

Induction Quota Personnel Listed By Douglas Board

Men drawn for the first induction quota in October were named today by the local selective service board. The majority of the men have been sent to the army induction station at Portland and have been taken into army service.

Those named were: Howard Dirks, Roseburg; Wm. Melton Holloman, Yoncalla; Wm. Willis Lassiter, Roseburg; Robert Winters Morris, Oakland; Kenneth B. Brunken, Grants Pass; Claude W. Patterson, Roseburg; Jack Peter Fetter, Sacramento; Ralph Byron Winniford, Bremerton, Wash.; Raymond Cecil Lawrence, Jr., Roseburg; John Shemga, Brookway; Willis Otis Corder, Camas Valley; Ernest Edward Nazelrod, Roseburg; Peter Charles Wells, Portland; Robert Lee Russell, Roseburg; John Nye Hayzlett,

Myrtle Point; Henry Meredith Bailey, Portland; Conrad L. Miller, Portland; Robert Howard Lukins, Cottage Grove; Delbert Martin Carstenson, Medford; Charles Stanley Insley, Roseburg; Walter F. Strunk, Centerville, Iowa; Donald Perry Wright, Glendale; Delmar Edwin Rice, Oakland; Julius B. Shaffer, Idleyld; Emmett R. King, Sweet Home; Frank Lee Calkins, Bremerton; Jay John Lee, Yakima; Ted George Marshall, Glendale; Orville Earl Langenburg, Yakima; Garnett Donald Rogers, Reedsport; Martin Jacob Holder, Waterloo, Iowa; Ernest D. Degner, Newport, Wash.; Ambrose Franklin Huffman, Brockway; John Lawrence Peterson, Myrtle Creek; Harry Lyle Hatcher, French Camp, Calif.; Robert Lawrence Huffham, Cleveland, Ohio; Marion Cretes Wineberger, Myrtle Creek; Victor Leland Blakely, Roseburg; Curtis Turner, McKinley; John Parker, Canby, N. D.; Francis Wm. DeMars, Winchester, Bay; Charles Jess Walls, Eugene; Ernest Allen, Elkton; Elwood Eugene Townsend, Salem; Earl Cecil Brewster, Myrtle Creek; Oscar Allen Wroe, Reedsport; Alec Van Norman, Days Creek; Robert M. McFarland, Roseburg; Robert Milton Riley, Elkton; Benjamin Robert Hammond, Smith River; Ernest E. Drake, Myrtle Creek; Walter Ralph Herwill, Tiller; Virgil Thomas Harris, Glendale; Leonard Munson, Umpqua; Claude E. Cole, Roseburg; William Dale McFerrin, Oakland.

Wives Warned In Attempt to Keep Mate From Draft

SALEM, Oct. 9—(AP)—Colonel Elmer V. Wooton, state selective service director, warned today that married women who quit their jobs with the intent of delaying the drafting of their husbands will not accomplish their purpose, but also will be hindering the nation's war effort.

The colonel disclosed that married men without children are now being drafted, as they are in other states. In fact, he said, the vast majority of Oregon draftees now are married men.

"Since the passage of the servicemen's dependents allowance act by congress, the question of financial dependency has been virtually eliminated in any consideration of deferment of married men," Colonel Wooton said. "In the few cases where the allowance which would be received by a dependent wife under the act is insufficient, local boards consider not merely whether the dependent is working, but whether or not she is capable of working. Most such cases involve invalid wives."

He said that married women who replace single men in war industries will actually prolong the deferment of married men by making it possible to release single men for military service.

More Women Needed

"Married women who have no children and who are capable of working can do their great country a great service by taking jobs which are within their strength and capability," he said. "There is not enough manpower in this country to successfully wage a global war from both a military and production standpoint if the womanpower of the country is not utilized. Womanpower is already contributing to the war effort and we are proud of the women who are thus employed, but it seems entirely likely that their number must be greatly increased. This fight for freedom is not just a man's fight; it is the fight of every American citizen."

