of coats of clear spar varnish will help to preserve automobile license plates through next year, and maybe longer, the department of motor

vehicles suggested today. Tests made by the department indicated that clear spar varnish will reduce fading of paint and preserve the steel.

The war production board has slashed the quota of steel for license plates to ten per cent of 1941 tonnage, and motor vehicles officials said full size plates for 1943 are "out of the question."

James M. Carter, motor vehicle operator, said several types of symbols to denote registration of cars in 1943 are under consideration.

L. B. Mayer, Film Magnate, Highest Salaried in U. S.

PHILADELPHIA, May 28. —(AP)—Louis B. Mayer, the 57-year-old Russian-born movie executive who began his career as a Massachusetts theater operator, topped the field of America's highest paid executives again last year with an income of \$704,426.60 as managing director of production for Loew's, Inc.

Trailing far behind Mayer, who received \$7,373 more than in 1940 and whose 1941 remuneration in-

cluded \$548,425.60 as either bonus or share in profits, were a host of other motion picture executives, actors and actresses, industrialists and businessmen, a survey of annual reports filed with the securities and exchange commission showed today.

Clark Gable, motion picture star, received \$357,500 from Loew's for second place, and Nicholas M. Schneek was paid \$334,204.54 as president and director of Loew's.

Many of the annual reports, however, have been held up by the SEC for possible censorship purposes. Included in this group are Eugene Grace, president of the Bethlehem Steel corporation, who was second in 1940 with \$478,144.

The figures also do not represent the largest incomes in the United States since many persons have big returns from investments.

Scores of the remunerations were well over the \$25,000 which President Roosevelt told congress last month ought to represent a limit on individual net incomes for the duration of the war.

George Washington Hill, president of the American Tobacco company, who got \$456,415 in 1940 to place among the first three, dropped sharply in 1941 to \$288,144.

Behind Hill came Darryl F. Zanuck who received \$260,000 as vice president in charge of production for Twentieth Century-Fox Film corporation which also paid Ginger Rogers \$215,000 and

Tyrone Power \$188,125 for their picture work.

Among others who received \$200,000 or more in 1941 were:

C. W. Deyo, president, F. W. Woolworth company \$252,061; Charles Boyer, French movie star, \$220,833, and Deanna (Edna Mae) Durbin, \$203,166; both from Universal Pictures.

Transportation Lack Major Snag In War Output

NEW YORK, May 28. —(AP)—Transportation is past the first stage of its war production problem, Price Administrator Leon Henderson said yesterday, but he added that it is now facing shortages of power, fuel reserves, transportation facilities and trained labor.

"I believe it will not be possible to ration everything," he told the concluding session of the national association of purchasing agents' international convention. "We are many moons away from a complete system of rationing all goods."

Henderson said that while the nation was on the down grade in the production of consumer goods, its war production was reaching new heights.

"The veins of our transportation system are slowing up," Henderson said. "We're getting to priorities, not in steel, copper and rubber, but in flat cars and tank cars. The whole production mechanism is geared to go up, specialized for the making of planes, tanks, guns and ammunition, but a paralysis in some sections in transportation may not make it mobile," he added.

"It is highly likely that we will have some minor crises because this is a political year."

David Ginsburg, general counsel of the office of price administration, told the convention that "as goods grow scarce because of war, consumer rationing will necessarily be extended from tires and automobiles and sugar and gasoline to other fields."

He said that soon 80 per cent or more of the housing accommodations in this country would become subject to rent regulations.

DAILY DEVOTIONS DR. CHAS. A. EDWARDS

Many people live from day to day with their lives unsatisfied. They hope that tomorrow will bring a satisfaction that has not been found today. The urge of expectation ever leads on. Perhaps this is good for us and stimulates us to more activity, yet in every heart there is a longing for satisfaction. Satisfaction and happiness come to us when we live each day fully, conscious of God's help. The psalmist prayed for early satisfaction that all his days might be glad days. Those who have close fellowship with God have a satisfaction that is denied others who live far from God. To begin each day with a brief meditation on God's promises and communion with Him, will bring us the satisfaction the psalmist desired. It comes from an active life rather than a relaxed one. As we share life with others, we grow more nearly satisfied. "As for me, I will behold their face in righteousness. I shall be satisfied when I awake with Thy likeness. O satisfy us early with Thy mercy that we may rejoice and be glad all our days. For the joy of the Lord is the beauty of holiness. Amen."

Now taste the "bonus year" **TEN HIGH**

Like a tangerine popping with nectar
RIPENED JUST RIGHT—
year after year.
after year, after year

What do we mean—"bonus year" TEN HIGH? Mister, listen...

We've "plussed" this famous whiskey...added an extra birthday to it...given it a rich bonus of extra flavor, extra mellowness.

Now it's here! The "bonus year" TEN HIGH—a whiskey so "super" in every way that you'll doubt your palate the first time you taste it! Yes, now more than ever, you'll find *Double Your Enjoyment* in the whiskey with "no rough edges."

Straight Bourbon Whiskey. 86 proof. Copr. 1942, Hiram Walker & Sons Inc., Peoria, Ill.
