

Super Cargo Plane Plans Discussed

By Henry Kaiser

BOSTON, Oct. 30.—(AP)—Henry J. Kaiser, the world's fastest shipbuilder with a record of 10 days from keel laying to launching, said yesterday the biggest cargo airplane in existence would be ready for test flights in 18 months and that he believed "the government will go in for mass production of these ships."

Declaring in an interview that "genius is the bottleneck" in America's war effort, Kaiser asserted that "we could accomplish everything we wanted if those with inventive minds would really set themselves to work."

Discussing plans for the construction of three test air cargo planes, at least one of which would be twice as big as the 70-

German Saboteur Tells of Plot to Hit U. S. Industry

CHICAGO, Oct. 29.—(AP)—Ernest Peter Burger yesterday testified in federal court that he and seven other Nazi saboteurs landed in the United States from submarines last June had approximately \$153,000 in cash to finance their mission of destruction.

Burger, the first witness called in the government's prosecution of three middle-aged Chicago couples on charges of treason, said each one of the saboteurs was given \$5,000 in American currency of \$50 denominations and \$400 in smaller bills.

In addition, he related, the leaders of each of the two groups of four had an operating fund of between \$50,000 and \$60,000.

Burger is one of the two surviving members of the sabotage squad. Six were electrocuted at Washington, D. C., August 8, including Herbert Hans Haupt, 22. The brief and unsuccessful job done by young Haupt was the principal point to be developed in the proceedings here.

Those on trial were his parents, Mr. and Mrs. Hans Max Haupt; his uncle and aunt, Mr. and Mrs. Walter Froehling, and two friends of the family, Mr. and Mrs. Otto Richard Wergin.

The witness identified several uniform caps of Gray cloth, trimmed in yellow and bearing the Nazi swastika, which he said were worn by the saboteurs in their capacity as members of a German naval infantry. He also identified a money belt and three short-handled shovels which were introduced into evidence.

Pointing to one of the shovels, he said, "that's the one I used on Long Island after we landed on the shore of the United States."

The government has disclosed that explosives and other material was buried by the saboteurs.

Tells of Second Group.
What Burger described as "the second group," including young Haupt, left Lorient, France, on a submarine the day before his group departed and were landed on the Florida coast.

This group, in addition to Haupt, consisted of Werner Thiel and Herman Neubauer, and was led by John Kerling. All four were executed.

Burger told of the landing of his group on Long Island and how they split into pairs. He said that he and George John Daseh went to New York, where he was arrested by the FBI in a hotel room.

Previously, the witness had told how the Nazi plotters had planned to cripple American war industry—particularly aluminum plants.

Yoncalla

YONCALLA, Oct. 29.—Mrs. W. E. Satchwell of Silverton, Ore., spent several days here last week as the guest of Mrs. Gus Peret.

Mr. and Mrs. Captain Clarke and two granddaughters of Reedspoint spent the week-end visiting at the George Roberts home.

Mrs. Eunice Campbell of Portland spent the week-end visiting at the Leroy Hartley home. Her daughter, Cherry, and Miss Henry, who have been visiting at the Hartley home all summer, returned to Portland with her.

Mrs. Doris Mathis left Monday for Eugene where she will take a course in the vocational school in welding.

Mrs. Fred Booth and son, James, returned home from Hillsboro Saturday.

Mrs. Dyer spent Monday transacting business in Eugene.

Word has been received from California of the arrival of a daughter to Mr. and Mrs. James Wittmeyer, Mr. Wittmeyer, who is foreman in Lockheed aircraft plant, is a graduate of Yoncalla high school and is well known in this community.

Wibur

WILBUR, Oct. 29. Mr. and Mrs. Ed Houshell and family went to Portland Saturday on business.

Mr. and Mrs. Sidney Hellwell of Roseburg spent Friday evening, visiting at the home of Mrs. D. E. Sloan.

Mr. and Mrs. Melvin Palmer spent Sunday hunting in Elkton, and visiting the latter's parents, Mr. and Mrs. Roy Wells.

Mrs. Charles Santa was shopping in Roseburg Saturday.

Mrs. Virgil Smith and Mrs. Ralph Santa, who have been ill with the flu the past week are improving.

Mr. and Mrs. Jess Humphreys and daughters, Alice and Jessie, of Salem, arrived Saturday to visit relatives here and in Garden Valley.

Mrs. Irene McKiddie and daughter, Bonnie and Joyce, of Elkton were here over the week-end.

Mrs. Carrie Royal Mumford of Vancouver, Washington, the youngest daughter of Prof. Roy, who taught in the old Wibur academy about 70 years ago, and her daughter-in-law, Mrs. Edgar Royal Mumford, of McMinnville were here Saturday trying to

locate her old home and friends of her father.

Mrs. Ed Jenkins and baby daughter, Lillie Charlene, came home from Mersey hospital Sunday morning.

Mrs. Winchester and two daughters, Cora and Louisa, spent two days last week visiting Mrs. Winchester's mother in Eugene.

Gossip of the Gridiron

SEATTLE, Oct. 31.—(AP)—Washington's football eleven aimed today at an Oregon State jinx that has haunted the Husky grid-ders since 1937.

In the past five seasons, Washington has been able to win only once from the school that gained the national spotlight in the transplanted Rose Bowl last New Year's day.

It appeared likely before game time that both teams would count heavily on their heavy-hitting "momentum boys"—Fullback Neil Day of O. S. C. and ditto Nell Brooks of Washington. The experts were divided in their predictions of the winner.

BERKELEY, Calif., Oct. 31.—(AP)—Facing a heavier Oregon line, the University of California nevertheless goes into the annual Webfoot-Bear football game today much the favorite.

The Bears are able to field the same backfield as they used against the University of Washington, which includes speedy Jim Jurkovich, long idle as the result of injuries, at left half.

LOS ANGELES, Oct. 31.—(AP)—Stanford's Indians were the homecoming attraction for the Bruins of U. C. L. A. here this afternoon, and first place in the Pacific coast conference standing was at stake.

U. C. L. A., only team undefeated in conference play, was favored to win but Stanford, given little chance last week against U. S. C., nevertheless beat the Trojans 14 to 6, and with what is reckoned as the best line in California may fool the experts again.

SHORTCUT TO THIRST
MEMPHIS, Tenn.—(AP)—New way to beat the summer heat, and not be cursed with a burning thirst:

A Memphis delivery boy ties a juicy slice of watermelon to the handlebars of his bicycle and shunts while he works.

IT IS MORE THAN
PAPER AND INK
IT IS AN ART TO DO GOOD
PRINTING

Many things must be taken into consideration when a job is to be done to please you . . . our customers.

1. Choice of paper stock
2. Kind and size of type
3. Color of ink
4. Best display plan
5. Fast, automatic machinery

Then a continual checking of the job to be sure it is correct.

"MORE POWER TO YOU, PARTNERS!"

WE'LL keep things humming down here while you're fighting up there.

We'll see to it that there's plenty of electricity at every switch at the air field — and plenty of power for the production lines that are pouring out airplanes, tanks, guns, supplies and ships.

All that takes a lot of electric power—but we've got what it takes! We have far more power than all the Japanese—five times as much as we had in the last war!

American business management is producing seven-eighths of that tremendous flow of power. The same practical business management under public regulation that has increased electric service and decreased electric prices so much that the average American family today enjoys about twice as much electricity for the same amount of money it did only 10 to 15 years ago.

More power to you, partners! When this war is won, we'll be ready again with plenty of power to help build a better world!

California Oregon Power Company
