LET'S PLAY THE GAME

Making a little go a long way is a fascinating game. Penney customers had been playing it long before it became a patriotic duty. Penney's has always helped people get what they need for what they have to spend.

Now in addition, you must make what you get last a long time, by repairing anything that can be kept in use.

Then, too, you must consider well before buying, going only to stores where you can depend on value and wearing quality. That's why Penney's is becoming the favorite of more and more thrifty Americans every day.
