GIVE + WAR FUND

By FLOSSIE VIRDEN

Tender care of our wounded and disabled soldiers and the maintenance of a high state of morale among our fighting men in all quarters of the globe, together with other services that only the Red Cross can render, had their day Friday, when the sum of \$281, representing the donations of the employed personnel of the Veterans administration to the American Red Cross, was officially turned over to Mrs. Ellen Post, executive secretary of the Douglas County chapter by the manager of the Veterans hospital. The collecting of the fund has been under way but a short time and it is indeed gratifying to every person connected with the actual work that the response has been completely whole hearted and that every employee of the hospital is represented on the roll of donors. Red Cross officials take great pleasure in joining with those actively in charge of the raising of the fund, in hearty thanks to everyone working for and contributing to the success of the campaign.