Colonel Wooton said that married men with children will probably be drafted next year, regardless of whether congress decides to draft the 18 and 19-year-old boys. He said that any dependents acquired after December 8, 1941, including children conceived after that date, do not count in determining causes for deferment.

He also said that any man who acquired a dependent when his induction was imminent cannot count that dependent for deferment. This includes men who get married while they are temporarily deferred for occupational reasons.

To obtain deferment because of having a wife and children a man must maintain a bona fide family relationship. In other words, a man who is not living with his family cannot be deferred.

London Defense Notable To Be Heard on KRNR

Rudolph Haybrook, noted member of the London civilian defense forces, will be heard over Radio Station KRNR from 1 to 1:30 p. m. Sunday in a transcribed program sponsored by the Oregon state defense council and the Douglas county defense council. Haybrook, who is a member of the auxiliary firemen in London, was loaned to the United States to aid the office of civilian defense in its program. He has been

on a nation-wide speaking tour to aid in presenting the need for fullest cooperation in the civilian defense program.

An artist and author in civilian life, he served as an officer in world war I and was among the first to volunteer for civilian defense duties in the current war. His talk to be presented Sunday will include a message which no Douglas county resident should fail to hear, Harry Pinniger, county defense coordinator, reports.

Mrs. D. F. Richardson Passes Away Here

Mrs. David F. (Clemmie K.) Richardson, 81, died at Mercy hospital, Roseburg, Thursday afternoon following a short period of illness. She was born at Red Wing, Minn., Oct. 5, 1861. She and her husband, David Fay Richardson, celebrated their 50th wedding anniversary last Sept. 1.

Mrs. Richardson made her home at Sutherland for 28 years, but for the past three years had resided in Roseburg.

Surviving are her husband and two sons and two daughters, Mrs. Arthur G. (Ruth) Smith, Portland; Fay W. Richardson, Farmington, Minn.; Russell D. Richardson, San Francisco, Calif., and Mrs. Claude (Florence) Street, Pittsburg, Kansas.

Funeral services will be held at 2 p. m. Saturday at the Roseburg Undertaking company chapel, conducted by the Rev. C. A. Edwards. Services will be concluded at Fair Oaks cemetery.

Social Security Tax Doubling Urged by F. R.

(Continued from page 1.)

ator Vandenberg (R., Mich.) but not yet voted upon by the senate, would stay an otherwise automatic increase of the tax on January 1 to 2 per cent each on employers and employees.

The president said that as soon as congress had disposed of the pending tax bill, he was planning to submit a comprehensive program for expanding and extending the whole social security system along the lines he had suggested in his budget message last January.

At that time the president proposed to enlarge the system to take in many workers not now covered, such as farm laborers and domestics.

Would Alleviate Fears. The president said the proposed freezing of the tax rate was "causing considerable concern to many persons insured under the old age and survivors insurance system."

He said that the failure to allow the automatic increase to go into effect "would cause a real and justifiable fear that adequate funds will not be accumulated to meet the heavy obligations of the future and that the claims for benefits accruing under the present law may be jeopardized."

Victory Tax Plan Rapped.

Meantime conversion of the proposed 5 per cent victory tax into a vehicle for compulsory savings was predicted by Senator Taft (R., Ohio) as leaders urged acceptance of the levy to speed senate approval of the new revenue bill.

Driving for early passage, Democratic Leader Barkley (Ky.) said he would ask the senate to forego part of its usual week-end holiday and meet tomorrow if it appeared a final vote could be reached then.

Senator George predicted acceptance without change of the victory tax, one of the few remaining controversial sections, and Taft concurred in this viewpoint.

The victory tax and other features of the program drew the fire meanwhile of President Philip Murray of the CIO who declared in a letter to Vice-President Wallace and senate leaders that the revenue measure was developing into an "outrageous caricature of the carefully planned treasury bill."

Murray called for adoption of treasury proposals designed, he said, to plug "a number of tax evasion loopholes through which wealthy individuals and corporations have been escaping making the fullest contribution to the war effort."

