Long then gave a talk expressing for the community appreciation for the splendid spirit of Narcisse LaRaut, who in 1889 gave to school district No. 43 an acre of land for the Garden Valley school. A clause in the deed stipulated that in case at any time the land should not be used for school purposes, it should revert to the heirs. Recently, when a new school building was erected in Garden Valley on another site, the heirs of Narcisse LaRaut, with the same spirit of their father before them, gave to the Garden Valley Women's club this school acre, which joins the club's own property that they may use it as a center for community betterment, thus, in a way, carrying on the wishes of their father.

A marker honoring Narcisse LaRaut was erected by the club and the occasion on Sunday was in Douglas county, having been graduated from Sutherland high school and later attending Oregon State college, where he made an outstanding scholastic record. After completing his B. S. degree at Oregon State, he was awarded a scholarship to Iowa State Agricultural college. He holds a master of science degree in agricultural economics from Iowa State and has been employed as an instructor and extension economist at that institution since 1938. He has also studied toward his Ph. D. degree at Iowa State and the University of Minnesota. He is affiliated with several scholastic fraternities including Phi Kappa Phi, national scholarship honorary. He is a member of Alpha Gamma Rho, social fraternity.
