

Enforced Saving To Ban Inflation Asked of Senate

WASHINGTON, July 29—(AP)—A New York merchant urged the senate finance committee yesterday to siphon off 25 to 30 billion dollars "surplus purchasing power" from the public through a compulsory savings plan designed to curb inflation.

Senator Taft (R-Ohio) said he agreed with the witness, Julian Goldman, that compulsory savings would serve better than taxes to take up the increase in national purchasing power.

"The thing that worries me is the machinery," Taft said. Goldman said that despite price ceilings, inflationary trends already are apparent and "black markets are being created".

Senator Vandenberg (R-Mich.) told other members of the committee that limiting individual incomes to \$25,000 a year would yield only enough additional revenue to foot the nation's war bills four days and ten hours.

Vandenberg said he presented the estimate, in the hearings on the bill to raise \$6,271,000,000 in new taxes, to demonstrate just what might be expected from such a limitation.

He said the treasury department made the estimate, at his request, reporting that \$660,000,000 additional revenue could be expected if a \$25,000 limit were established and the tax rates voted by the house were retained.

President Roosevelt has suggested the \$25,000 figure as the most an individual should have left over after paying his taxes during the war.

Continuing his public hearings to receive the suggestions of taxpayers, the committee heard Benjamin C. Marsh of the People's a private organization.

Marsh declared that if congress did not adopt a pay-as-we-go plan to finance the war, "a commission should be created to study the tactics and technique of repudiation—that is the alternative."

and others still were missing in the wreckage.)

(The German high command said 45 raiders were shot down last night in the Hamburg area, and reported additional casualties and damage there.)

Nazi Worry Increased

An RAF commentator said that 1,200 tons of bombs were dropped on Duisburg and Hamburg on the nights of July 25 and 26 and that the continuing attacks were causing "increasing concern" to the Nazi government.

The weight of the attacks has forced the Germans to exaggerate the number of their planes raiding Britain and to discount the British strength, he said.

Meanwhile, Hurricane fighter bombers patrolling the German-held coast were said to have damaged a 300 to 400-ton steamer and a motor torpedo boat, and probably damaged three other vessels.

An RAF account of last night's raid said:

"There was much heavy cloud over the city but large fires were seen by a number of the crews who went down below the cloud in face of fierce opposition from anti-aircraft guns and searchlights to bomb from a low level."

Other Areas Blasted

The air ministry announced that other pilots flying Hurricanes, Boston and Havocs damaged airfields, railways and German-controlled communications in northern France, Belgium and Holland and attacked channel shipping last night.

Three fighters were lost, presumably on these forays.

Two enemy fighters were destroyed yesterday by British coastal patrol flares, it was announced.

The British reported a single German aircraft bombed a point on the coast of east Anglia by daylight this morning, causing a small number of casualties and some damage.

This followed attacks during darkness last night by a small number of raucers over eastern England. Their bombs "did some damage and at one point a small number of casualties was caused," a British communique said.

Woe In Store For Nazis

In his warning to Nazi Germany, Air Marshal Harris added:

"You have no chance, soon we will be coming over every night, every day—rain, flood or snow—we and the Americans."

"It is up to you to end the

Hamburg Again Raided By British Air Fleet

(Continued from page 1)

ward the Caspian sea and industrial Stalingrad, which already is menaced by German forces moving eastward in the Don bend.

(The Rome radio declared that Stalingrad had been placed under fire from heavy German guns.)

(Possibly hoping to complicate any realignment of Russian reserves, German planes dropped leaflets over Leningrad declaring that the Germans soon would storm that city. Leningrad has been a northwestern anchor of the Russian front, besieged and under sporadic bombardments, more than 11 months.)

U. S. FLIERS TAKE PART IN BLASTING CRETE BAZE

CAIRO, July 29—(AP)—Allied heavy bombers attacked the vital axis supply harbor of Suda bay, Crete, at dusk yesterday while land operations on the El Alamein front were confined to patrol activities in the northern sector, general headquarters announced today.

The communique reported that heavy bombers of the allied air forces took part in the attack on Suda bay which almost certainly meant that United States bombers participated.

United States bombers and the RAF together attacked Tobruk again Monday night.

The port of Matruh also was raided, as were axis repair shops at Galal, between El Daba and Fuka.