Rehabilitation Plan Urged. President Roosevelt recommended to congress today that legislation be enacted creating under the federal security administration a single rehabilitation service for both war veterans and civilians.

"We are going to win this war," he said in a special message read in the senate, "but the winning will require the best efforts of every individual."

He added that among those already making full contribution in the war effort were physically handicapped people who had been rehabilitated, and that upwards of a million persons were now "waiting for services of the type that only a fully developed rehabilitation program can give them."

Enlists in Air Corps—Gordon Walker, son of Mr. and Mrs. C. E. Walker, enlisted in the army air corps this week and left this morning for Portland, from which point he will go to Fort Lewis for assignment to training school.

News of Men From Douglas County In War Service

Major (Dr.) H. C. Church is now stationed at Fort Lewis, Wash., where he is the post chemical officer. Mrs. Church and daughter, Marian, are with him there and they live in officers quarters No. 372 on the post.

Charles "Chub" Chuch, son of Major and Mrs. Church, is an aviation cadet in the naval air corps and is stationed at the new naval air base at Pasco, Wash. He is now soloing and has only five more weeks before he will be transferred for further training to either Corpus Christi or Pensacola.

Stewart McElhinny, son of Mr. and Mrs. Charles McElhinny of Salem, and formerly of Roseburg, is also an aviation cadet stationed at Pasco for training.

Army Convoy Nabs Two Fugitive Convicts

La GRANDE, Ore., Oct. 9—(AP)—Two convicts ran up against the army late yesterday and their escape from the Washington state penitentiary came to an abrupt halt.

After eluding police in a series of wild dashes in stolen automobiles, Merle Luby, 25, and Cecil Brown, 30, encountered an army convoy south of Haines.

State Policeman Roy Nelson said an army officer fired on the two fugitives after they attempted to force the convoy off the road. The convict who was driving ran the car off the road the two men were recaptured.

After escaping from the prison at Walla Walla yesterday morning, the two were chased from La Grande to Union, where they ran through a highway barricade and a barrage of gunfire laid down by officers, before going to Haines. Bullet holes were found in two of the cars stolen by the convicts but neither man was wounded.

Columbus Day Will Be Observed in Roseburg

Observance here Monday of Columbus day will result in a holiday for banks and county offices. All county offices will remain closed throughout the day, it was announced. Local business houses, however, exclusive of banks, will remain open.

Battered Nazis Alter Siege at Stalingrad

(Continued from page 1.)

listening-posts, all hinting that the battered siege armies would be withdrawn to a safe distance.

"The strategic objective at Stalingrad has already been achieved," one version declared. "It is no longer necessary to send German infantry and assault engineers into the battle... the finishing touches will now be entrusted to heavy artillery and Stukas."

Soviet dispatches pictured the city as an inferno of flame and smoke, but indicated that the nazis were still far from fulfilling Hitler's 10-day-old boast that the metropolis was doomed to surrender.

France Invaded. Other major developments: Western air war—A vast armada of U. S. army planes and allied fighters thundered across the English channel this morning and attacked the German-occupied French "invasion" coast and the industrial Lille region of northern France.

This blow came only 48 hours after the United States army command had warned French workers through a broadcast to move away from the vicinity of French war factories which were helping the Germans.

Nazi demands—Stockholm reports today said Adolf Hitler, impatient over Danish apathy toward the nazi cause, had asked King Christian's government to recruit at least 30,000 "volunteers" to fight on the soviet front.

Unconfirmed reports said Germany had also demanded that Denmark declare war on Russia, hand over all Danish merchant ships to the reich and increase her contribution of skilled labor and material to the nazi war effort.

German firingsquads were reported to have executed nine more Norwegians at Trondheim yesterday, making a three-day total of 34 put to death since nazi authorities decreed a state of civil siege in the Trondheim area Tuesday.

