planes yesterday. "The deeply echeloned enemy defense system was broken through after stubborn fighting in wooded territory and in villages," the German bulletin said. Soviet Tactics Effective

The strength of Russian forces is so great, according to soviet dispatches, that even where the Germans succeed in penetrating soviet positions they have been unable to consolidate for long. Soviet counterattacks have served to throw the shock troops off balance.

The Russians declared flatly that Belgorod was the only area in which the Germans made any advances. In one action Russian infantrymen crouched in their trenches until 50 tanks had crossed and recrossed the earthworks in an effort to crush them and open the way for nazl riflemen to follow. Despite the hot dust and

stifling exhaust fumes, the red army men stayed put until the armored group considered that mission completed and moved on. Then the Russians sprang up and hurled grenades into the treads to immobilize the bulk of the enemy.

the unceasing storm of explosives and incendiaries. Nineteen times within 24 hours formations of allied planes were in the sky over Gerbini. Bombs fell in layers. They tore up runways on all of Gerbini's 10 air-dromes, smashed revestments and ploughed dispersal areas with explosive and fragmentation bombs.

The swarm of German and Italian defenders that rose to fight the Flying Fortresses three days ago was nowhere in sight, and except for some anti-aircraft fire yesterday's attackers worked unhindered.

than 45 minutes.

Naval Clash Recounted.

It was before dawn on July 5 that American warships made contact in the Kula gulf above the scene of the latest landing operations with a Japanese cruiser-destroyer force.

"The surprised enemy was struck swift and telling blows by the guns of our warships, today's communique said.

"In the first phase of the engagement, four or five hostile destroyers were struck by smashing broadsides that within five minutes destroyed or set afire the entire group," it related.

"Three or possibly four enemy light cruisers were then taken under fire. All were either sunk or afire within 15 minutes. One was beached."

Later while the cruiser Helena's survivors were being rescued, "our destroyers intercepted and sank two of three enemy ships attempting to escape from the gulf and damaged the third."

"The dispatch from Admiral Halsey's headquarters said American warships trapped a numerically superior enemy force in the narrow gulf at close range and forced him to fight."

Previously General MacArthur's headquarters had listed the enemy's Kula gulf losses as six ships probably sunk and four damaged.

12 More Jap Planes Bagged.

While American Corsair fighters were in the air yesterday patrolling above Rendova island, which were seized June 30, they encountered Japanese bombers

escorted by 58 Zeros. The resultant dogfights increased to approximately 190 the number of planes the enemy has expended trying to wrest mastery of the skies over the Central Solomons from the Americans.

Out of that latest force of raiders, the Corsairs shot down three bombers and nine Zeros at a cost of only one of their own. The communique today did not make clear whether the raiders succeeded in breaking through to their targets.

American planes got in some heavy blows. Above the Kula gulf on Kolombangara island, bombers blasted the Japanese air base area at Vila with 28 tons of bombs. Later other bombers expanded the attack.

Over the New Guinea jungle front, in addition to the aerial bombardment of Observation hill, allied planes bombed and strafed the Japanese at Bobdubi, within five miles of Salamaua, and raided the supply barge sector of Lae Lagoon above Salamaua, near Lae.

CHUNGKING, July 8—(AP)—Chinese troops have driven the Japanese from Mengting, a Burma-Yunnan province border town which the invaders occupied a week ago, and started them on a general retreat westward, a high command communique said today.

Chinese counterattack begun last Saturday.

"Those (Japanese) remaining are being rounded up, while retreating troops were waylaid and attacked by Chinese forces," the communique said.

Snell Asks Cooperation In Forest Protection

SALEM, Ore., July 8—(AP)—Governor Snell, in a radio address last night, said successful operation of the state's forestry protection program depends largely on public cooperation.

"The Oregon forestry conservation law is predicated on the theory that the best results are obtained by using a maximum of cooperation and a minimum of compulsion," he said.

Goebbels Takes Over Theaters in Germany

STOCKHOLM, July 8—(AP)—Berlin dispatches said today Propaganda Minister Goebbels had taken over the operation of all German theaters from private operators because of dissatisfaction.

OKAY, SO YOU CAN'T BE A WAAC

That doesn't mean you can't take over a man's job in the army. Think how many men it would take to staff all the observation posts and the filter center on their 24-hour basis. If you can't give your life to your country, is that any reason you can't give a few hours — hours spent guarding America so that her fighting men will not be caught off-guard?
