

### Joe Louis Isn't Quite Sure About Plan to Quit Ring

By ART EDSON  
KANSAS CITY, Oct. 13—(AP) The Joe Louis controversy—will he or won't he fight again?—has ended. Both sides are right, Sergeant Joe, on his way from Fort Riley, Kan., to Los Angeles for a two weeks furlough, diplomatically voted both yes and no while waiting for his plane.

He hasn't exactly retired. Still he doubts if he ever does any more heavyweight title-defending. (In Omaha Sunday Joe told David B. Kaufman of the Associated Press his fighting days were over. Later from New York came Promoter Mike Jacobs' cry that Joe had been misinterpreted).

"When I said in Omaha I wasn't going to fight again," Joe explained, "I meant I'd probably never have another chance."

"This war is my business now. Say it lasts two years, I'm in for the duration and six months after. That's a long time to be out of training."

Then he figured he was through with the ring for keeps? "It depends," Joe replied. "Maybe the competition won't amount to much. And it depends on how I feel. You can't tell what kind of shape I'll be in when this war is over."

Joe, now 28, reiterated what he said in Omaha, that he would be pretty old for fighting when the war is finished. "Layoffs sure don't help none," he pointed out.

"Longest I ever went without training was five months," he recalled. "Getting in shape after that, I regretted every mile of it."

On the other hand the army doesn't ruin one's condition as much as might be expected. "I got to feeling good quick while training for Conn," he declared.

And speaking of Conn, the boy whom Joe was to have fought until the army gave it the go, Louis doesn't think Billy's chances look too brilliant either.

"Probably be some youngster coming along who can beat every body," was the way he put it.

### Noted Authority On Japan Dated For Roseburg Talk

Professor I. J. Fisher, who for five years was a teacher of English on the faculty of the University of Tokyo and for 17 years served as a member of the faculty of the Japanese naval academy, will appear in Roseburg Friday, Oct. 16. Dr. Fisher will speak at the senior high school auditorium at 8 p. m. under the auspices of the Roseburg Rotary club, which is urging every Douglas county resident to hear the talk, if possible. The expenses of the speaker's trip to Roseburg is being paid by the Rotary club, so that admission to the program will be free.

Dr. Fisher, who now is employed in St. George's school in Vancouver, B. C., is a British subject, but is a graduate of Columbia university. He was one of the last Englishmen to leave Japan, departing on the very last Japanese ship bearing passengers to the United States.

Following his return to this country, he revealed to civilians the extent of Japanese war aims. So startling were the revelations made in his address at Seattle that he was immediately engaged by the Seattle Rotary club, which made arrangements through other clubs for his appearance in principal cities of the Pacific coast states.

Wherever he has gone his talk has attracted the greatest of in-

terest and comment. Members of the Roseburg club in July went to Marshfield, where they heard his address. Steps immediately were taken for his appearance here, but he was scheduled for many weeks ahead and is now coming here on the first available date. Members of the local club who have heard him speak declare that no person should miss the program.