Invasion armor—thousands of Canadian soldiers were officially disclosed to have arrived in the British isles in another big con-

voys which crossed the Atlantic without incident for eventual service in an allied counter offensive.

All said the crossing was so quiet "you wouldn't know there was a war on."

NAZIS ANNOUNCE BRITISH PRISONERS FETTERED

BERLIN, (From German broadcasts), Oct. 9—(AP)—The Germans announced today that they had fettered 107 British officers and 1,269 non-commissioned officers yesterday, and threatened that if the British carry out their announced intention to take counter-measures against an equal number of Germans three times as many Britons would be manacled tomorrow.

The communique said chaplains, medical personnel and the wounded and sick had been exempted from the handcuffing.

LONDON, Oct. 9—(AP)—The Rome radio broadcast threats of reprisals today for alleged incidents in which groups of Italian prisoners were said to have been killed by allied troops.

"During enemy attacks on Tobruk," the broadcast said, "we found a document which stated that all Italians in a certain sector were to be killed. 'There was no discrimination. It was an order for the integral suppression of the enemy. Our more than legitimate reprisals have thus been rendered inevitable.'"

Allies Destroy 8 Jap Planes, Hit Five Ships

(Continued from page 1.)

enemy seaplanes and two bombers were shot down and four 4-engine flying boats were destroyed in the harbor. In addition, low-flying craft poured bullets into another cruiser and destroyer.

Concentrations of large numbers of enemy ships were sighted in the Shortland island area and it was considered likely they had helped supply and reinforce the Japanese detachments on American controlled Guadalcanal island 259 miles distant.

Meanwhile, on the basis of the navy's last report on the Guadalcanal operations, naval and military circles still expected the Japanese would attempt again to recapture the airbase taken by the marines more than two months ago.

Freeze of Farm Labor Urged on Draft Chief

(Continued from page 1.)

ing when the government must decide at what point the limit will be reached in building up the armed forces.

"Until we reach this limit," Nelson said, "it is a question of constant adjustment. Women are

coming into war industries and other new sources of manpower are being tapped but sometime we will reach the bottom of the barrel."

There is an "outside limit," he said, on how large an army can be equipped and supplied.

Specifically, the 15 senators asked General Hershey to direct all local selective service boards to defer for at least 90 days all men engaged in either dairy or livestock production on farms, "such deferment to be cancelled immediately and the men ordered to report for induction if they leave their farm production jobs."

In addition to Ball and Brown, the signers included Senators McNary (R-Ore.), Thomas (R-Idaho) and Burton (R-Idaho).

Douglas Metal Salvage Exceeds Expectations

(Continued from page 1.)

the county chairman states. It will be necessary in some cases to cut the metal with blow-torches while heavy cranes and trucks will be required to load and transport the scrap.

A huge turbine, half buried in sand in the South Umpqua river at the site of the old power plant near the suspension bridge to Umpqua park, is one piece of salvage now being studied by the committee. This turbine weighs several tons and some method of dragging it out of the riverbed is being sought. An effort also is to be made to salvage the span from a steel bridge which was washed out at Elkton several years ago. The steel has been washed up to the bank of the river, but considerable machinery and equipment will be necessary to get it in position where it can be reached for salvage.

Suggestions Offered.

"People residing in towns and on farms can be of great help in this drive if they will personally deliver to their respective scrap depots all the metal they can handle without help," Goff said. "Small items, and even pieces weighing up to 100 pounds, can be transported in cars and trucks. When farmers come to town they should load up all the metal they have room for. People living in town can bring a few pounds to the depot on every trip downtown. In this way the collectors can be relieved of a vast amount of work."

"Wherever owners have pieces of machinery or other metal too large to handle or transport, the community chairman should be notified. People in Roseburg

should report to the chamber of commerce."

Mr. Goff pointed out that persons delivering metal to the scrap depot located in Roseburg should use only the north half of the lot. The depot is located opposite the library building. Metal on the north side of the lot, he states, has not been sorted, while the pile on the south side represents the metal which has been sorted, weighed and sold.
