JOIN Red Cross Notes

"Any Book You Really Want to Keep is a Good One to Give" is the spirit of the 1943 Victory Book campaign that is now in progress to gather interesting, enjoyable reading material for the boys in our fighting forces. This campaign is sponsored by the American Library association, the American Red Cross and the United States Service organizations. Mrs. Hilda Reizenstein, city librarian, will receive donations of books at the library from anyone desiring to give to this worthy cause.

The first aid classes are progressing nicely; two have recently been organized. Each is held at the Junior High school on Tuesday and Wednesday evenings each week.

The revised text book on home nursing in use in the classes conducted this year, contains a chapter on child delivery which was not in the old book. In order that everyone who had taken previous instruction in home nursing could take advantage of the things added to the new text book, "refresher" classes were held on Monday and Wednesday of this week, former instructors conducting the classes.

American Legion Auxiliary Activities

By Mrs. F. L. CRITTENDEN
For the benefit of the readers of this column, I am quoting a message with the National auxiliary president brings us: "It has been but a year since that peaceful Sunday when our radios exploded with the news of the attack at Pearl Harbor. Remember? We will always remember. Our answer was action."

Into America's achievements during this first year of war have gone the labors, the sacrifices, the heartaches of American womanhood. In this struggle for the life of the nation, there are many tasks for women and praise God, America's women are doing them with eagerness, with an intense determination which has not cooled since ignited by the flames of Pearl Harbor.

Women are giving their blood, giving their time and talents in the civilian defense services, learning to protect their homes from aerial bombings and their families from injury. Women are in line at war bond booths, working in canteens and clubs for servicemen staffing the campaigns for war funds and war materials. Women by the countless thousands are working in the vast defense industries. And women in uniform are serving with the fighting forces, carrying out difficult missions of mercy on the fighting fronts.

This is just a glimpse of American womanhood's answer to Pearl Harbor. All else that women are doing is as nothing compared with the personal sacrifices we all must face. We who experienced the last war know how heavy is the price of victory for the hearts which must bear the Gold Star of supreme sacrifice. Today we want them to know that our hearts are aching with them and that we honor their sacrifice above everything given by women for America.

The fires of Pearl Harbor still burn in our hearts. The dead of Pearl Harbor still live in our deeds. Pearl Harbor will be remembered always as the terrible alarm which sounded the dawn of a new day of hope for humanity. With God's help, we shall make it so. By Ruth H. Morhe, bar.

One by one the auxiliary members of this unit are being activated. Mrs. L. A. Phillips is at Longview, Calif. Mrs. A. G. Skelton and Mrs. Hattie Ellsworth are in Washington, D. C. and Mrs. T. G. Watson is in Los Angeles. These women are identifying themselves with their respective units and giving them their help.

One woman said, "I don't think this war pool is going to work out right. Everybody wants to ride in my car." "Dear, that's because you have a limousine, nobody wants to ride in my run-of-the-mill car."

Spends Day Here—Walter W. Rindbeck, of Helena, Mont., who is working in the development of the mink mine at Riddle, spent Thursday in this city attending to business.

DAILY DEVOTIONS

DR. CHARLES A. EDWARDS

Religion should do something for us. It should be a man-maker. Religion should do what the word of God says it will do, make us new creatures in Christ Jesus our Lord. Religion is not intended to make life an escape from its hardships, but to make us the kind of people who can turn difficulties into opportunities, stepping stones to larger visions of life. Religion makes us feel at home in the universe. When we rise from our prayers we know that we are not lost orphans in an alien world, but God is the guardian of our common life, religion gives meaning and purpose to life. In these days of broken promises and deferred hopes of war and world upheavels we all need most desperately the peace and ability which religion can give us. Even though the storms of an upside-down world rage around us, let us retain our peace and sanity—religion can help us here. If we will only remember that God is our refuge and strength, an every present help in trouble, therefore we need not fear what man can do to us. All these things contribute to the development of life. We are blind until we see, that in the human plan, nothing is worth the making if it does not make the man. Why build these cities glorious if man unbuilds goes. In vain we build a glorious world. Unless the builder grows. Amen.

Gasoline Ration Book tells you when to change your Motor Oil!

(REGARDLESS OF HOW MANY COUPONS YOU'VE HAD TO USE)

BEFORE THE WAR, the miles you drove told you when an oil change was due. And, because the miles piled up, your engine got a complete oil change up to 12 times a year!

But now the driving picture is different. Today's driving is for essential purposes—and you can't get a new car till the war is over. That means you can't take chances... particularly with hard-to-replace engine parts. They must get the best of lubrication!

But even the finest motor oil is exposed to impurities, dust, abrasives and other contaminants carried through the air. Even though your oil lies idle in the crankcase, partially burned fuel particles are constantly promoting oil deterioration.

And, with today's short trips and lower driving speeds, your engine doesn't get hot enough to vaporize the water formed by combustion and condensation. This water accumulates in the crankcase and further contaminates your oil.

So follow the safe, new oil change guide—your Gasoline Ration Book.

Every time you go to a new number have your Shell Dealer or Shell Service Station drain, flush and refill with Golden Shell Motor Oil. Chances are you won't have to add a drop between drains.

SHELL OIL COMPANY, Incorporated

At the same time, get another essential wartime service—Shell lubrication. Thorough, correct lubrication every time you go to a new number is important in making your car last for the duration. It includes:

1. COMPLETE LUBRICATION of all moving parts with fresh Shell Lubricants, safety inspection of the transmission and differential lubricant levels.
2. BATTERY CHECK—Especially important as reduced driving may allow strength of your battery to fall below normal.
3. COOLING SYSTEM CHECK—Inspection of fan belt, hose connections, oil filter condition and mileage.
4. SPARK PLUG CHECK—Notification if cleaning and adjusting are necessary—because dirty plugs can waste 10% of your gasoline.
5. TIRE CHECK—for nails, glass, cuts, etc. Air pressure correction, tires dressed. All supplementing regular inspections required by Government.
6. CLEANING of all windows and interior of car, polishing of chrome, inspection of all lights.