Yesterday long-range fighters and light bombers for the fourth consecutive day operated against coastal barges in the Egyptian-Lybian frontier area, sinking one and probably another. These barges were well-armed but were guarded only by one Italian fighter plane.

Convention of Southern Oregon Sunday Schools, Dated at Roseburg Christian Church, to Feature Talented Couple

A southern Oregon Sunday school convention will be held at the First Christian church in Roseburg beginning Sunday, Aug. 2, and closing Tuesday evening, Aug. 4. Special leaders will be Mr. and Mrs. Charles H. Richards of Cincinnati, Ohio, pictured above.

Mr. Richards is a song leader of international reputation, having directed choirs in Australia, South Africa, England and the United States. The Rev. Len B. Fishback, pastor of the local church was associated with Mr. Richards in mission work in South Africa from 1928 to 1930.

Mrs. Richards also is a talented musician and composer and is a specialist in work with children. She will assist each day in that particular field of religious education.

Bible School Goal 200

A Bible school with more than 200 persons in attendance is the goal set for 9:45 a. m. Sunday. Mr. Richards at that meeting will lead in choruses and songs from a new hymal which he and Mrs. Richards recently compiled. A

book and supply exhibit, usually shown only at state conventions, will be displayed throughout the three days of the convention.

The Rev. Mr. Fishback will speak at both the morning and evening services of the church Sunday and Mr. Richards will lead in a special song service at the evening meeting at 8 o'clock.

The regular Bi-Monthly convention of Douglas County Christian Churches will be held Monday with pastors of several churches and B. Ross Evans, state evangelist, to appear on the program.

Classes in "Training Children in the Bible School" will be conducted Monday and Tuesday afternoons, starting at 2:30 o'clock, by Mrs. Richards.

Tuesday evening at 8 o'clock, Dr. Victor P. Morris, University of Oregon, will be the guest speaker and talk on the topic, "Religious Education and World Problems of Today".

The general public is invited to attend any or all of the convention sessions, Rev. Fishback reports.

Douglas Tax Bill Will Be Halved

Douglas county will receive only \$1,695.16 of the \$3,390.31 for which claim has been made for payment from the federal government in lieu of taxes on Coos Bay Wagon Road grant lands, the county court reported today. Of the sum to be received by the county, the general road fund will be credited with \$447.12, while \$1,248.04 will go to schools and the county high school tuition fund.

Fifty per cent of the total amount is to be retained by the federal government to be credited toward charges against the Coos Bay Wagon road grant fund.

The amount claimed from the federal government, covering the six months taxing period from January 1 to June 30, 1942, is less than usual due to the fact that there was no tax levying during that period for state and general county expenditures, other than for the general road fund.

Food Will Be Short, Warning of Roosevelt

(Continued from page 1)

arrival of the off-season for beef.

Ransacking Urged.

Describing the coming scrap salvage drive as an opportunity for every person to take a personal part in the war effort, the president called upon families to ransack cellars, attics and backyards for old metal, rubber and urged that waste fats be turned over to meat markets.

The lack of raw materials, Mr. Roosevelt added, is in many ways a seriously limiting factor in war production. The more scrap turned in, he said, the greater the output of planes, tanks and guns.

The president said he still was scrutinizing the inflation problem but was not ready to announce his next step. Information on the subject he said, was being boiled down for him by Samuel Rosenman, New York supreme court justice, a close advisor.

Cargo Plane Plan Eyed.

A WPB official testified today that a shortage of engines of sufficient horsepower prevents a quick shift to production of giant air cargo and troop-carrying ships.

Harold E. Talbot, director of air transportation for the war production board, told the senate defense investigating committee that engines in production are allocated through next year, but he added that the army and navy had "not neglected" construction of cargo planes and troop transports.

Any greater shift to such carriers, he said, would have to be

Prominent Aviatrix of Tacoma Killed in Crash

MILES CITY, Mont., July 29—(AP)—Trapped in the wreckage of a plane which crashed in Graveyard Creek valley, Emilie Nofke, 22, of Tacoma, Wash., burned to death yesterday.

The plane, one of six small privately-owned craft being flown from Tacoma to Aberdeen, S. D., smashed against a steep hill when Miss Nofke made a forced landing.

