

### Nazi Spies Draw 30-Year Terms

NEW YORK, Sept. 28.—(AP)—Two former Staten island air raid wardens who pleaded guilty to charges of conspiracy to violate the wartime espionage act were sentenced today to 30 years imprisonment each by Judge Mortimer W. Byers in Brooklyn federal court.

Judge Byers told the two men, Ernest F. Lehmitz, 57, and Erwin H. de Spretter, 52, he thought they had "not told the truth to the government" and had "failed

to cooperate with the federal bureau of investigation" and that consequently he was imposing the longest prison terms prescribed by law for such offenses.

Federal agents testified at the trial that Lehmitz sent military information to Germany by means of invisible ink notes to persons in Spain and Portugal, and that de Spretter sold to Lehmitz some of the information transmitted.

During the past year about 2,500,000 Bibles or portions have been distributed to U. S. armed forces.

**HEALTH QUIZ**

YES NO

Do you have poor digestion?

Do you feel headachy after eating?

Do you get sour or upset easily?

Do you feel tired—listless?

Now everyone knows that to get the good out of the food you eat—you must digest it properly. But what most people don't know is that Nature must produce about two pints of the digestive juice—liver bile—each day to help digest your food. If Nature fails—your food may remain undigested—be sour and heavy in your digestive tract.

Thus, it is simple to see that one way to aid digestion is to increase the flow of liver bile. Now, Carter's Little Liver Pills start to increase this flow quickly for thousands—often in as little as thirty minutes. When bile flow increases, your digestion may improve. And, soon you're on the road to feeling better—which is what you're after.

Don't depend on artificial aids to counteract indigestion—when Carter's aid digestion after Nature's own order, when taken as directed. Get Carter's Little Liver Pills today—at any drugstore—only 25c. You will be glad you did.
