Guerrillas Swat Balkan Italians

CAIRO, July 21.—(AP)—A new wave of guerrilla fighting is reported here to have broken out in the Balkans, with patriot fighters taking full advantage of softened Italian morale to strike at occupation troops.

News from Yugoslavia told of severe fighting in Eastern and Central Bosnia between axis troops and Guerrilla forces of Josip Broz, the Montenegrin insurgent also known as "Tito." The latter's band was reported to have taken the offensive and to have captured a number of towns and villages from axis garrisons.

The renewal of resistance in Yugoslavia was reported to have been closely linked with the allied invasion of Sicily through close British military liaison with Gen. Mihailovic's guerrilla forces. According to well substantiated figures released here, nearly 250 axis supply trains passing over Croatian railroads had been attacked and destroyed since the spring of 1942.

PRODUCTION PLANS FOR '44

Details of Oregon's part in the 1944 production program just announced by the War Food administration are expected soon by the State USDA War board. In line with national requirements, it can be expected that Oregon farmers will be asked to increase plantings of dry peas, dry beans, wheat, potatoes and certain vegetables, with dry peas and beans getting priority over wheat in areas where those crops can be grown successfully. While continued high output of meat, milk and eggs will be needed, the 1944 livestock program will depend a great deal on feed yields from this year's crops.