All of the planes were forced down near Hathaway, 20 miles east of this eastern Montana city. The five undamaged craft resumed their flight, which started at Tacoma Sunday night.

Miss Nofke was a widely known Tacoma aviatrix. She had been a ground school instructor in the CAA program at Pasco and Yakima, Wash., and had operated an aviation ground school at Boeing field Seattle. More recently, she worked as a mechanic at Mc Chord field near Tacoma.

Aleutian Aircraft Units Placed Under One Head

WASHINGTON, July 29—(AP)—Creation of a unified command of all aircraft operations in the Aleutian islands was announced by the navy today.

It said that details as to command relationships and the exact location of headquarters could not be disclosed as they would be of value to the enemy.

The navy reported, however, that a naval officer now in the Aleutians area had been placed in command of the joint operations by naval and army aircraft. The same system of operational control under one head which has unified commands in joint operations in Hawaii, Australia, the canal zone, the eastern Caribbean and the various sea frontiers will be effective in the Aleutians.

The Japanese have occupied three islands in the western Aleutians.

Aid for Access Roads to Timber, Mines to Be Asked

Harry Pinniger, county civilian defense coordinator and secretary of the Roseburg chamber of commerce, will go to Salem Thursday to attend a meeting of all county coordinators. The meeting was called by Governor Charles Sprague. Following the conference, Mr. Pinniger reported to day, he plans to go to Portland, where he will confer with U. S. Senator Rufus Holman concerning several chambers of commerce projects. One of the principal matters to be placed before the senator will be a request for aid in construction of access roads, proposed as a means of opening up large bodies of merchantable timber and mineral districts.

Enjoy Week-End—Miss Charlotte Dillard, Miss Dorothy Crocker, Miss Lois Kurtz and Miss Carmen Abel, of this city, enjoyed the week-end at Old Kentucky Homes on the North Umpqua.

made at the expense of bombers and some fighters requiring engines of great horsepower.

A secret report by a committee appointed by WPB Chairman Nelson dealing with all phases of the air transport problem is in the hands of Nelson and army and navy officials, Talbot said.

"This phase of the plane development program has not been neglected," Talbot reiterated. He said cargo and troop-carrying planes were in production at a Curtiss-Wright plant and a Waco plant.

Trial in Civil Court Demanded by Saboteurs

(Continued from page 1)

the rights of an unpopular minority."

Sabotage Intent Denied.

The defense disclosed that Justice James W. Morris, of the United States district court for the District of Columbia, denied yesterday an application of the petitioners for permission to present

petitions for writs of habeas corpus.

The defense freely conceded that all of the eight accused attended a school near Berlin and received instructions and directions for sabotaging manufacturing and transportation facilities but declared that all the petitioners had testified that they did not intend to commit sabotage.

"In the case of two or more petitioners," the brief said, "this testimony was definitely corroborated by other evidence produced by the prosecution. All of the petitioners deny their guilt."

TEN MORE ENEMY ALIENS ROUNDED UP BY FBI

NEW YORK, July 29—(AP)—The federal bureau of investigation announced today that it had seized 10 more enemy aliens, including Maria Siehart Kerling, wife of Edward Kerling, one of the eight alleged Nazi saboteurs on trial in Washington before a military commission.

FBI agents said the 10 aliens were taken immediately to Ellis Island.

Back in Office—Dr. R. L. Dunn is back in his office at the Douglas hotel building, following a trip to Portland to attend the annual convention of the Oregon Chiropractors association and later going to Astoria to visit friends over the week-end.

PENNEY'S Thrift and Savings
J. G. PENNEY CO., INC.

PRUDENCE IS THE MARK OF A GOOD AMERICAN

The prudent American budgets his income... and plans ahead for his known needs. He does not wait until the last minute... but buys thoughtfully and wisely. If you are going to need a good warm coat this winter, plan for it by reserving a little out of each week's pay. Buy the best quality you can afford. That is true prudence. Thus a share of each pay will still go into war stamps and bonds. Our Lay-Away Plan is a big help in such budgeting.

THRIFT AND SAVINGS FOR VICTORY

Everything You Need For Back to School

Now more than ever before Penney's is the nation's headquarters for thrifty school shoppers!
