

Salvage Drive Widened To Include Metals, Fats

WASHINGTON, July 13.—(AP)—The war production board's non-stop national salvage campaign opened today with the goal of amassing for war use the nation's scrap metal, rubber and fats.

Some 300,000 meat markets so far have agreed to purchase kitchen fats from housewives. Glycerine extracted from it will be used in nitroglycerine and other explosives.

Metal scrap, including iron, steel, aluminum, copper, lead, nickel, tin, zinc and antimony, will be gathered by regular junk dealers. In 19 cities tin can campaigns are being organized by municipal authorities.

Turkeys Used to Battle Grasshoppers' Invasion

WAWAWAI, Wash., July 13.—(AP)—Ranchers prepared today to employ thousands more of turkeys, unless the first 1,600 birds stem the drive in a desperate attempt to stop the invasion of hordes of grasshoppers which swept ruthlessly through here yesterday.

Driven from the dry highlands, the insects swarmed onto Snake river valley peach and apricot orchards and left a trail of ruined fruit and stripped fields behind them.

Rancher I. E. Wilson said the original flock of turkeys appeared about a founder on the insects and plans have been laid to increase the number to 9,000 if necessary.

Poison is also being used to combat the insects.

Accord Averts Strike Of Oregon Bus Drivers

PORTLAND, July 13.—(AP)—A last-minute agreement averted a bus strike Saturday night that would have tied up transportation systems of Salem, Eugene and much of northwestern Oregon.

AFL drivers and shopworkers for the Oregon Motor Stages company agreed to submit a wage dispute to a special mediation board. Earlier they had threatened a midnight strike if demands were not met.

The demands, affecting 150 employees, were not made public.

Two More Sinkings From Axis U-Boats Announced

WASHINGTON, July 13.—(AP)—The navy announced today that a small Norwegian merchant vessel had been torpedoed in the Gulf of Mexico and that survivors had been landed at a gulf coast port.

The navy also announced that a small Panamanian merchant vessel had been torpedoed several weeks ago in the Caribbean. Survivors have been landed at a gulf port.

Bond Sales at Victory Program Exceed \$3,100

War bond sales at the local Victory Center Saturday night totaled in excess of \$3,100, Harry Pinning, Victory Center chairman, reported today. Although only a brief program was held, there was an excellent response to the appeal for bond and stamp purchases, he stated.

HOW TO AVOID HARVESTING "HOLD-UPS"

By Eric Patterson, Farm Supt., N. Y. State Institute of Agriculture

FEW farmers get the full life and performance that is built into their tools by the manufacturer. For farm machinery "wears out," not in proportion to use, but in proportion of the time. In other words,

it rusts out before it wears out. Today, when metal is so urgently needed for war material, it is the patriotic duty of every farmer to protect his machinery by using the right grades of the highest quality oils and lubricants. In doing so, many a farmer will find that not only has he reduced his repair bills and avoided many breakdowns, but he has doubled the "useful" life of his equipment.

It pays also to watch all adjustments and look frequently for loose nuts and bolts. They can cause real trouble. The suggestions on this page will prevent some of the more common causes of harvesting hold-ups, and perhaps enable the farmer to save on his fuel bills.

AUTHOR'S NOTE: It is not the policy of the N. Y. State Institute of Agriculture to recommend any specific products, and nothing in this article should be so construed.

Keep chains adjusted. Take up slack. Loose chains will jump off sprocket and break or bend the links. If a chain keeps jumping off, look for a bent link. Tight chains can cause trouble too. Oil and clean chains frequently.

Modern bundle-carriers have fittings for grease-gun lubrication. Bundle-carrier bearings should be lubricated several times daily. Make sure the fittings are cleaned off before you apply the lubrication. If dust is forced into a bearing, it makes a grinding compound, causing rapid wear.

Field tests show that many farmers waste gallons of fuel daily as result of improper adjustment of the carburetor. Check the adjustment frequently, and always use the highest gear for the job. Operation in low gears speeds the engine, wastes fuel.

Lubricate sprocket bearings daily. They operate at high speeds and need a lubricant sufficiently cohesive and adhesive to stick to the job. Wear at these vital points can be rapid and cause real trouble.

Sea-Going "Flying Fortress" Makes Debut for Navy

The "Sea Ranger," the Navy's experimental ocean-going sister ship to the famed Army "Flying Fortress," is shown as she raced over Seattle's Lake Washington to start her initial air test for naval officials. Boeing Aircraft Co., builders of the new patrol bomber, said the plane is expected to have a longer range and larger bomb load than any naval plane now in service. Further details are restricted military secrets.

