Vet Aid Measures By Angell Pending

WASHINGTON, Aug. 2.—(AP)—Rep. Angell (R-Ore.) is one of several members of congress who have pending bills which would aid in carrying out the president's recommendation that members of the armed forces be provided pay after the war is ended.

Angell introduced in the house on July 2 a bill to provide for continuing the pay of all persons serving in the armed forces for one year after conclusion of the war. His measure now before the military affairs committee provides that no person shall receive more than \$200 a month unless called for active service. It would place all members of the armed forces in the reserve forces subject to call and provides their pay shall continue for one year after their honorable discharge from the service.

Angell has taken keen interest in the welfare of members of the armed forces and veterans during his tenure in congress. He is now serving his third term and has pending other measures to aid members of the armed forces. One of these is a bill to increase the total disability pensions to Spanish-American war veterans and China relief expedition veterans to \$75 from \$60.

He also has pending a measure to authorize the providing of food for starving children in subjugated countries, and other measures to provide for a commission on taxation, to establish a fish cultural station on Sandy river in Oregon, to construct a national guard armory at Portland, and establish a national cemetery near Portland. He also has pending a measure to authorize the states and political subdivisions to tax property taken by the government for military purposes.

Another measure also in committee would extend present laws to provide veteran's rehabilitation to those serving in this war. Angell proposed in one resolution that the president and vice-president be elected for a six-year term instead of four years. Another resolution would authorize the postmaster general to issue a special commemorative stamp for the 100th anniversary of the founding of civil government in the west and the blazing of the Oregon trail.

What You Buy With WAR BONDS

Nazi Medicine

Nazi generals in the Battle of Africa discovered the devastating effect of our great 155-mm. gun mounted on fast moving tanks. We'll need gross upon gross of them in the Battle For Europe and you War Bond purchases will have to pay for them. They're worth every cent of the \$30,000 we pay for them.

Hitler remembers Warsaw; he remembers Rotterdam; he will not forget Dusseldorf and Cologne. Their destruction came from the air. It's time now for some horizontal firing. Figure it out yourself and increase your War Bond purchases.

Seattle Winning Streak Is Halted

(By the Associated Press)

The Seattle winning streak was spanned at eight games here yesterday as the Rainiers lost a nightcap ball game 3 to 2 to Oakland, after grabbing the opener, 3 to 1.

The loss kept Portland and the Rainiers deadlocked for third place as the Beavers split with Hollywood, winning the opener 3 to 1 and losing the second, 4 to 2. In the first game at Seattle the Rainiers rapped out two home runs in the opening inning to give Byron Speece all the lead he needed. Speece allowed but five hits.

The procedure was reversed in the seven-inning nightcap, with Oakland taking a two-run lead in the first when Johnny Vergez singled and Les Scarsella lashed out a double to bring them home. Ad Liska pitched the Beavers to victory in the first game at Portland. He gave up nine hits but it took Ken Richardson's four base blow to procure a run.

San Francisco took a double header from Sacramento, 5-2 and 14-10. The totals of the short second game showed that six pitchers gave up 27 hits. The San Diego Padres gained a split with Los Angeles, losing the first game 13 to 2 but coming back to win 8 to 1 in the second.

Tire Rationing and Inspection Extended

PORTLAND, Aug. 2.—(AP)—Truck tire rationing and inspection were placed under strict controls in Portland, Salem and Eugene today by the district Office of Price Administration. Director Richard G. Montgomery said the truck tire conservation program would be extended gradually to other cities. It provides for direct examination of truck tires by OPA examiners before rationing boards may issue certificates for replacements.

CROSS TRAFFIC
POINT OF ROCKS, Wyo.—A cow wandered onto the Union Pacific tracks.

A west-bound freight of 56 cars hit the cow, which rolled under the locomotive, derailing it and 27 cars. The derailed cars fell into the path of a 64-car east-bound freight.

The second train was unable to stop its locomotive and 23 cars toppled from the rails.
