ELDORA DeMOTS TO BE HONORED AT CAMP FIRE DINNER THURSDAY

Miss Eldora Demots, associate field secretary for Camp Fire Girls, Inc., will be in Roseburg Thursday and will be honored at a six-thirty dinner at the Hotel Umpqua that evening to be attended by Camp Fire Council members and Camp Fire Guardians.

"Winning the peace means good leadership of young people in wartime," declares Miss Eldora Demots, associated field secretary of the Camp Fire girls for the northwest district, who is on a constant lookout for outstanding leaders for the Camp Fire program. There are plenty of girls, Miss Demots emphasizes, ready to receive the benefits of Camp Fire, if adults will accept the responsibility and privilege of providing guidance.

"We cannot suspend our way of life while we go out to defend it," is the statement with which Miss Demots challenges adults to see the need of helping to train young girls. Busy as adults are, she says, every generation must accept the responsibility of pointing a way for the next generation. That leadership is more important than ever in this era of war, according to Miss Demots, if democracy is to survive.

"Camp Fire girls are learning to work together in their Service for Victory program," she points out. "They are learning that democracy depends on everyone's proudly shouldering her responsibility and cooperating with

others."

For the past four years Miss Demots has carried enthusiastic interpretation of the Camp Fire program into the northwestern states of Washington, Oregon, Montana, and Idaho. She combines a sparkling sense of humor with sincerity that has earned her the confidence of everyone she meets and works with, in extending the Camp Fire program.

There is never a chance to relive your early teen years, points out Miss Demots, so it is important that young girls today be shown a way of living as normal and happy as possible, combined with training toward responsible citizenship. She is particularly enthusiastic about the "America's Children" project on which Horizon club girls (senior Camp Fire girls) have been working during the past year. Planning through social agencies, the girls have been getting acquainted with physically handicapped children in their own community, learning what facilities are available for them, and how they can carry out a constructive program together.

"This sort of friendship leads to an understanding of community problems that the Camp Fire girls will carry with them into the days when they will be leaders themselves," says Miss Demots.

With a background of pioneer ancestry from the Netherlands, Miss Demots herself is a native of Minnesota. She took her B. A. degree at Fresno State college, California, where she majored in health, physical education and recreation. She was in charge of the health and physical education department of the Kern county high school and junior college in Bakersfield, Calif., before coming to the Camp Fire girls organization. A college course in group leadership first inspired Miss Demots' interest in the Camp Fire program. Later, when she began

Camas Valley

CAMAS VALLEY, Jan. 7. N. Standley, James Adamek, and "Suede" Merchan are working on a logging project at Lee, Coos county. They lately purchased the timber on a ranch belonging to Mr. and Mrs. Andrew Bestul of Calgary, Canada. Mr. and Mrs. Merchan have rented a house at Lee, Mr. and Mrs. Adamek and family are living in Myrtle Point.

The Frost tie mill has been moved to Reston and most of the employees have also gone there to work in the mill and timber.

A very good program was put on by the Sunday school Sunday morning following the Sunday school hour. The program was Christmas music and readings and the Christmas story from St. Luke. A table covered with green and white was arranged with small figures and buildings to represent the scene of the nativity. A treat of candy and fruit was given to the children.

Mr. and Mrs. John Wilson of Reston called at the T. G. Lawson home Sunday afternoon.

Mr. and Mrs. Eddie Mills, recently of Salem, stopped over night at the home of Mr. and Mrs. E. A. Markham the last of the week. They were on their way to their former home, Los Angeles, as Mr. Mills has been called from there to report for army service.

Mr. and Mrs. Wm. Bicknell went to Canyonville the first of the week for their daughter, Gloria, who will have two weeks vacation from school.

John Standley left the first of the week for Santa Monica to spend Christmas with his son and daughter-in-law. Mr. and Mrs. Lowell Standley.

The school students gave a Christmas program at the school house Thursday at one o'clock. A large number of parents and friends were present and enjoyed the program. The students of the several rooms had their Christmas trees and exchange of presents just before noon. Mr. and Mrs. C. C. Cook, Mrs. Alice Cummings and Miss Catherine Smith all left immediately after the program to spend the week end with relatives, as there was only one day, Friday, off for Christmas.

Tox-Examination, if taken in time, may forestall a surgical operation

Most eminent authorities contend that 90% of all chronic diseases are due, in most cases, to pollution of the blood stream via improper function of the colon, over-taxed kidneys, etc. In most cases a functional disorder causes constipation. To get at the bottom and basic cause of a large number of ailments that have heretofore resisted the best efforts of all branches of healing, I have installed the remarkable TOX-ELIMINATOR. This instrument has been used in other sections of the United States for some time with remarkable results prior to its introduction in the Pacific Northwest.

The Tox-Eliminator treatment, by removing the disease-producing materials at their foundation head, helps the body to stop further damage and rebuild the affected parts and restore them to normal. Causes of irritation and numerous infections are removed. The TOX-ELIMINATION treatment is pleasant and not embarrassing. It is leak-proof and odor-proof because the entire process takes place under water-tight and air-tight conditions. It has no disagreeable features whatsoever, nothing that might offend a person of the most fastidious taste and sensitiveness.

This Natural, Drugless Therapy Accomplishes the Following:

1. Cleanses the colon thoroughly and in a harmless manner.
2. Massages the bowel and gives necessary tone to tissues involved.
3. Its employment of oxygen destroys the anaerobic germs, which cannot live in this medium.
4. Purifies the blood stream; proved by microscopic examination after treatment.
5. Relieves rheumatism, arthritic and neuritic pain, often in one treatment.
6. Reduces hypertension or high blood pressure, thus easing the work of the heart and freeing its cells, and the brain from undue strain.
7. Indicates to patients what foods to avoid to insure maximum efficiency in digestion.
8. Lessens the burden thrown on the liver and kidneys.
9. Reestablishes a normal peristalsis, or natural muscular activity of the intestines.
10. Improves sinus and antrum complications in a few treatments.
11. Insures a good complexion by eliminating causes of poor complexion from the blood.
12. Assists in preventing the hardening of the arteries by minimizing the deposits of calcium and magnesium salts on arterial wall.

Tox-Eliminator Expert Here For This Health Week

We have engaged the services of this doctor for our Health Week. He is a member of the clinical staff of the Tox-Eliminator laboratory of Los Angeles, and is an expert in the manipulation of the Tox-Eliminator. This technician will assist in all procedures during the week.

As we can handle only a limited number of consultations and treatments per day, it is necessary that appointments be made in advance. We suggest that you make your appointment as early as possible, as all available consultation periods will be filled within a short time. TAKE ADVANTAGE TODAY OF THIS OPPORTUNITY OF GETTING AT THE BOTTOM OF YOUR TROUBLE! If it should be necessary to employ X-ray to assist in the diagnosis of your case, this service will be available at a nominal fee.