Bill Empowers President To Take Autos—in 1944

WASHINGTON, July 13.—(AP)—Senator Reynolds (D-NC) asked congress today to empower President Roosevelt to take over automobiles and other transportation equipment for war purposes.

Reynolds' bill would authorize \$5,000,000 of appropriations with which to pay owners of cars or equipment acquired by the government. It would be effective through 1944.

Glendale

GLENDALE July 13.—Mr. and Mrs. Ray Powelson and family spent the Fourth of July at Azalea with Mr. and Mrs. A. F. Chastain, parents of Mrs. Powellson.

MARKET REPORTS. PRODUCE. CASCARA BARK—1942 peel, 15c lb. HOPS—Seed stock, 1941 crop, 40c lb.; 1942 crop, seeded, 45-46c lb.; seedless, 50-51c lb.

Battered Russians Keep Their Front Unbroken

(Continued from page 1)

30,000 Russians captured in a big new encirclement southwest of Rzhev, 135 miles northwest of Moscow.

The Rzhev salient is the closest foothold to the soviet capital which the Germans were able to hold throughout the winter of Russian offensive.

A special announcement by Hitler's high command said several Russian infantry and cavalry divisions and a tank brigade had been trapped in violent fighting which started 11 days ago through a forest line of fortifications.

"The number of prisoners and the amount of booty is still increasing," the announcement said.

The regular communique from Berlin told of a strong diversion counter attack by Marshal Timoshenko's troops north and northwest of Voronezh, where the Russians have been pounding for a tender spot in the exposed flank of the German drive to the Don.

The strength of the attack was reflected in the German claim that 11 Russian tanks had been smashed in repelling the red army's challenge to nazi bridgeheads across the Don.

British Hold Gains

In Egypt a week-end of activity with the British doing the striking indicated that General Auchinleck may have gotten his eighth army back to offensive power first in his race with Rommel for reinforcements and supplies.

British headquarters announced today that all of Rommel's attempts to win back the positions he lost in the ridge country 10 miles west of Alamein failed.

While Australian infantry held the gains they made there at bayonet point, British shock troops were reported stabbing at the enemy on the southern flank, near the Qattara depression, where British artillery kept the axis on the defensive by continued shelling.

RAF Strafes Danzig

Bad weather brought an overnight lull in the air war across the English channel after a week-end in which big Lancaster bombers carried out the longest and riskiest daylight flight the RAF yet has undertaken—a 1,750-mile round trip raid Saturday on the U-boat plants at Danzig.

The British lost only three of 60 or more planes which dared distance, foul weather and nazi defenses.

A British communique said German planes were over England's east and southwest coasts last night but no bombs were dropped.

The Germans reported sinking a patrol vessel in a Sunday daylight attack on the harbor of Brixham and dive-bombing a large merchantman.

Nazi Terrorism Strikes

From Europe's lands of slavery under the nazi heel came new accounts of outbreaks and penalties.

Reuters reported in London that a soviet information bureau broadcast said the Germans had wiped out an entire village in Telemark province of southern Norway, shooting every man, woman and child. A spokesman for the Norwegian government in London said no report of such an outrage had reached the government.

In Pas de Calais department of occupied France, gendarmes and German police fought a pitched battle with a group of Frenchmen who barricaded themselves in a house and hurled hand grenades. The Germans who finally stormed the house said it was an arms cache for communists.

In Paris German authorities announced that "all near male relatives" as well as brothers-in-law and cousins" of fugitives from German military justice accused of terrorism or sabotage would be sentenced to hard labor and children under 18 sent to reform schools in this newest of the hard-handed measures to keep the French in line.

State Police Arrest Six on Liquor Counts

(Continued from page 1)

persons taken into custody, swelled the population of the county jail over the week-end to 23.

The state police reported also the arrest of Wm. McFarland, who, according to Sergeant Paul Morgan, was driving an automobile listed as having been stolen from Portland, Ore. He was being held awaiting arrival of Multnomah county officers.

Sheriff Cliff Thornton and Agnes Pitchford, deputy sheriff and juvenile officer, returned Sunday from Canyon City, Ore., bringing as prisoners Ralph Bates, 19, of Tenmile and a juvenile girl, who was not identified. Bates was charged today, District Attorney J. V. Long reported, with contributing to the delinquency of a minor.

