2nd Shooting In 24 Hours Occurs At Army Air Base

SELFREDGE FIELD, Mich., May 7.—(AP)—A second shooting—the wounding of a civilian by a sentry—occurred at Selfridge today, less than 24 hours after the disclosure that the former commanding officer of this army air base had been arrested following the wounding of a Negro private.
 In Washington the house military committee ordered an investigation of the shooting of the private. It requires the war department to give it all available information on the case and authorized Rep. Shafer (R., Mich.) and a committee investigator to make a personal inquiry.
 Shafer told reporters "this matter smells to high heaven, and I mean to get to the bottom of it."
 Capt. Richard Ramey, public relations officer at the base, said today's shooting occurred at 4 a. m., when Private William Bridges, 23-year-old Negro from Montclair, N. J., fired a shot into the chest of a civilian who had ignored three challenges and three warning shots.
 The wounded civilian was identified as William H. Hasse, 54, whose last known address was Grand Rapids, Mich. His condition at the army base hospital here was reported as "fair."
 An official statement here said that Col. William T. Colman had

Transportation to Summer School Of 4-H'ers Assured

CORVAALIS, May 7.—(AP)—Elimination of transportation difficulty has cleared the way for the annual 4-H club summer school at Oregon State college June 1 to 11, H. C. Seymour, state club agent for the extension service, announced today.
 Authorization has been received from the Office of Defense Transportation to use school buses where necessary to supplement trains and regular buses.
 County club leaders are being instructed not to bring boys and girls who are urgently needed for work on the farm at that time. Arrangements are also being made so that if emergency labor conditions arise while a boy or girl is here, any club member may be returned home at once.
 The youngsters will be housed this year in Snell hall and in fraternities and sororities, as the men's dorm, usually used, is now occupied by soldier students, while Waldo hall is being reserved for possible future army use.

Juvenile Delinquency Increasing, Judge Says

Juvenile delinquency is on the increase in Douglas county, particularly in the city of Roseburg, County Judge D. N. Busenbark told members of the Roseburg Rotary club at the regular Thursday luncheon meeting of that organization. Broken homes, he stated, provide the principal cause for delinquency among children. He urged more rigid enforcement of curfew regulations.
 Earl Wiley, Ray Hampton and M. O. Ream were elected as directors of the club for the ensuing year. Holdover members of the board include Clyde Beard, Bill Adair and John Runyan.

This year, MOTHER'S DAY must share the lines with vital war calls

War calls come first. Day will occur. We will gladly do the best we can.
 Many people in other years have used Long Distance on Mother's Day. We fully understand their desire to do it again this year. But we want to explain the situation.
 War is on the Nation's Long Distance lines . . . and war does not step aside. The lines are carrying the heaviest volume of calls in history—vital war calls. They must come first. The lines must carry those calls on Mother's Day—Sunday, May 9—just as they carry them every day.
 More lines cannot be built—the materials are needed for war. That situation will continue, until Victory is won. So we must ask your assistance in using Long Distance only when it is absolutely necessary.
 We believe that many people would not make calls on Mother's Day this year if they realized that such calls might delay calls that help speed the building of guns and bombers and the launching of ships.
 Thank you for your help.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

THE OLD JUDGE SAYS . . .

"Quite a stack of newspapers I left you yesterday, Judge. Aren't you in the newspaper business, are you?"
 "No, I just enjoy reading different papers so my nephew George sends them to me whenever he takes a business trip. I got a big kick out of some he sent me from several counties where they still have prohibition. Particularly from some headlines that read 'Drunk Driving Arrests Rise'."
 "Bootleggers must post Ceiling Prices!"
 "Federal Agents seize 'Trick' Liquor Truck!"
 "Doesn't that go to prove, Joe, that prohibition does not prohibit?"
 "I watched conditions pretty carefully during our 13 years of prohibition in this country. The only thing I could see we got out of it was bootleg liquor instead of legal liquor . . . plus the worst crime and corruption this country has ever known."
