Title-Winning Indians Drill for Grants Pass

The Roseburg high school Indians, now unquestioned champions of the Tri-County high school football league, will finish off their training today with a light workout in preparation for the annual Armistice day game against Grants Pass. The game, which alternates between the two cities, will be played on the Grants Pass field and will bring together two strong southern Oregon teams. As the Indians and the Cavemen play in different circuits, the contest will have no bearing on the title now held by the Indians, who were left in undisputed possession of the championship when Lebanon was held to a tie last week by the Springfield Millers. Lebanon, which until last week, shared top place with the Indians, dropped to second place by virtue of the scoreless tie although still undefeated in league play. The Berrypickers play University high at Eugene Wednesday night. Coach Hod Turner, who had drilled the Indians in a new brand of open style offensive prior to the game with Cottage Grove, in which Roseburg romped to an easy victory to win the title, has been adding to the team's offensive bag of tricks, while at the same time strengthening defense, particularly against passes. It is expected that all members of the squad will be available for duty. The Grants Pass team, which won second place in the tough southern Oregon conference, is expected to be the hardest competition the Indians have faced this year. The Cavemen, however, will be without the services of Don Sauer, backfield star, who is out of the game with a knee injury suffered in the Klamath Falls game.

Doomed Slayer Loses Appeal on 4-to-3 Decision

SALEM, Ore., Nov. 10.—(AP)—William E. Wallace, Portland, should die in the state prison lethal gas chamber for the murder on August 8, 1941, of Benjamin H. Finkell, whom Wallace shot and killed on a downtown Portland street, the Oregon supreme court ruled today in a 4 to 3 decision. Wallace, a "capper" or agent for a Portland gambling establishment, shot Finkell, who was sitting in an automobile with his fiancée, because Finkell objected to Wallace's using profane language in the presence of the woman. Wallace's appeal was based on Circuit Judge Dobson's refusal to permit Wallace to introduce an insanity plea after the trial opened. The state, in its opening statement to the jury, made remarks tending to show that Wallace was insane. The defense immediately asked the court to permit the change to an insanity plea, but the court refused, a law providing that insanity pleas must be made before the trial opens. It was because of this law that