Justice of the Peace Ira B. Riddle reported payment of a fine of \$25 by Walter A. Chambers of Vernonia, who pleaded guilty to a charge of fishing in closed waters at Diamond lake. In the city court, Recorder A. J. Geddes, reported collection of

a fine of \$250 imposed upon Lee Denman, who pleaded guilty to operating a motor vehicle with four adults in the front seat, and a fine of \$2 from T. H. Heinz, who pleaded guilty to permitting a dog to run at large. He also was holding \$10 bail deposited by Joe Truitt, member of the South Umpqua Falls CCC camp, arrested on a charge of drunkenness.

FBI Nabs 14 Aides of Saboteurs Being Tried

(Continued from page 1)

helped also by concealing part of the \$176,000 recovered by the FBI which the saboteurs had brought to this country. Several of the persons changed bills of large denominations for the agents in order to divert suspicion, he declared.

Collusion Evident

"Although all 14 of these individuals were aware of the arrival of the eight saboteurs from Germany on a secret mission," Hoover said, "none of them made any attempt to report the information to the FBI or any other authority."

One of the women, Maria Kerling, was identified as the wife of Edward John Kerling, on trial as the leader of the four nazis who landed near Jacksonville, Florida, June 17, Mr. and Mrs. Haupt were said to be the parents of another defendant in the military trial, Herbert Haupt, who was in Kerling's group.

Carl A. Carlson, Aged Melrose Resident, Dies

Carl August Carlson, 75, well-known resident of Melrose, died Sunday following a short illness. He was born in Sweden April 14, 1867, and came to the United States when he was about 29 years old. For the last 25 years

Redmond Lumber Mill Burns, With \$250,000 Loss

REDMOND, Ore., July 13.—(AP)—The \$250,000 Dant & Russell lumber mill was virtually destroyed in a sudden, explosive fire yesterday.

Only the planer escaped the flames, which were first sighted by a workman shortly before noon. Cause of the fire was undetermined.

So rapid was the spread of the flames that two empty boxcars on a railroad line beside the plant were destroyed before they could be moved.

Thos. Summers, Former Roseburg Resident, Dies

Word was received Sunday by George Summers of Roseburg of the sudden death in Kansas City, Missouri, of his father, Thomas Summers. The elder Mr. Summers and his wife were well known here, having made their home in Roseburg for the last six years. They returned to Missouri, recently for a visit at their former home. They were members of the Presbyterian church here. Their son, who is at present employed in the shipyards in Portland, left immediately for Kansas City by airplane to attend the funeral services which will be held there.

Ladies Quartette Will Be Heard at Local Church

A ladies quartette, representing Pacific Bible college, Huntington Park, Calif., will be in Roseburg Wednesday, July 15, and will appear at the Pilgrim Holiness church, 477, S. Jackson street, Pastor John W. Strom, announced today. The members of the quartette will conduct the public service, starting at 7:45, and will offer a program of music and sermon.

Carl A. Carlson, Aged Melrose Resident, Dies

Carl August Carlson, 75, well-known resident of Melrose, died Sunday following a short illness. He was born in Sweden April 14, 1867, and came to the United States when he was about 29 years old. For the last 25 years

WHY BE FAT? Its Easy To Reduce

You can lose ugly pounds and have a more slender, graceful figure. No laxatives. No drugs. No exercising. With this AYER'S plan you don't eat out any meals, starve, fast, or eat less. It's easy when you enjoy a delicious (satisfying) diet. AYER'S before each meal. Absolutely harmless. GUARANTEE: Try a large box of AYER'S. 30-day supply only \$2.25. Money back if you don't get results. Just phone. Chapman's Pharmacy, Roseburg, Oregon.

he had made his home in Douglas county, Mr. Carlson was never married, and there are no known surviving relatives. The body has been removed to the Douglas Funeral home and funeral arrangements will be announced later.

Berry Growers Appeal Anew for Needed Labor

PORTLAND, July 13.—(AP)—Berry growers appealed again today for city dwellers to save their crops.

Civic organizations sent crews into the fields last week-end but in insufficient numbers, growers said. In the McMinnville area growers estimated the loss would be 30 per cent unless more workers show up soon.

Governor Sprague in a radio broadcast to the state Saturday night declared the west may have to turn to labor conscription in order to harvest the crops.

"The way to avoid such an eventuality is for city dwellers to lend their hands. We must have that response and we must have it at once," he said.
