

### Five Citations Won by Soldier Now Visiting Here

Corporal Roy H. Long, 23 year-old son of Mr. and Mrs. W. H. Long of Umpqua, has arrived for a 10-day furlough. He is a grandson of Mr. and Mrs. W. Ford and a nephew of Mrs. B. R. Maddox and Mrs. A. Utne, of Roseburg.

Corporal Long has already received three citations and has earned two more, one of which is to be given directly to him by President Roosevelt. He has three stars representing his participation in battles at Midway, New Guinea and Guadalcanal, and he has earned his silver wings.

He is a flight surgeon of the 11th Army air force and while in New Guinea was in a plane crash, in which the entire crew was saved.

He attended school at Umpqua and was graduated from Sutherland high school.

### Campaign For War Relief Funds Studied at Salem

A financial campaign, tentatively set for October, to raise funds for war relief agencies and possibly for state welfare groups, was considered Wednesday at a state-wide meeting held in Salem. The drive will be under the direction of the National War Fund, Inc. Former Governor Charles A. Sprague is state chairman. Senator Tom Parkinson is Douglas county chairman.

Yesterday's meeting was attended by Senator Parkinson, D. E. Carr, James Mess and E. A. Britton, all members of the county committee. The committee will consist of representatives in all communities when organization is finally perfected, Parkinson reported.

A total of 212 agencies engaged in various forms of war relief made application for inclusion in the group, which finally was narrowed down to 19 organizations in the national set-up, it was reported. Various state welfare societies and agencies, usually supported through community chest drives, will probably be added to the group in Oregon, and a state-wide drive for funds will be organized with the returns to be divided equally. This method is designed to consolidate all welfare campaigns into one large drive, thus saving in manpower, and grouping contributions by donors into one period rather than a succession of events.

War bond quotas will be adjusted to meet the demands of the welfare drive.

### Fuel Oil Ration Rules Announced

Allotments for next fall's fuel oil ration to home owners will be made automatically through the mails by the ration boards when the regular application for a renewal of rations are processed in June. L. V. Hancock, Chairman of the Roseburg War Price and Rationing board, announced today.

This is how the adjustment will be made:  
1. Householders in the 33 fuel

oil ration states will fill out a single form sent them through the mail by their ration boards early in June. These application forms, properly filled out, will be mailed to the boards as soon as possible.

2. In processing the application, the board will review the household's last year's application now on file for information necessary to issue the new ration. The amount of any increase will be determined by a revised table to be furnished the boards by OPA.

Need for larger rations for many modest-sized homes was demonstrated, Mr. Hancock pointed out. A special nationwide analysis of more than 30,000 individual rations showed that the method of determining rations, geared to curtailments of approximately one-third of normal on the average, resulted in disproportionately large cuts for small homes.
