Draft Rules Will Permit Students **To Finish College**

SEATTLE, May 28.—(AP)—A greatly liberalized draft defer-ment program will permit quali-fied students at universities and colleges throughout the nation to complete their education and then enter officers' training schools enter officers' training schools, President Sieg of the University of Washington said.

Students will be permitted to enlist in the army and remain in school until graduation. High school students of draftable age may also enroll in colleges and may also enroll in colleges and universities and continue their education.

education. The program was adopted after educators and government offi-cials conferred at Washington, D. C. A quota of 80,000 fresh-men, 57,000 sophomores and 41,-000 juniors has been set for the entire country.

entire country. Deferment, however, may not be absolute, president Sieg ex-De abso plained.

plained. "There is no guarantee that these young men will not be call-ed to duty if an emergency arises," he said. "But we feel that the program will be a great adj to young students and will af-ford excellent concortunity for ford excellent opportunity for them to complete their educa-

As long as "satisfactory" col-As long as "satisfactory" col-lege work is maintained, students will not be called to active duty until graduation. They may then apply for officers' training school and, if passed, will take a three-months course for commissions as second lleutenants. If they drop from school they will be auto-tiver. Melrose from school they will be auto-matically placed in active service. Dean of Men Newhouse said the

plan is expected to be set up dur-ing the summer.

Alcohol Diversion Will Cut Whiskey **To Supply Rubber**

WASHINGTON, May 28-(AP) -The war production board has decided definitely to allocate 200, 000,000 gallons of alcohol derived from grain in 1943 to the produc-tion of butadine for synthetic tion of butadine for synthetic rubber, a WPD spokesman said today.

The program for conversion of beverage distilleries calls for the stoppage of 90 per cent of the nation's output of beverage whis-keys and other hard liquors by the end of this year, the spokesman said. Several years' supply

of whiskey is now on hand. to a shipping point. A party of local fishermen had the unique experience Sunday of rescuing an exhausted deer from the waters of the South Umpqua. The animal, a small spike buck, had evidently been chased into the river from the eastern bank by marauding predators. It cross-ed below the South Umpqua Falls and climbing the steep bank tried to recross above the Falls, but

to recross above the Falls, but losing its footing it was carried over into the deep hole below where it weakly struggled to gain the rim. One of the fishing party was able to reach out from the rock rim and grasp the almost drowned animal by the tail and pulling it from the water carried oulling it from the water carried it up the bank where it was con-fined in a small building for a few hours until it regained its strength and recovered somewhat from its fright. It was then re-leased and herded toward the ridge away from the river so it wouldn't be tempted to again go swimming before completely recovering. Mrs. Bob Paris and her neice,
