UNITED FOR VICTORY

Announcing the Roseburg Victory Council

An organization of business and professional firms and individuals cooperatively sponsoring war-aid advertising in the belief that proper publicization of the war effort program will enable us all to cooperate more fully in bringing about the defeat of the common enemy.

THE UNITED STATES has been brought to its present industrial greatness through the power of advertising. Advertising has sold automobiles, refrigerators, radio sets, homes, home furnishings on a nation-wide scale, making possible mass production. Advertising has thereby made American homes equal in comfort to the palaces of kings. Advertising has made the people of the United States the best fed, best clothed, and best informed in the world. Because advertising has sold consumer goods it has made possible the gigantic industrial resource which is engaged in turning out the tools of war.

Advertising Is Ammunition

ADVERTISING can help win the war. It can bring you information of how you can best aid in the war effort. It can tell you what is being accomplished. It can explain and publicize fully new regulations and campaigns, of which, if you run afoul, ignorance will be no excuse. It can spur the sales of war bonds and stamps. It can help the home front reinforce the fighting front. To do this is the purpose of the Roseburg Victory Council.

This is the first of a series of advertisements to be sponsored by the Roseburg Victory Council. Those to come will relate strictly to the war effort. Douglas County has made an outstanding record in wartime service. It is our desire that we shall fail in nothing that will serve to speed the day of victory. To

that end we solicit your attention to the advertisements to follow. We urge your cooperation in the activities we will call to your attention from time to time. We are putting our advertising dollars to work for Uncle Sam. With your help we can do much to help lick the Axis.
